Independent Auditor's Report

**To the Board of Directors
United Health Centers of the San Joaquin Valley
401(k) Profit Sharing Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of United Health Centers of the San Joaquin Valley 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the United Health Centers of the San Joaquin Valley, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 1988, sponsored by United Health Centers of the San Joaquin Valley, Inc. (the "Company"), is a defined contribution 401(k) and profit-sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2009. The chief financial officer is the Plan administrator, who serves at the discretion of the Company's Board of Directors and administers the Plan. The Plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits and interpreting Plan documents.

The trustees of the Plan are the Company's chief executive officer and the deputy chief executive officer. Each participant allocates his or her elective deferrals and Company matching contributions among the funds available in the Plan.

The Plan changed its trustee from John Hancock Life Insurance Company (John Hancock) to Voya Institutional Trust Company (Voya), effective June 2, 2022.

The Company generally pays for administrative expenses, while the Plan and participants pay for other expenses, such as but not limited to, asset management fees in the various funds and fees related to in-service withdrawals and termination distributions.

Eligibility and Participation

Employees of the Company are eligible to participate in elective deferrals and receive Company matching contributions on the first day of the month following the date they have attained age 18 and have completed six months of service.

Contributions

For participants, the Plan does not impose any limits on the amount that may be deferred, but such contributions are subject to regulatory limitations. If any participant's elective deferrals for the year exceed the maximum allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

With the consent of the plan administrator, participants are permitted to deposit distributions received from other qualified plans ("rollovers") without incurring federal or state income taxes and penalties. For the plan years ended December 31, 2022 and 2021, rollovers totaled \$18,387 and \$345,786, respectively.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

The Company currently makes safe-harbor matching contributions. The Company is making safe-harbor matching contributions equal to 100% of the first 5% of a participant's compensation deferred. The Company's safe-harbor contribution is invested in a portfolio of investments as directed by the participants. During the years ended December 31, 2022 and 2021, the Company made \$1,862,471 and \$1,552,223, respectively, in safe-harbor matching contributions to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Separate accounts are established and maintained for each participant's elective salary deferral, whereby the participants self-direct investments. The trustees and custodian provide the Plan participants with various individual investment options. Participants elect how to allocate their contributions among the funds and can change their allocations at any time. The fund values are stated at quoted market prices as determined by the custodian. The custodian makes available to the Plan participants a prospectus for each fund that explains in detail the investment objectives and policies. Investments in these funds are not guaranteed as to income or principal unless otherwise noted.

Each participant's account is credited with the participant's elective salary deferrals and the Company's safe-harbor contributions. The safe-harbor contribution is determined as a matching percentage of the participant's compensation deferred up to 5%. Investment earnings, including interest income and realized and unrealized gains and losses, are allocated to each participant's account in relation to the investment performance of each fund and in the proportion of the participant's account balance to the total balance in each fund on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

The Plan does not have any provision that allows participants to borrow from their accounts.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, vested benefits due to the participants or their beneficiaries will be distributed in accordance with the Plan. The Plan also allows for hardship withdrawals of part of or all of the participant's vested account, as outlined in the Plan. Benefits are recorded when paid.

Vesting

Participants are immediately 100% vested in their elective salary deferrals, rollovers, Company safe-harbor contributions, and any related investment earnings, gains and losses.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeited accounts are used to reduce future employer matching contributions and to pay administration fees of the Plan. The changes in the Plan's forfeiture account balance for the years ended December 31, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Balance, January 1	\$ 1,404	\$ 145
Forfeitures during the year	5,250	1,259
Forfeitures used during the year to reduce employer contributions	(6,654)	-
Balance, December 31	<u>\$ -</u>	<u>\$ 1,404</u>

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and terminate the Plan subject to the provisions of ERISA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in separate pooled accounts are stated at fair value. Separate pooled accounts are valued by the custodian and are based on the underlying quoted market prices of the investment held by each fund. See Note 3 for discussion of fair value measurement.

Fully benefit-responsive guaranteed investment contract is reported at contract value. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is reported in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

All usual and reasonable expenses are paid by the Company. Any expenses not paid by the Company may be paid from the assets of the Plan if not prohibited by applicable laws or regulations.

NOTE 3 INVESTMENTS

Investments at fair value

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 INVESTMENTS (CONTINUED)

Investments at fair value (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common/collective trusts: Valued at the NAV per share/unit reported at the close of business every day. The NAV is used as a practical expedient to estimate fair value.

United Health Centers of the San Joaquin Valley
401(k) Profit Sharing Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

NOTE 3 INVESTMENTS (CONTINUED)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Investment Category	2022			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 1,226,219	\$ 1,226,219	\$ -	\$ -
Investments measured at net asset value ^(a)	23,831,321			
Total investments at fair value	\$ 25,057,540			

(a) In accordance with Subtopic 820-10, the common/collective trusts fund were measured at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in pooled separate accounts as of December 31, 2021, are valued using the net asset value (NAV) provided by the custodian. The NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not classified within the fair value hierarchy; however, the amounts measured using NAV are disclosed to permit reconciliation of the fair value of investments in the Statements of Net Assets Available for Benefits.

The Plan's investments in pooled separate accounts amounting to \$28,587,649 as of December 31, 2021, are stated at fair value and are measured using the net asset value per share as a practical expedient.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 INVESTMENTS (CONTINUED)

Investments at contract value

Annuity contract: As of December 31, 2022, the Plan has a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya) reported at contract value. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Guaranteed Investment contract: As of December 31, 2021, the Plan has a guaranteed investment contract with John Hancock. Amounts placed in the guaranteed investment contract are credited with interest at a rate determined by John Hancock. The TPA reserved the right to change the interest rates applicable to the amounts held in the guaranteed investment contract at its discretion. The guaranteed investment contract is reported at contract value. The contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals.

The guaranteed investment contract is supported by John Hancock's general account assets which are primarily invested in cash and investment grade fixed-income securities.

As described in Note 2, because the contracts are fully benefit-responsive, the contract value is the relevant measure for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Voya and John Hancock, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

NOTE 4 INFORMATION CERTIFIED BY TRUSTEES

The Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by John Hancock Life Insurance Company and Voya Institutional Trust Company, the trustees of the Plan. The Plan Administrator has obtained certifications from the trustees that the information provided to the Plan Administrator by the trustees related to the assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments at fair value as of December 31, 2022 and 2021, as reflected in the Statements of Net Assets Available for Benefits;
- Investments at contract value as of December 31, 2022 and 2021, as reflected in the Statements of Net Assets Available for Benefits;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021;
- Investment information disclosed in Note 3 to the Plan's financial statements; and
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) - December 31, 2022.

NOTE 5 INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan document submitted by Central Administrative Services Inc. dba Hicks Pension Services. The plan document, as then designed, has received a favorable opinion letter dated March 31, 2014 from the IRS as to the plan's qualified status. The opinion letter has been relied upon by the Plan. The Plan has been restated and adopted which received an opinion letter on June 30, 2020. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

NOTE 5 INCOME TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts, mutual funds, common collective trust and an unallocated insurance contract managed by John Hancock and Voya. John Hancock and Voya are the trustees of the Plan for the year, and therefore, these transactions qualify as party-in-interest transactions that are exempt under ERISA.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. John Hancock and Voya provide certain necessary recordkeeping duties and functions on its behalf. During the years ended December 31, 2022 and 2021, the trustees received a total amount of \$100,951 and \$115,273, respectively, in fees which were paid by participants through the Plan. United Health Centers of the San Joaquin Valley provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, United Health Centers of the San Joaquin Valley has the right under the plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the United Health Centers of the San Joaquin Valley's contribution portion of their account.

NOTE 8 RISK AND UNCERTAINTIES

The Plan provides for various investment options in separate pooled accounts. Investment securities are exposed to various risks such as interest rate, market, and credit. Because of the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 9 SUBSEQUENT EVENTS

The Plan Administrator has evaluated events or transactions that occurred subsequent to December 31, 2022 through July 27, 2023, the date the accompanying financial statements were available to be issued, for potential recognition or disclosure in the financial statements and determined that no subsequent matters require disclosure or adjustment to the accompanying financial statements.

Independent Auditor's Report

**To the Board of Directors
United Health Centers of the San Joaquin Valley
401(k) Profit Sharing Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of United Health Centers of the San Joaquin Valley 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the United Health Centers of the San Joaquin Valley, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 1988, sponsored by United Health Centers of the San Joaquin Valley, Inc. (the "Company"), is a defined contribution 401(k) and profit-sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended and restated effective January 1, 2009. The chief financial officer is the Plan administrator, who serves at the discretion of the Company's Board of Directors and administers the Plan. The Plan administrator is responsible for all matters including, but not limited to, eligibility, rights to benefits and interpreting Plan documents.

The trustees of the Plan are the Company's chief executive officer and the deputy chief executive officer. Each participant allocates his or her elective deferrals and Company matching contributions among the funds available in the Plan.

The Plan changed its trustee from John Hancock Life Insurance Company (John Hancock) to Voya Institutional Trust Company (Voya), effective June 2, 2022.

The Company generally pays for administrative expenses, while the Plan and participants pay for other expenses, such as but not limited to, asset management fees in the various funds and fees related to in-service withdrawals and termination distributions.

Eligibility and Participation

Employees of the Company are eligible to participate in elective deferrals and receive Company matching contributions on the first day of the month following the date they have attained age 18 and have completed six months of service.

Contributions

For participants, the Plan does not impose any limits on the amount that may be deferred, but such contributions are subject to regulatory limitations. If any participant's elective deferrals for the year exceed the maximum allowable for that year, the excess amount will be returned to the Company and then paid to the participant as taxable compensation.

With the consent of the plan administrator, participants are permitted to deposit distributions received from other qualified plans ("rollovers") without incurring federal or state income taxes and penalties. For the plan years ended December 31, 2022 and 2021, rollovers totaled \$18,387 and \$345,786, respectively.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (Continued)

The Company currently makes safe-harbor matching contributions. The Company is making safe-harbor matching contributions equal to 100% of the first 5% of a participant's compensation deferred. The Company's safe-harbor contribution is invested in a portfolio of investments as directed by the participants. During the years ended December 31, 2022 and 2021, the Company made \$1,862,471 and \$1,552,223, respectively, in safe-harbor matching contributions to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Separate accounts are established and maintained for each participant's elective salary deferral, whereby the participants self-direct investments. The trustees and custodian provide the Plan participants with various individual investment options. Participants elect how to allocate their contributions among the funds and can change their allocations at any time. The fund values are stated at quoted market prices as determined by the custodian. The custodian makes available to the Plan participants a prospectus for each fund that explains in detail the investment objectives and policies. Investments in these funds are not guaranteed as to income or principal unless otherwise noted.

Each participant's account is credited with the participant's elective salary deferrals and the Company's safe-harbor contributions. The safe-harbor contribution is determined as a matching percentage of the participant's compensation deferred up to 5%. Investment earnings, including interest income and realized and unrealized gains and losses, are allocated to each participant's account in relation to the investment performance of each fund and in the proportion of the participant's account balance to the total balance in each fund on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

The Plan does not have any provision that allows participants to borrow from their accounts.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, vested benefits due to the participants or their beneficiaries will be distributed in accordance with the Plan. The Plan also allows for hardship withdrawals of part of or all of the participant's vested account, as outlined in the Plan. Benefits are recorded when paid.

Vesting

Participants are immediately 100% vested in their elective salary deferrals, rollovers, Company safe-harbor contributions, and any related investment earnings, gains and losses.

United Health Centers of the San Joaquin Valley
401(k) Profit Sharing Plan
Notes to Financial Statements
Years Ended December 31, 2022 and 2021

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Forfeitures

Forfeited accounts are used to reduce future employer matching contributions and to pay administration fees of the Plan. The changes in the Plan's forfeiture account balance for the years ended December 31, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Balance, January 1	\$ 1,404	\$ 145
Forfeitures during the year	5,250	1,259
Forfeitures used during the year to reduce employer contributions	(6,654)	-
Balance, December 31	<u>\$ -</u>	<u>\$ 1,404</u>

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and terminate the Plan subject to the provisions of ERISA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in separate pooled accounts are stated at fair value. Separate pooled accounts are valued by the custodian and are based on the underlying quoted market prices of the investment held by each fund. See Note 3 for discussion of fair value measurement.

Fully benefit-responsive guaranteed investment contract is reported at contract value. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is reported in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

All usual and reasonable expenses are paid by the Company. Any expenses not paid by the Company may be paid from the assets of the Plan if not prohibited by applicable laws or regulations.

NOTE 3 INVESTMENTS

Investments at fair value

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 INVESTMENTS (CONTINUED)

Investments at fair value (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common/collective trusts: Valued at the NAV per share/unit reported at the close of business every day. The NAV is used as a practical expedient to estimate fair value.

NOTE 3 INVESTMENTS (CONTINUED)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Investment Category	2022			
	Total	Level 1	Level 2	Level 3
Registered investment companies	\$ 1,226,219	\$ 1,226,219	\$ -	\$ -
Investments measured at net asset value ^(a)	23,831,321			
Total investments at fair value	\$ 25,057,540			

(a) In accordance with Subtopic 820-10, the common/collective trusts fund were measured at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in pooled separate accounts as of December 31, 2021, are valued using the net asset value (NAV) provided by the custodian. The NAV is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The pooled separate accounts are not classified within the fair value hierarchy; however, the amounts measured using NAV are disclosed to permit reconciliation of the fair value of investments in the Statements of Net Assets Available for Benefits.

The Plan's investments in pooled separate accounts amounting to \$28,587,649 as of December 31, 2021, are stated at fair value and are measured using the net asset value per share as a practical expedient.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 INVESTMENTS (CONTINUED)

Investments at contract value

Annuity contract: As of December 31, 2022, the Plan has a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya) reported at contract value. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Guaranteed Investment contract: As of December 31, 2021, the Plan has a guaranteed investment contract with John Hancock. Amounts placed in the guaranteed investment contract are credited with interest at a rate determined by John Hancock. The TPA reserved the right to change the interest rates applicable to the amounts held in the guaranteed investment contract at its discretion. The guaranteed investment contract is reported at contract value. The contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals.

The guaranteed investment contract is supported by John Hancock's general account assets which are primarily invested in cash and investment grade fixed-income securities.

As described in Note 2, because the contracts are fully benefit-responsive, the contract value is the relevant measure for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Voya and John Hancock, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

NOTE 4 INFORMATION CERTIFIED BY TRUSTEES

The Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by John Hancock Life Insurance Company and Voya Institutional Trust Company, the trustees of the Plan. The Plan Administrator has obtained certifications from the trustees that the information provided to the Plan Administrator by the trustees related to the assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments at fair value as of December 31, 2022 and 2021, as reflected in the Statements of Net Assets Available for Benefits;
- Investments at contract value as of December 31, 2022 and 2021, as reflected in the Statements of Net Assets Available for Benefits;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021;
- Investment information disclosed in Note 3 to the Plan's financial statements; and
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) - December 31, 2022.

NOTE 5 INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan document submitted by Central Administrative Services Inc. dba Hicks Pension Services. The plan document, as then designed, has received a favorable opinion letter dated March 31, 2014 from the IRS as to the plan's qualified status. The opinion letter has been relied upon by the Plan. The Plan has been restated and adopted which received an opinion letter on June 30, 2020. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. No provision for income taxes has been included in the Plan's financial statements.

NOTE 5 INCOME TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of pooled separate accounts, mutual funds, common collective trust and an unallocated insurance contract managed by John Hancock and Voya. John Hancock and Voya are the trustees of the Plan for the year, and therefore, these transactions qualify as party-in-interest transactions that are exempt under ERISA.

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. John Hancock and Voya provide certain necessary recordkeeping duties and functions on its behalf. During the years ended December 31, 2022 and 2021, the trustees received a total amount of \$100,951 and \$115,273, respectively, in fees which were paid by participants through the Plan. United Health Centers of the San Joaquin Valley provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, United Health Centers of the San Joaquin Valley has the right under the plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the United Health Centers of the San Joaquin Valley's contribution portion of their account.

NOTE 8 RISK AND UNCERTAINTIES

The Plan provides for various investment options in separate pooled accounts. Investment securities are exposed to various risks such as interest rate, market, and credit. Because of the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 9 SUBSEQUENT EVENTS

The Plan Administrator has evaluated events or transactions that occurred subsequent to December 31, 2022 through July 27, 2023, the date the accompanying financial statements were available to be issued, for potential recognition or disclosure in the financial statements and determined that no subsequent matters require disclosure or adjustment to the accompanying financial statements.
