INDEPENDENT AUDITOR'S REPORT

Board of Trustees
LIUNA National 401(k) Retirement Savings Plan

Opinion

We have audited the accompanying financial statements of the LIUNA National 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions are presented for purposes of additional analysis and is not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of administrative expenses are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

LIUNA NATIONAL 401(K) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the LIUNA National 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution/profit-sharing plan. The Plan covers employees of participating employers other than those employees who are covered by a collective bargaining agreement. Participating employers are the Laborer's International Union of North America (LIUNA), which is also the Plan sponsor, the Local Unions, District Councils, and any other organization affiliated with or sponsored by LIUNA that adopts the Plan and Trust and that is accepted into participation in the Plan and Trust by the Board of Trustees (Trustees). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Eligible participants may become active in the Plan by electing to make a pretax contribution to the Plan of up to 75% of their annual salary if they are a non-highly compensated employee, or up to 6% if they are a highly compensated employee. Annual participant contributions cannot exceed the maximum permitted by the Internal Revenue Service (IRS). Annual salary is defined as the amount of wages, salaries, bonuses, and other amounts received by the participant in cash for the personal services actually rendered in the course of employment with an employer. Employees are considered eligible once they have attained the age of 18. Participating employers of the Plan can make discretionary matching contributions to the Plan of up to 5% of the participating employees' annual salaries. Additionally, an employer may make an annual election to use the "safe harbor" provisions in accordance with the Internal Revenue Code (IRC).

Vesting - All participants are 100% vested in their elective contributions of their participant-directed investment accounts. In addition, matching contributions may be fully or partially vested depending on the amounts of contributions and the participants years of service.

Investment Options - Participant contributions and the employer matching contributions are invested as directed by each participant in one or more of the available investment options. Each account maintained by the insurance company invests primarily in certain publicly traded mutual funds. Poor investment performance of the investment account selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants - The maximum loan allowed under the Plan is an amount equal to the lesser of 50% of the participant's account balance or \$50,000, with a minimum loan of \$1,000. Interest rates applied on loans are equivalent to like amounts on the open market. Loan balances must be repaid in full within 5 years of the date of inception with certain exceptions. Loans are secured by the remaining balance in the participant's account.

Distributions - Distributions are made upon termination of employment, financial hardship, permanent disability, retirement, or death, as provided for under the Plan agreement.

Participant Accounts - Each participant account is credited with the participant's contributions and employer matching contributions, if any, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participant fee allocations are based on participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Unallocated Accounts - Unallocated amounts, which are included in the various investment accounts, held by the Plan as of December 31, 2022 and 2021 were \$39,377 and \$29,108, respectively. Forfeited amounts included in unallocated accounts are used to reduce employer matching contributions to the Plan and to pay Plan expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the accrual method of accounting. Under this basis of accounting, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are reported at fair values (except for fully benefit-responsive investment contracts, which are reported at contract values). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by its investment advisers and custodians.

Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit responsive contracts are valued at contract value. The Plan's guaranteed investment account with New York Life Insurance Company is valued at contract value.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (continued)

Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to purchase annuities and pay administration expenses charged by Prudential. Contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Plan Administrator - The Plan is maintained under a trust agreement, effective October 1, 2008. The Trust is maintained by John Hancock Trust Company LLC (previously New York Life Trust Company), which has custody of the assets of the Plan and makes payments to participants at the direction of the Plan sponsor.

Estimates - The presentation of financial statements in conformity with the U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements including benefit obligations. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Reclassifications - Some items may have been reclassified from prior years financial statements for comparability purposes.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Board of Trustees (Trustees) to continue the Plan in full force and effect. However, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants. In the event the Plan is terminated, the net assets of the Trust will be allocated as prescribed in the Plan document.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include other significant observable inputs including:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual funds: Valued at closing prices on the last business day of each period. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 112,857,547	\$ 112,857,547	\$ -	\$ -
Investments measured at NAV*	64,069			
Investments at fair value	<u>\$ 112,921,616</u>			

Description	Assets at Fair Value as of December 31, 2021			
	Total	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 135,139,523</u>	<u>\$ 135,139,523</u>	\$ -	\$ -

*In accordance with Accounting Standards Codification (ASC), investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments that Calculate NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022.

Description	2022 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common collective trusts	<u>\$ 64,069</u>	<u>\$ -</u>	Daily	1 day - 30 days

Common collective trusts: The Plan's investment in the common collective trust category is comprised of a single investment, the AFL-CIO Housing Investment Trust Daily Valued Fund (HIT-DVF). The HIT-DVF portfolio consists primarily of investment in the AFL-CIO Housing Investment Trust, with a smaller portion invested in a Blackrock Aggregate index fund to facilitate daily liquidity required by many defined contribution plans and is valued at the NAV as calculated by the trust sponsor and has daily liquidity.

NOTE 5. TAX STATUS

The Plan obtained its latest determination letter dated November 15, 2015, in which the IRS stated that the Plan was a qualified plan under the provisions of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 5. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6. ADMINISTRATIVE EXPENSES AND RELATED PARTY TRANSACTION

The Plan shares certain administrative expenses with the LIUNA Staff and Affiliates Pension Fund. These expenses are paid by the LIUNA Staff and Affiliates Pension Fund. A pro-rata portion of the expenses are allocated to the Plan and reimbursed to the LIUNA Staff and Affiliates Pension Fund. For the years ended December 31, 2022 and 2021, the expenses allocated to the Plan were \$167,063 and \$160,802, respectively, which were reimbursed in the subsequent period. The Plan and the LIUNA Staff and Affiliates Pension Fund share common trustees. At December 31, 2022 and 2021, the Plan owed the LIUNA Staff and Affiliates Pension Fund \$173,184 and \$164,762, respectively.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the values of investment securities could be different at the reporting date and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. GUARANTEED INTEREST ACCOUNT

The Plan, through John Hancock Trust Company LLC, participates in a fully benefit-responsive guaranteed interest account with New York Life Insurance Company, which maintains the contributions in a general account. The New York Life Insurance Company guaranteed interest account is made available to the Plan through a group annuity contract. Contributions to the guaranteed interest account are currently invested in a broadly diversified fixed income portfolio within New York Life Insurance Company's general account. New York Life Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. New York Life Insurance Company issues the guaranteed interest account group annuity contract and guarantees the return of principal plus accrued interest.

Interest is accrued daily and credited monthly to the guaranteed interest account and reflects the crediting rate declared in advance and guaranteed by New York Life Insurance Company. Because the guaranteed interest account is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets

NOTE 8. GUARANTEED INTEREST ACCOUNT (CONTINUED)

available for benefits attributable to the guaranteed investment contract. The guaranteed interest account is presented on the face of the statements of net assets available for benefits at contract value that approximates fair value. Contract value, as reported to the Plan by New York Life Insurance Company, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2022 and 2021 was \$20,377,249 and \$20,131,309, respectively. The crediting rate is subject to a minimum rate provision but may never fall below 1% after deduction for any expenses. Such interest rates may not be reset more frequently than semi-annually after the first contract year.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan documents including complete or partial plan termination or merger with another plan, changes to the Plan's prohibition on competing investment options, bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the plan or the failure of the trust to qualify for exemption from the federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of the issuer. The Plan's administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 29, 2023, which is the date the financial statements were available to be issued. This review and evaluation revealed no material event or transaction which would require an adjustment to or disclosure in the accompanying financial statements.
