Report of Independent Auditors

The Trustees of
Hunter-Davisson, Inc. 401(k) Trust

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hunter-Davisson, Inc. 401(k) Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hunter-Davisson, Inc. 401(k) Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hunter-Davisson, Inc. 401(k) Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hunter-Davisson, Inc. 401(k) Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hunter-Davisson, Inc. 401(k) Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hunter-Davisson, Inc 401(k) Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PLAN #002

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2022

DESCRIPTION OF THE PLAN

The following description of the Hunter-Davisson, Inc. 401(k) Trust (the Plan) provides only general information. Participants should refer to the Non-Standardized Defined Contribution Pre-Approved plan document and Adoption Agreement for a more complete description of the Plan.

General

The Plan adopted the current Volume Submitter 401(k) Profit Sharing Plan effective January 1, 1997. This Plan was most recently amended and restated January 1, 2022 to bring the plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37. The purpose of the Plan is to provide retirement benefits to the employees of Hunter-Davisson, Inc. (the Employer). The Plan is administered by the Plan Administrator which is appointed by the Employer's management. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees become eligible to participate in the Plan on the first of the month after turning 18 years of age and completing one month of service. An employee is credited for a month of service in any month for which the employee completed at least one hour of service.

Participant Accounts

Separate account balances are maintained for individual participants and are available for distribution upon retirement, death, disability or termination. Plan investments are directed by the participants who are allowed to invest in any of the investment options offered. Terminated employees' forfeitures may be used to reduce the amount of employer contributions, allocated to participants or to offset plan expenses. For the year ended December 31, 2022, no forfeitures were used to reduce employer contributions.

Contributions and Vesting

Each year, employees may contribute a percentage of their annual compensation, as defined in the Plan, as long as they do not exceed the maximum statutory limit. Employees may make pre-tax elective deferrals or after-tax Roth elective deferrals. Employees may also make rollover contributions to the Plan from another qualified plan. Eligible employees are allowed to make catch-up contributions up to the amount allowed by law.

The Employer may make discretionary matching contributions in an amount which is the lesser of 50% on the first 6% of the participant's compensation which is deferred as an elective deferral and 50% of the total elective deferral. Participants must be employed on the last day of the plan year to receive a matching allocation. The Employer made a matching contribution totaling \$273,890 for the Plan year ended December 31, 2022.

Additionally, the Employer may make a discretionary non-elective contribution. No additional contributions were made by the Employer in the Plan year ended December 31, 2022.

Contributions are subject to regulatory limitations.

PLAN #002

NOTES TO FINANCIAL STATEMENTS (Continued)

YEAR ENDED DECEMBER 31, 2022

DESCRIPTION OF THE PLAN (Continued)

Contributions and Vesting (Continued)

Participants are immediately vested in their elective contributions plus actual earnings on those contributions. Vesting in the Plan's employer matching contributions, additional discretionary contributions, plus earnings thereon, is based on years of continuous service.

The vesting percentage for the Employer's matching and discretionary contributions plus earnings thereon is as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	- %
2	20
3	40
4	60
5	80
6	100

Also, upon termination of employment due to death or disability or attainment of normal retirement age, an employee becomes 100% vested as defined by the Plan.

Notes Receivable from Participants

Participants may borrow against their vested account balance. The minimum loan is \$1,000 and the maximum is the lesser of \$50,000 or 50% of the vested interest in their benefits. A participant may have a maximum of two loans outstanding at any time. The loan receivable is treated as a segregated portion of the participant's account balance and interest earned on the note is allocated to the participant. Loans shall be repaid in equal installments of principal and interest over a period that does not exceed five years unless the purpose of the loan is to purchase the principal residence of the participant in which case the repayment period shall not exceed thirty years. The loans are secured by the participant's vested account balances and other assets of the participant, if necessary. The loans bear interest at a rate commensurate with interest charged on similar commercial loans by persons or institutions in the business of lending money in the same geographic area as the Employer. Interest rates on outstanding loans range from 4.25 to 7.25% and maturing through August 2041. Principal and interest payments are made through payroll deductions.

Payment of Benefits

On termination of service, as defined in the Plan, a participant may elect to receive an amount equal to the participant's vested interest in his or her benefits in either a lump sum payment, or paid as a direct rollover to an individual retirement account or individual retirement annuity (an "IRA") or to another employer's tax qualified plan. If any portion of the participant's vested benefit is attributable to Roth elective deferrals or Roth rollover contributions, that portion may only be rolled over to a Roth IRA or to a 401(k) Plan that provides for Roth contributions.

YEAR ENDED DECEMBER 31, 2022

DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (Continued)

Upon termination, vested account balances less than \$1,000 will be automatically distributed without participant consent.

Financial hardship withdrawal benefits are also allowed as detailed in the Plan. The Plan requires direct payment by individual participants of fees for certain types of voluntary transactions.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies are valued at quoted market prices. Shares of the stable value fund are valued based on contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net appreciation or net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits

Benefits are recorded when paid.

Payment of Expenses

The Plan pays substantially all participant administrative expenses of the Plan. The Employer pays for certain professional fees for administration of the Plan.

NOTES TO FINANCIAL STATEMENTS (Continued)

YEAR ENDED DECEMBER 31, 2022

INFORMATION CERTIFIED AND PROVIDED BY CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of the following:

- Investments reflected on the accompanying statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Net appreciation/depreciation in fair value of investments, interest on investments at contract value, and interest and dividends reflected on the accompanying statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year), except for notes receivable from participants.

FAIR VALUE MEASUREMENT

The Plan follows Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) Topic *Fair Value Measurement*. This Topic establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under this Topic are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within level 1 that are unobservable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS (Continued)

YEAR ENDED DECEMBER 31, 2022

FAIR VALUE MEASUREMENT (Continued)

Level 3: Inputs to the valuation methodology are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds) - Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value or estimated fair value. There were no significant transfers between levels.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 12,118,463	\$ -	\$ -	\$ 12,118,463

NOTES TO FINANCIAL STATEMENTS (Continued)

YEAR ENDED DECEMBER 31, 2022

INVESTMENT AT CONTRACT VALUE

Plan investments include a fully benefit-responsive investment contract (FBRIC) Standard Stable Asset A fund with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The contract meets the FBRIC criteria and is therefore reported at contract value which approximates fair value. Contract value is the relevant measure for FBRICs because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value is guaranteed by the full faith and credit of Standard; there are no wrap contracts supporting the liquidity of the fund. The fund is neither a mutual fund nor a bank product. Standard's obligations are not insured by FDIC or any other federal government agency.

Crediting rates for the Plan's Stable Asset A fund are set by Standard using a process similar to that used by banks of other insurance companies for similar products. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00% annually. The crediting rate is reviewed on a quarterly basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value. Such events include the following: termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of the plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer that would also limit the ability of the Plan to transact at contract value with the participants.

The FBRIC does not permit Standard to terminate the agreement prior to the scheduled maturity date without 30 days advance written notice to the contract owner for reasonable cause. However, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time.

RISKS AND UNCERTAINTIES

The Plan provides for investment options in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

PLAN #002

NOTES TO FINANCIAL STATEMENTS (Continued)

YEAR ENDED DECEMBER 31, 2022

PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to amend or modify the Plan, discontinue contributions or terminate the Plan at any time. In the event of Plan termination, assets are to be allocated proportionately to participants based upon each individual's account balance and become fully vested.

INCOME TAX STATUS

The Internal Revenue Service has determined and informed the volume submitter that the non-standardized defined contribution pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) in its latest opinion letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Plan management has also considered the FASB ASC Topic *Income Taxes* and believes the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The tax years that remain open for examination by the appropriate taxing authorities for the Plan as of December 31, 2022 are 2019, 2020 and 2021, generally three years from the date the return was filed.

PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan assets are invested in shares of guaranteed investment contracts which are managed by the Standard. Standard Retirement Services was the third party administrator as of and for the year ended December 31, 2022; therefore, these transactions qualify as exempt party-in-interest transactions.

Notes receivable from participants also qualify as exempt party-in-interest transactions.

Certain professional fees for the administration of the Plan were paid by the Employer on behalf of the Plan in the amount of approximately \$27,000 for the year ended December 31, 2022.
