Independent Auditors' Report

The Plan Administrator
Aquent LLC 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Aquent LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Aquent LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferral arrangement covering all employees of Aquent LLC (the “Employer”), except temporary hires, non-resident aliens, leased employees and any employee covered under a collective bargaining agreement, on the first day of the month following his or her employment (the “Participant”). Fidelity Management Trust Company (“Fidelity”), the trustee, provides recordkeeping services and serves as custodian for the Plan’s investments. The Employer is the Plan’s administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant directed.

Participant Contributions

Participants may contribute up to 75% of their annual eligible compensation to the Plan, up to certain limitations. The Plan also allows for Roth elective deferrals for all eligible participants. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Contributions

Employer Matching Contributions

Each year the Employer may make an Employer matching contribution at its discretion. For the year ended December 31, 2022, the Employer contributed 50% of the first 6% of eligible compensation that a staff or salaried consultant contributes to the Plan and 10% of the first 10% of eligible compensation for hourly talent. The match does not cover catch-up contributions. For the year ended December 31, 2022, the Employer matching contribution totaled \$3,822,158.

Employer Discretionary Contributions

The Employer may make discretionary contributions. A participant must complete at least 1,000 hours of service and be employed by the Employer on the last day of the Plan year to be eligible for the Employer discretionary contributions. Such contributions are allocated in the same proportion of each eligible participant’s compensation bears to total eligible participants’ compensation. For the Plan year ended December 31, 2022, there were no Employer discretionary profit sharing contributions made.

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Participants direct the investment of all contributions into various investment options offered by the Plan, which consists of shares in mutual funds and a self-directed brokerage. Each participant's account is credited with the Participant's contributions and allocations of the Employer's contributions and Plan earnings, and reduced by direct loan fees. Allocations are based on participant earnings, account balances or specific participant contributions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account. The Plan allocates amounts held in the revenue credit account after paying Plan expenses to participants based on participant balances.

Vesting

Participants are always fully vested in their deferral account, rollover account, Employer matching and Employer discretionary contributions, plus earnings thereon.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested amounts totaled \$65,902 and \$62,463, respectively. These amounts represent prior year over funding of Employer contributions (\$23,370 and \$20,530 as of December 31, 2022 and 2021, respectively) and uncashed stale distribution checks (\$42,532 and \$41,933 as of December 31, 2022 and 2021, respectively). The excess contribution amounts may be used to restore any accounts for re-hired employees, offset Plan expenses or reduce Employer contributions and the uncashed stale checks may be used to re-issue checks to former employees that were not initially located. No forfeitures were used to reduce 2022 Employer contribution requirements.

Payments of Benefits

In-service withdrawals from a participant's elective deferral account are permitted only due to financial hardship or upon reaching 59½. Hardship withdrawals may be taken from any account without respect to earnings. The amount of hardship distribution cannot exceed the amount to meet the immediate financial hardship. Upon termination of service, if a participant's account balance is greater than \$1,000, the participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. If the account balance is less than \$1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If a former participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, will distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Subject to approval by the Plan administrator, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance reduced by the highest outstanding loan balance in the prior twelve month period. A participant may only have two loans outstanding at a time. Loan terms are up to five years (or up to 10 years for the purchase of a primary residence). The loans are secured by the balance in the Participant's vested account and bear interest at an interest rate equal to the prime rate reported in the Wall Street Journal plus 1% at the day the loan is given. Principal and interest are paid ratably through payroll deductions.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by Fidelity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan administrator has evaluated subsequent events through July 26, 2023, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Information Certified by the Trustee and Custodian

Plan investments are held by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). Fidelity has certified to the fair value of investments as of December 31, 2022 and 2021 and investment transactions for the year ended December 31, 2022. Investment transactions include interest and dividend income and net depreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year), including participant loans (notes receivable from participants), has also been derived from information certified by Fidelity.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs other than quoted prices within Level I that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks, Mutual Funds, Exchange Traded Funds, and Cash Funds (Self-Directed Brokerage Account)

Valued at closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 5 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 7 - Tax Status

The Trust, established by the Plan to hold the Plan's assets, qualifies as tax-exempt under Internal Revenue Code Section 401(a). The most recent favorable determination letter from the Internal Revenue Service was received by the Plan, dated March 26, 2013. The Plan has been amended subsequent to this determination. Management believes the Plan's operations have been and intend to continue to be in accordance with all applicable provisions of the Internal Revenue Code and ERISA. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. During the Plan year ended December 31, 2022, \$430,706 of administrative expenses were incurred by the Plan to Fidelity. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

Independent Auditors' Report

The Plan Administrator
Aquent LLC 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Aquent LLC 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Aquent LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferral arrangement covering all employees of Aquent LLC (the “Employer”), except temporary hires, non-resident aliens, leased employees and any employee covered under a collective bargaining agreement, on the first day of the month following his or her employment (the “Participant”). Fidelity Management Trust Company (“Fidelity”), the trustee, provides recordkeeping services and serves as custodian for the Plan’s investments. The Employer is the Plan’s administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant directed.

Participant Contributions

Participants may contribute up to 75% of their annual eligible compensation to the Plan, up to certain limitations. The Plan also allows for Roth elective deferrals for all eligible participants. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Contributions

Employer Matching Contributions

Each year the Employer may make an Employer matching contribution at its discretion. For the year ended December 31, 2022, the Employer contributed 50% of the first 6% of eligible compensation that a staff or salaried consultant contributes to the Plan and 10% of the first 10% of eligible compensation for hourly talent. The match does not cover catch-up contributions. For the year ended December 31, 2022, the Employer matching contribution totaled \$3,822,158.

Employer Discretionary Contributions

The Employer may make discretionary contributions. A participant must complete at least 1,000 hours of service and be employed by the Employer on the last day of the Plan year to be eligible for the Employer discretionary contributions. Such contributions are allocated in the same proportion of each eligible participant’s compensation bears to total eligible participants’ compensation. For the Plan year ended December 31, 2022, there were no Employer discretionary profit sharing contributions made.

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Participants direct the investment of all contributions into various investment options offered by the Plan, which consists of shares in mutual funds and a self-directed brokerage. Each participant's account is credited with the Participant's contributions and allocations of the Employer's contributions and Plan earnings, and reduced by direct loan fees. Allocations are based on participant earnings, account balances or specific participant contributions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account. The Plan allocates amounts held in the revenue credit account after paying Plan expenses to participants based on participant balances.

Vesting

Participants are always fully vested in their deferral account, rollover account, Employer matching and Employer discretionary contributions, plus earnings thereon.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested amounts totaled \$65,902 and \$62,463, respectively. These amounts represent prior year over funding of Employer contributions (\$23,370 and \$20,530 as of December 31, 2022 and 2021, respectively) and uncashed stale distribution checks (\$42,532 and \$41,933 as of December 31, 2022 and 2021, respectively). The excess contribution amounts may be used to restore any accounts for re-hired employees, offset Plan expenses or reduce Employer contributions and the uncashed stale checks may be used to re-issue checks to former employees that were not initially located. No forfeitures were used to reduce 2022 Employer contribution requirements.

Payments of Benefits

In-service withdrawals from a participant's elective deferral account are permitted only due to financial hardship or upon reaching 59½. Hardship withdrawals may be taken from any account without respect to earnings. The amount of hardship distribution cannot exceed the amount to meet the immediate financial hardship. Upon termination of service, if a participant's account balance is greater than \$1,000, the participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. If the account balance is less than \$1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If a former participant's vested account is greater than \$1,000, but not more than \$5,000, the Plan administrator, after notification, will distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Subject to approval by the Plan administrator, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance reduced by the highest outstanding loan balance in the prior twelve month period. A participant may only have two loans outstanding at a time. Loan terms are up to five years (or up to 10 years for the purchase of a primary residence). The loans are secured by the balance in the Participant's vested account and bear interest at an interest rate equal to the prime rate reported in the Wall Street Journal plus 1% at the day the loan is given. Principal and interest are paid ratably through payroll deductions.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by Fidelity.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan administrator has evaluated subsequent events through July 26, 2023, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Information Certified by the Trustee and Custodian

Plan investments are held by the Plan's trustee and custodian, Fidelity Management Trust Company ("Fidelity"). Fidelity has certified to the fair value of investments as of December 31, 2022 and 2021 and investment transactions for the year ended December 31, 2022. Investment transactions include interest and dividend income and net depreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year), including participant loans (notes receivable from participants), has also been derived from information certified by Fidelity.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs other than quoted prices within Level I that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks, Mutual Funds, Exchange Traded Funds, and Cash Funds (Self-Directed Brokerage Account)

Valued at closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
Description	Level I	Level II	Level III	Total

AQUENT LLC 401(k) PLAN

Notes to Financial Statements

Note 5 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 7 - Tax Status

The Trust, established by the Plan to hold the Plan's assets, qualifies as tax-exempt under Internal Revenue Code Section 401(a). The most recent favorable determination letter from the Internal Revenue Service was received by the Plan, dated March 26, 2013. The Plan has been amended subsequent to this determination. Management believes the Plan's operations have been and intend to continue to be in accordance with all applicable provisions of the Internal Revenue Code and ERISA. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee and custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. During the Plan year ended December 31, 2022, \$430,706 of administrative expenses were incurred by the Plan to Fidelity. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.
