Baader North America Corporation
401(k) Retirement Plan
Kansas City, Kansas

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Baader North America Corporation 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Baader North America Corporation 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Baader North America Corporation 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baader North America Corporation 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baader North America Corporation 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baader North America Corporation 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at year end as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAADER NORTH AMERICA CORPORATION

401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

1. General Information

Description Of The Plan

The following description of the Baader North America Corporation 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the employees of Baader North America Corporation (the Company or Plan Sponsor). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees of the Company are eligible to participate in deferral and matching contributions upon attaining the age of 18 and completing 6 months of service.

Contributions

Unless otherwise elected, employees are subject to automatic enrollment in the Plan at a salary deferral rate of 5% of eligible compensation, with an automatic-escalation feature that increases contributions in 1% increments annually up to 8%, unless otherwise elected. Effective February 17, 2022, the automatic-escalation limit was increased from 8% to 10%.

Each year, participants may contribute up to 85% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan also allows participants to make Roth elective contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company makes matching contributions equal to 100% of the first 1% and 55% of the next 7% of employee deferrals.

BAADER NORTH AMERICA CORPORATION
401(K) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Also, at year end, the Company may elect to make a discretionary profit-sharing contribution to the Plan. For the Plan years ended December 31, 2022 and 2021, the Company made no discretionary profit-sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company matching contributions and an allocation of (a) the Company discretionary profit-sharing contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investments

Participants direct their deferral and Company contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year.

Vesting

Participants are immediately vested in their deferral contributions, the Company match, and related investment earnings. Vesting in the Company's profit-sharing contributions and earnings thereon is based on years of continuous service. Participants vest 20% each year after the first year of service and are fully vested after 5 years of continuous service. Participants are also 100% vested when they reach the age of 65 (normal retirement age), when they become totally disabled or upon death.

Forfeitures

Forfeited nonvested account balances are either used to pay administrative expenses, reduce Company contributions, or allocated to other Plan participants, as defined by the Plan. During the years ended December 31, 2022 and 2021, no forfeitures were available or used by the Company.

BAADER NORTH AMERICA CORPORATION
401(K) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The term of the loans cannot exceed five years, except for a loan that is used to acquire a principal residence. The loans must be adequately secured by the participant's vested account balance and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Payment Of Benefits

Upon the participant's death, retirement or separation from service, the participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account, or through annuity options, as defined by the Plan. On termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or the beneficiary may withdraw the participant's balance as a single-sum payment.

In-service distributions may be made to a participant who has not separated from service provided the participant has attained the age of 59½.

Participant Hardship Withdrawals

A participant is permitted to withdraw from the Plan a portion of their account in the event of undue financial hardship.

2. Summary Of Significant Accounting Policies

Basis Of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use Of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States. Those estimates and assumptions affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could vary from those estimates.

BAADER NORTH AMERICA CORPORATION
401(K) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan Agreement. Notes receivable from participants are secured by participants' vested account balances.

Payment Of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Investments

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified by Principal Life Insurance Company and Principal Trust Company (collectively, Principal), and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Principal that the information provided to the Plan Administrator related to the following information is complete and accurate to the best of their knowledge and belief.

BAADER NORTH AMERICA CORPORATION
401(K) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2022</u>	<u>2021</u>
Investments - at fair value		
Mutual funds	\$ 7,393,552	\$ 9,295,018
Pooled separate accounts	7,448,719	7,929,489
Common/collective trusts	7,523,398	8,031,340
Notes receivable from participants	474,933	542,204

Principal also certified to the completeness and accuracy to the best of their knowledge and belief related the following investment gains (losses) and interest income on notes receivable from participants for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Net change in fair value of investments	\$ (3,765,468)	\$ 3,002,900
Interest and dividends	52,218	69,247
Interest income on notes receivable from participants	19,353	21,607

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets; |

BAADER NORTH AMERICA CORPORATION
401(K) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

BAADER NORTH AMERICA CORPORATION
401(K) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

Pooled Separate Accounts

Valued at the NAV of units held by the Plan at year end. The NAV as provided by Principal, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are primarily comprised of shares of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2022 and 2021. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. All pooled separate accounts have daily redemption frequencies at NAV with no redemption notice periods, and file annual reports on Form 5500 as direct filing entities. There are no capital commitments related to any of the Plan's pooled separate accounts.

Common/Collective Trusts

Valued at the NAV of units of the individual funds. The NAV, as provided by the trustees of the invested funds, is used as a practical expedient to estimate fair value and is calculated daily by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Withdrawals from a common/collective trust for benefit payments are made within 30 days after the request for distribution. The common/collective trusts file annual reports on Form 5500 as direct filing entities, and there are no capital commitments related to the common/collective trusts.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There have been no changes in the methodologies used at December 31, 2022 or 2021.

BAADER NORTH AMERICA CORPORATION

Notes To Financial Statements (*Continued*)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,393,552	\$ —	\$ —	\$ 7,393,552
Total assets in the fair value hierarchy	\$ 7,393,552	\$ —	\$ —	7,393,552
Investments measured at net asset value per share (a)				14,972,117
Total Assets At Fair Value				\$ 22,365,669

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,295,018	\$ —	\$ —	\$ 9,295,018
Total assets in the fair value hierarchy	\$ 9,295,018	\$ —	\$ —	9,295,018
Investments measured at net asset value per share (a)				15,960,829
Total Assets At Fair Value				\$ 25,255,847

- (a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

401(K) RETIREMENT PLAN

Notes To Financial Statements (*Continued*)

5. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Plan and the Plan Sponsor.

During the years ended December 31, 2022 and 2021, certain administrative expenses were paid directly by the Plan.

6. Income Tax Status

Effective February 17, 2022, the Plan was restated with a pre-approved 401(k) profit sharing plan document for savings plans sponsored by Principal Financial Group. Principal Financial Group received an opinion letter from the IRS dated June 30, 2020 as to the pre-approved plan's qualified status. The Company has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved plan opinion letter. The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

Prior to February 17, 2022, the Plan had adopted a nonstandard form of a prototype plan sponsored by Principal Financial Group. The prototype plan received an opinion letter dated March 31, 2014 from the IRS as to the prototype plan's qualified status. The Company had determined that it was eligible to, and had chosen to, rely on the IRS prototype plan opinion letter. Although the Plan had been amended since the prototype plan received the letter, the Plan Administrator believed the Plan was designed, and was being operated, in compliance with the applicable provisions of the IRC through the date of the plan restatement noted above.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

7. Party In Interest Transactions

Certain Plan investments are units of a common/collective trust and pooled separate accounts managed by Principal or affiliates of Principal. Principal is the record keeper for the Plan. These transactions are considered party in interest transactions allowable under ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2022 and 2021. These loans are considered party in interest transactions allowable under ERISA.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
