INDEPENDENT AUDITOR'S REPORT

May 1, 2023

Board of Trustees
West-Mark Retirement Plan
Ceres, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of West-Mark Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Principal Life Insurance Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures,

including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

WEST-MARK RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 Plan Description

The following description of the West-Mark Retirement Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering all common law employees of Certified Stainless Services, Inc. dba West-Mark (the Company), who are 18 years of age and completed 3 months of service and who are not members of a collective bargaining unit or non-resident aliens. Employees can enter the Plan once they have met all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During the year ended December 31, 2021, the Plan was restated to change the name of the Plan from Certified Stainless Services, Inc. dba West-Mark 401(k) and Employee Stock Ownership Plan to the West-Mark Retirement Plan and to eliminate the language and reference to the employee stock ownership plan. In January 2021, the employee stock ownership plan portion was completely diversified and converted to the 401k portion of the Plan based on the fair market value of the stock shares as of December 31, 2020. The plan was restated effective February 18, 2022 to meet the requirements as listed in Internal Revenue Service (IRS) Notice 2017-37 as required in IRS Revenue Procedure 2016-37. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions Eligible employees of the Company may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may elect to make discretionary matching and qualified nonelective contributions that are not to exceed limits as defined by Internal Revenue Code.

Participant Accounts Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) plan earnings, and are charged with an allocation of administrative expenses, and (c) any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. An individual may not have more than three loans outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest ranging from 5.25% to 9.50%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account or rollover to another qualified plan. A participant may elect a hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

WEST-MARK RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 Plan Description (Continued)

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices offered by Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Principal Life Insurance Company. Participants may change their investment options through written request through the Company or via the internet.

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation in fair value of investments.

Vesting Participants are immediately 100% vested in their elective deferrals, rollover contributions, and prevailing wage contributions. Participants are 100% vested in the Company discretionary, after six years of credited service (20% per year after two years of credited service). A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeitures At December 31, 2022 and 2021, forfeited non-fully vested accounts totaled \$28,375 and \$1,154, respectively. The Plan has elected to allocate these forfeitures to reduce plan administration fees. During the year ended December 31, 2022, the Plan allocated \$1,106 of forfeitures to offset administrative expenses.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments in Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Principal Life Insurance Company are made in accordance with a group annuity contract, which represent participation units in the insurance company's mutual funds, pooled separate accounts, and common collective trusts.

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, or trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 2 Summary of Accounting Policies (Continued)

Excess Contributions Payable Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in accordance with plan provisions.

Terminated Vested Benefits The Plan records benefits when paid. Total vested benefits due to terminated and retired participants but not paid was \$1,466,736 as of December 31, 2022.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through May 1, 2023, the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2022</u>	<u>2021</u>
Pooled separate accounts	\$ 809	\$ 22,447
Mutual fund	625	2,168
Common collective trusts	8,436,072	10,914,571
Guaranteed investment contract	1,807,214	1,735,991
Notes receivable from participants	510,371	418,717

The custodians also certified to the completeness and accuracy of \$1,664,812 of net depreciation in fair value and \$27,201 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4 Non-Participant-Directed Investments

During the year ended December 31, 2021, the employee stock ownership plan portion was completely diversified and converted to the 401k portion of the Plan. As a result, the remaining net assets of the Plan are all participant directed. The following is the net assets and the significant components of the changes in net assets relating to the non-participant-directed investments:

Sponsor company common stock at December 31, 2020	\$ 2,704,982
Diversification of sponsor company stock to 401(k) portion of the Plan	<u>(2,704,982)</u>
Sponsor company common stock at December 31, 2021	<u>\$ -</u>

Note 5 Transactions with Parties-In-Interest

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer association, or relatives of such person. The Plan held common stock of the Company; therefore, this constitutes a party-in-interest transaction. Delaware Charter Guarantee and Trust Company dba Principal Trust Company and Principal Life Insurance Company, the Plan's custodians, Paylocity, the Plan's payroll service provider, Atherton & Associates, LLP, the Plan's auditor, and Kornerstone, Inc., the Plan's financial advisor, are all considered parties-in-interest according to Section 3(14) of ERISA.

Note 6 Income Tax Status

The Plan adopted a pre-approved prototype non-standardized profit sharing plan, which has received an opinion letter from the Internal Revenue Service dated June 30, 2020 as to the pre-approved volume submitter profit sharing plan's qualified status. The pre-approved prototype non-standardized profit sharing plan opinion letter has been relied upon by this Plan. Therefore the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

Note 9 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS

Note 9 Fair Value Measurements (Continued)

Pooled separate account: Primarily valued daily at NAV per share. The NAV is based on the fair value of the total value of all the securities in each fund's portfolio less any liabilities.

Common collective trusts: Consists of investments in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trust and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs. The fair value of all these investments are used in determining the NAV of the common collective trust, which is not publicly quoted but is available to current investors. The NAV is the basis for current transactions and the common collective trust can be redeemed at NAV as of the measurement date. Since common collective trusts are valued similarly to mutual funds, these investments are considered to have readily determinable fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 10 Fully Benefit-Responsive Investment Contracts

The Plan invests in the Principal Fixed Income Guaranteed Option (PFIGO), a guaranteed investment contract. The PFIGO is a fully benefit responsive contract entered into with Delaware Charter Guarantee and Trust Company dba Principal Trust Company (PTC). PTC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

WEST-MARK RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 10 Fully Benefit-Responsive Investment Contracts (Continued)

The PFIGO is valued at contract value for presentation in the Plan's net assets available for benefits. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit responsive investment contracts, because contract value is that amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The interest crediting rate is determined on a semiannual basis and is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and redemptions by unit holders.

The contract has a surrender fee should the Plan discontinue without proper notification as prescribed in the contract. Currently, Plan management believes that the occurrence of an event that would cause the Plan to transact at less than contract value is not probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 11 Reconciliation of Financial Statements to Internal Revenue Service Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500:
