Independent Auditor's Report

Plan Administration
National Jewish Health
403(b) Retirement Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of 403(b) Retirement Plan (sponsored by National Jewish Health) (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America

Plan Administration
National Jewish Health
403(b) Retirement Plan

- The information in the accompanying 2021 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C), audit of the 2021 financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Plan Administration
National Jewish Health
403(b) Retirement Plan

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Plan Administration
National Jewish Health
403(b) Retirement Plan

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institutions. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

403(b) Retirement Plan (Sponsored by National Jewish Health)

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Description of the Plan

The following description of the 403(b) Retirement Plan (sponsored by National Jewish Health) (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by National Jewish Health (the Organization) for the benefit of its employees, except for the exclusion of certain classes of employees, as defined in the plan document. To be eligible to receive the Organization's discretionary contributions, employees must have completed two years of eligibility service, as defined. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA-CREF) serves as a plan record keeper and issuer of the TIAA-CREF fixed account. JPMorgan Chase Bank serves as a plan custodian of the TIAA-CREF non-annuity investments. The Variable Annuity Life Insurance Company (VALIC) and its subsidiaries, VALIC Retirement Services Company and VALIC Financial Advisors, Inc. (collectively, AIG Retirement Services), Fidelity Management Trust Company (FMTC), and Great-West Life & Annuity Insurance Company (Great-West) serve as plan record keepers, custodians and insurance companies.

Subsequent to January 1, 2002, contributions, including rollovers, are no longer allowed to be remitted to VALIC or Great-West.

Contributions

The Plan permits employees through a salary deferral election to have the Organization make annual contributions of up to 100% of eligible compensation, as defined. Employee rollover and catch-up contributions are also permitted. The Organization may make contributions. Organization contributions are discretionary as determined by the Organization's Finance Committee. Due to concerns about the impact of COVID-19, the Plan was amended to suspend employer contributions to the Plan, effective April 16, 2020 through December 31, 2020. For the year ended 2021 and January 1 through April 16, 2020, the Organization made discretionary contributions to eligible faculty and executives of 6% of compensation within the Social Security earnings base and 11% on any compensation above the Social Security earnings base, and discretionary contributions to all eligible other staff of 5% of compensation within the Social Security earnings base and 10% on any compensation above the Social Security earnings base. Contributions are subject to certain limitations.

Notes to Financial Statements

December 31, 2021 and 2020

Participant Investment Account Options

Investment account options available include various mutual funds, separate accounts, investment contracts with insurance companies, pooled separate accounts and effective May 9, 2011, individually directed account (IDA) option, which allows participants to invest in any mutual fund. Each participant has the option of directing his or her contributions into any of the investment accounts and may change the allocation daily; however, for certain investment accounts, in an effort to reduce market timing and excessive trading, certain restrictions apply.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. However, the Organization did not elect to utilize this feature in 2021 or 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution, the respective Organization's contribution, and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and all employer contributions, plus earnings thereon.

Payment of Benefits

Upon termination of service, employees with a vested account balance less than \$1,000 will have their vested account balance distributed to them in a lump-sum payment. Upon termination of service, an employee with a vested account balance greater than \$1,000 may elect to receive a lump-sum payment, purchase an annuity contract equal to the value of his or her account, rollover the account balance to an account of his or her choice, or maintain the balance in the Plan and continue to share in investment gains and losses. Certain withdrawal restrictions are in place if a participant is invested in the TIAA Traditional Fixed Account.

Participants may withdraw amounts from their accounts subject to certain limitations imposed by the Plan. Such withdrawals are also subject to certain taxes and penalties as assessed by the Internal Revenue Service.

403(b) Retirement Plan
(Sponsored by National Jewish Health)
Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence). Interest on the loans taken by a participant who uses Fidelity Investments (Fidelity) as the custodian is based on prime plus 1%. Interest on loans taken by a participant who uses VALIC or Great-West as the custodian is based on the local prevailing rates as determined by the custodians.

Plan Loans

Plan loans are issued directly from funds owned by TIAA and VALIC and not directly from a participant's account. Adequate security is required and a portion of the participant's account is reserved to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity and VALIC Loan Collateral and Escrow Funds. At December 31, 2021 and 2020, outstanding plan loans totaled approximately \$254,000 and \$361,000, respectively. Interest is paid directly to TIAA-CREF and VALIC.

The Employee Benefit Security Administration (EBSA) has expressed concern that the pledging of collateral of a participant's balance could be considered a prohibited transaction; however, formal guidance has yet to be issued by the EBSA.

Plan Termination

Although it has not expressed an intention to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contributions plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**403(b) Retirement Plan
(Sponsored by National Jewish Health)
Notes to Financial Statements
December 31, 2021 and 2020**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Registered Investment Companies – Separate Accounts

Quoted market prices, if available, are used to value investments. TIAA-CREF separate accounts are individually controlled variable annuities and are valued at the unit value of the accumulation units held by the Plan at year-end, as provided by TIAA-CREF (unit values are determined daily by TIAA-CREF and are available at tiaa-cref.org). The separate accounts do have certain restrictions to prevent market timing and excessive trading. VALIC separate accounts are valued at the net asset value (NAV) per share at the close of each business day as reported by each fund, which values their securities at fair value.

Registered Investment Companies – Mutual Funds

Mutual funds are valued at the NAV of shares held by the Plan at year-end.

Investment Contracts with Insurance Companies

The TIAA-CREF investment contract is valued at contract value, except as noted below. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay retirement benefits and administrative expenses. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Traditional Annuity's historical crediting rates.

The investment contract with TIAA-CREF, TIAA Traditional Annuity, is a fixed-dollar annuity, has a portion considered to be a fully benefit-responsive investment contract (valued at contract value as noted above) and a portion considered to be a non-benefit-responsive investment contract, and has a minimum guaranteed interest rate of generally 3.00%. During 2017, a new investment contract TIAA Stable Value was entered into with a minimum guaranteed interest rate of generally 3.00% and is considered to be fully benefit-responsive and valued as contract value. The investment contracts with TIAA-CREF contains liquidity restrictions that require withdrawals and transfers from the investment contract to other investment options available to the Plan to be spread over a period of 10 annual installments or five annual installments for withdrawals after a participant's termination of employment.

403(b) Retirement Plan (Sponsored by National Jewish Health)

Notes to Financial Statements

December 31, 2021 and 2020

The VALIC fixed interest accounts are valued at fair value. Fair value is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The Great-West guaranteed fixed fund is an investment contract with Great-West and is stated at fair value. Fair value is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Pooled Separate Accounts

The TIAA-CREF pooled separate account is an individually controlled variable annuity and is valued at estimated fair value as provided by TIAA-CREF. The fair value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA-CREF general account provides the account with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter.

The Great-West pooled separate accounts are valued at estimated fair value as provided by Great-West. Estimated fair value is based on the change in net asset values of the underlying mutual fund investments, dividends, capital gain or loss distributions, and expense charges.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as reinvested dividends.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

In 2020, the Organization adopted the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) provisions for loan relief increase loan limits to the lesser of \$100,000 or 100% of the participant's vested balance for coronavirus-related loans. The CARES Act provided for the increased loan limit for coronavirus-related loans issued from March 27, 2020 through September 22, 2020.

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter, as the Internal Revenue Service does not currently provide that service for 403(b) plans. However, the Organization believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

403(b) Retirement Plan
(Sponsored by National Jewish Health)
Notes to Financial Statements
December 31, 2021 and 2020

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

In 2020, the Organization implemented CARES Act provisions for coronavirus-related distributions (CRD). Through December 30, 2020, qualified participants are permitted to take a CRD of up to \$100,000 from the Plan. Participants who take a CRD have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax as a result. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020.

Administrative Expenses

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

Note 3: Certification of Plan Custodians and Insurance Companies

National Jewish Health (the Sponsor) has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF, FMTC, VALIC and Great-West, the custodians and insurance companies of the Plan, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2021 and 2020
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information included in the accompanying schedule of assets (held at year-end) as of December 31, 2021

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

403(b) Retirement Plan (Sponsored by National Jewish Health)

Notes to Financial Statements

December 31, 2021 and 2020

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are units of separate accounts managed by an entity related to TIAA-CREF, which is a record keeper for the Plan. The Plan's TIAA-CREF fixed account is maintained in TIAA-CREF's general account.

Certain plan investments are shares of separate accounts of VALIC, a custodian of the Plan. The Plan's VALIC fixed accounts are maintained in VALIC's general account.

The Plan invests in certain funds managed by an affiliate of FMTC, a custodian of the Plan.

Certain plan investments are shares of pooled separate accounts and unallocated accounts managed by Great-West, a custodian of the Plan. The Plan's Great-West fixed accounts are maintained in Great-West's general account.

The Plan is charged fees and expenses through investment expense ratios. The investment expense ratios vary by fund. These investment expense ratios are charged against the funds and are reflected in the value of the investments held by the Plan. The investment expense ratios include, as applicable, management expenses, administration expenses, 12b-1 fees, record keeping and distribution fees, sub-transfer agency fees, and shareholder servicing fees.

The Plan incurs expenses for certain accounting and auditing services. For the years ended December 31, 2021 and 2020, these expenses were paid by the Organization. The Organization also provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

- (A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the table below for inputs and valuation techniques used for Level 3 securities (also see Note 2).

Level 3 Activity

Activity, transfers into and out of Level 3 and the reasons for those transfers are as follows:

	TIAA Traditional Fixed Account
2021

Note 6: Investment Contract with TIAA-CREF

The Plan has entered into a fully benefit-responsive investment contract with TIAA-CREF. TIAA-CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The following represents the contract value by type of fully benefit-responsive investment contracts held by the Plan:

	2021	2020
TIAA Traditional Annuity BR	\$ 14,273,464	\$ 14,885,462
TIAA Stable Value	<u>2,373,807</u>	<u>2,266,728</u>
	<u><u>\$ 16,647,271</u></u>	<u><u>\$ 17,152,190</u></u>

Notes to Financial Statements

December 31, 2021 and 2020

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Subsequent Events

Subsequent events have been evaluated through September 29, 2022, which is the date the financial statements were available to be issued.
