STROCO Manufacturing, Inc. 401(k) Plan
Hazelwood, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of STROCO Manufacturing, Inc. 401(k) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

STROCO Manufacturing, Inc. 401(K) Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A | DESCRIPTION OF PLAN

The following description of the STROCO Manufacturing, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General

The Plan was established on January 1, 2019 as a defined contribution plan covering all eligible and participating employees of STROCO Manufacturing, Inc. (Company). Employees become eligible to participate in elective deferrals, employer safe harbor matching contributions, and discretionary profit sharing contributions under the Plan upon reaching 18 years of age and completing 60 days of service. Participants enter the Plan on the first day of the month coinciding with or next following meeting the eligibility requirements of the Plan. Participants are eligible to share in the discretionary profit sharing contribution regardless of service completed during the Plan year or employment status on the last day of the Plan year. The age and service requirements are waived for any eligible employee employed on December 31, 2018. Any such eligible employees also entered the Plan on this date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended effective July 21, 2022 to terminate the Plan.

Contributions

Participants may contribute a percentage of their compensation on a pre-tax or after tax basis not to exceed applicable calendar year limits under Section 402(g)(1) of the Internal Revenue Code which was \$20,500 and \$19,500 for 2022 and 2021, respectively. Participants age 50 and older may elect an additional catch-up deferral of \$6,500 for 2022 and 2021.

The Company's Board of Directors approved an employer match of 100% of a participant's elective deferral up to 4% of the participant's eligible compensation for the Plan year ended December 31, 2022, and 2021 as a safe harbor contribution. There was no profit sharing contribution approved for 2022 or 2021.

The participant may also choose to roll funds into the Plan from another qualified plan. Participants direct contributions on their behalf into various investment options offered by the Plan. These options include various mutual funds and collective trusts held with Charles Schwab Trust Bank.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and administrative expenses. Allocations of Plan earnings are based on account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Plan Termination

In July 2022, the Board of Directors of the Company approved an amendment to the Plan which froze participation in and contributions to the Plan effective July 21, 2022. As a result, all assets of the Plan were distributed before the close of business on December 31, 2021.

Vesting

Participants are immediately vested in their contributions and any employer safe harbor matching contributions. All participants became 100% vested in the Company's discretionary profit sharing contribution when the Trustees terminated the Plan effective July 21, 2022. Prior to July 21, 2022, vesting in any Company discretionary profit sharing contributions was based on years of continuous service whereby a participant was 100% vested in this portion of his or her account after 6 years of credited service. A year of service for vesting purposes will be reached upon completion of 1,000 hours of service during a Plan year. A participant becomes 100% vested upon reaching normal retirement age or disability or death. Any non-vested balance is forfeited upon the earlier of a five-year break in service or upon distribution of a participant's vested balance.

Payment of Benefits

Retirement benefits are normally payable upon reaching age 65. Upon termination of service due to death, disability, retirement or other termination of employment, the participant or designated beneficiary will receive the value of the vested interest in his or her account in the form of a lump-sum payment, substantially equal installments, or partial withdrawal. If the amount is less than \$5,000, a lump sum distribution will be paid at the Company's discretion.

Forfeited Accounts

Forfeitures can be used to pay administrative expenses of the Plan or reduce Company contributions.

There were no unallocated forfeiture balances as of December 31, 2022 and 2021. No forfeitures were allocated to participants during 2022 and 2021.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting.

Valuation of Investments

Investments are recorded at fair value as provided by Charles Schwab Trust Bank. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal and most advantageous market for the asset or liability. See Note E for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

Payment of Benefits

Benefits are recorded at the time of payment to participants.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Plan Tax Status

The Plan sponsor adopted a volume submitter profit sharing plan document which obtained a favorable opinion letter dated June 20, 2020, in which the Internal Revenue Service (IRS) stated the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles (GAAP) requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Department of Labor or Internal Revenue Service. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 25, 2023, the date the financial statements were available to be issued.

NOTE C | INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

Charles Schwab Trust Bank has certified the completeness and accuracy of certain information used by management to prepare the financial statements and accompanying notes. Accordingly, this information was not audited.

NOTE D | RELATED PARTY TRANSACTIONS

Contract administrator fees and investment advisory fees are paid by the Plan. The Plan also incurs other expenses related to general administration and recordkeeping. Certain accounting and auditing fees related to the Plan are paid by the Plan sponsor. Expenses that are directly paid by the Plan Sponsor which are not reimbursed by the Plan are not included in these financial statements. Approximately \$8,436 and \$17,876 of administrative expenses were paid by the plan sponsor on behalf of the plan during 2022 and 2021, respectively. These transactions are party-in-interest transactions as defined by ERISA.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Charles Schwab Trust Bank, the Plan's custodian, is an affiliated entity of Charles Schwab, who managed certain Plan investment options. These transactions qualify as party-in-interest transactions.

NOTE E | FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

STROCO Manufacturing, Inc. 401(K) Plan
NOTES TO FINANCIAL STATEMENTS

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trust funds are valued based on NAV as a practical expedient. Therefore, the valuation of these funds are no longer categorized within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV as a practical expedient				-

NOTE F | RISKS AND UNCERTAINTIES

Included in investments was the following common collective trust fund representing approximately 0% and 23% of the total investments at December 31, 2022 and 2021, respectively. A significant decline in the market value of this investment would significantly affect the Plan's net assets available for benefits:
