Financial Statements and Supplemental Schedule

INDEPENDENT AUDITORS' REPORT

Retirement Committee
Securian Financial Group, Inc.
Performance Share Plan
St. Paul, Minnesota

Opinion

We have audited the financial statements of Securian Financial Group, Inc. Performance Share Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Securian Financial Group, Inc. Performance Share Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Securian Financial Group, Inc. Performance Share Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Securian Financial Group, Inc. Performance Share Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Securian Financial Group, Inc. Performance Share Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Securian Financial Group, Inc. Performance Share Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Notes to Financial Statements
December 31, 2022 and 2021**

(1) Plan Description

The following brief description of the Securian Financial Group, Inc. Performance Share Plan (the Plan) is provided for general information purposes. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On November 16, 2021, assets totaling \$25,361,430 were merged into the Plan from Asset Allocation & Management Company, LLC (AAM) Profit Sharing Plan sponsored by AAM, a subsidiary of Securian Financial Group, Inc (the Company).

The Plan is a defined contribution profit sharing plan. Employees, as classified by Securian Financial Group, Inc., who have completed 1,000 hours of service during the twelve-month period ending on December 31 of the Plan year for which the contribution is made and are employed as of December 31 of the Plan year are eligible to participate in the Company's annual Plan contribution. The Company's annual Plan contribution is determined by the Board of Directors of the Company or by the Human Resources and Compensation Committee of the Company.

Plan participants may upon the first day of the next month following his or her date of employment voluntarily contribute up to 90% of compensation, reduced by employer contributions and forfeiture allocations. Participants may elect to make Roth Salary Savings (Roth(k)) contributions in addition to or in place of traditional 401(k) contributions. The Roth(k) contributions will be separately accounted for, as will gains and losses attributable to those Roth(k) contributions, in a Roth(k) account. Voluntary contributions are limited to \$20,500 and \$19,500 for 2022 and 2021, respectively. Participants are 100% vested in their voluntary contributions. Participants are not vested in employer contributions until three years of service, at which time they become 100% vested.

The Company's contribution allocation to participants' accounts is based on an annually determined rate applied to each participants' prior year earnings. Plan earnings and administrative expenses are allocated to participants' accounts based on account balances.

The Plan allows for rollover transfers to be made to the Plan by participants with the consent of the Plan Administrator. These rollover transfers are lump-sum distributions from other tax-qualified plans of previous employers that participants elect to have invested in the Plan within sixty days of receipt.

Contributions are automatically deferred and/or distributed as provided by the Plan upon retirement, disability, hardship or termination of employment of a participant. A participant may elect to withdraw vested amounts for any reason after reaching age 59 ½.

Forfeitures are used to reduce employer contributions. Forfeiture amounts used for 2022 and 2021 employer contributions were \$351,462 and \$297,305, respectively. Unallocated forfeiture account balances at December 31, 2022 and 2021 were \$556,909 and \$763,949, respectively.

Participants may request a loan not to exceed the lesser of \$50,000 or 50% of the participant's vested balance. The minimum loan amount is \$1,000. All new loans (including refinances) will incur a one-time fee of \$150. The fee is deducted from the loan check amount. Interest charges on such loans are calculated monthly by averaging CD rates available at local financial institutions, which ranged from 3.84% to 6.45% in 2022 and 4.00% to 5.11% in 2021. Principal and interest are paid ratably by monthly payroll deductions or other methods of payments. Participants' loans are referred to as notes receivable from participants in the statement of net assets available for benefits.

(1) Plan Description (Continued)

Although the Company has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the regulations set forth by the ERISA. If the Plan should terminate at some future time, all participants would have a 100% vested interest in their accounts. Upon termination, the value of each participant's account would be distributed. However, at the election of the Plan Administrator, the assets of the Plan may be retained by the trust and distributed in accordance with the provisions of the Plan.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make certain estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein and disclosure of contingent net assets available and liabilities at the date of the financial statements. Actual results could vary from those estimates.

Plan Assets

Assets of the Plan are deposited under a group annuity contract with Minnesota Life Insurance Company (Minnesota Life), a wholly owned subsidiary of the Company. The deposits are maintained in either the general account or in pooled separate accounts of Minnesota Life.

Deposits in the general account are non benefit-responsive and are stated at cost plus accrued interest, which represents fair value. Pooled separate account deposits are stated at the underlying fair value of the pooled separate account investments, which consist primarily of mutual funds, fixed maturity securities, equity securities and cash and cash equivalents. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Purchases, transfers, and withdrawals of units of the pooled separate accounts are based on the fair value of the accounts at the date of purchase, transfer, or withdrawal. Purchases and sales of securities are recorded on a trade date basis.

Net appreciation (depreciation) of pooled separate accounts is comprised of realized gains (losses) on sales of pooled separate account investments and changes in unrealized appreciation (depreciation) in the fair value of pooled separate account investments based on published security prices.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as taxable distributions based upon the terms of the Plan Document. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, a taxable distribution is recorded.

(2) Summary of Significant Accounting Policies (Continued)

Contribution to the Plan

The Company's contribution to the Plan is effective and allocated as of December 31. The contributions for calendar years 2022 and 2021 were received in March 2023 and March 2022, respectively. All contributions are allocated according to the participants' election.

Administrative Expenses

A portion of the administrative expenses of the Plan were paid by the Company.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 06, 2023, the date the financial statements were available to be issued.

(3) Risks

The Plan's financial statements are based on estimates and assumptions that are subject to significant business and economic risks and uncertainties, many of which are beyond management's control or are subject to change. As such, actual results could differ from the estimates used in the Plan's financial statements and the value of the Plan's investments and net assets available for benefits could be adversely affected. The following risks and uncertainties, among others, may have such an effect:

- Economic environment and capital markets-related risks such as those related to interest rates, equity markets and credit spreads.
- Investment-related risks such as those related to valuation.
- Business and operational-related risks such as those related to cyber or other information security, fraud, and overall risk management.
- Catastrophic and pandemic event-related risks that may impact volatility in financial markets and economic activity, and operations.
- Regulatory and legal risks such as those related to changes in tax, fiscal and other legislation, the regulatory environment impact to the Plan and accounting standards.

Management actively monitors and manages risks and uncertainties through a variety of policies and procedures in an effort to mitigate or minimize the adverse impact of any exposures impacting the Plan's financial statements.

Notes to Financial Statements (Continued)

(4) Fair Value of Financial Instruments

The fair value of the Plan's financial assets and financial liabilities has been determined by the Company using available market information as of December 31, 2022 and 2021. Although the Company is not aware of any factors that would significantly affect the fair value of financial assets and financial liabilities, such amounts have not been comprehensively revalued since those dates. Therefore, estimates of fair value subsequent to the valuation dates may differ significantly from the amounts presented herein. Considerable judgment is required to interpret market data to develop the estimates of fair value. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

For reporting purposes, current value is equal to fair value.

Financial Assets and Financial Liabilities Reported at Fair Value

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. In determining fair value, the Company primarily uses the market approach which utilizes prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. To a lesser extent, the Company also uses the income approach which uses discounted cash flows to determine fair value. When applying either approach, the Company maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's estimates about the assumptions market participants would use in valuing financial assets and financial liabilities based on the best information available in the circumstances.

The Plan is required to categorize its financial assets and financial liabilities recorded in the statements of net assets available for benefits according to a three-level hierarchy. A level is assigned to each financial asset and financial liability based on the lowest level input that is significant to the fair value measurement in its entirety. The levels of fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market.

Level 2 – Fair value is based on significant inputs, other than quoted prices included in Level 1, that are observable in active markets for identical or similar assets and liabilities.

Level 3 – Fair value is based on at least one or more significant unobservable inputs. These inputs reflect the Company's assumptions about the inputs market participants would use in pricing the assets or liabilities.

The Company uses prices and inputs that are current as of the measurement date. In periods of market disruption, the ability to observe prices and inputs may be reduced, which could cause an asset or liability to be reclassified to a lower level.

(4) Fair Value of Financial Instruments (Continued)

Financial Assets and Financial Liabilities Reported at Fair Value (Continued)

Inputs used to measure fair value of an asset or liability may fall into different levels of the fair value hierarchy. In these situations, the Company will determine the level in which the fair value falls based upon the lowest level input that is significant to the determination of the fair value.

Refer to note 2 Summary of Significant Accounting Policies for additional information on techniques used to measure fair value and any changes in those techniques during 2022.

The following table summarizes the Plan's financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	\$ —	\$ 714,870,106	\$ —	\$ 714,870,106
Investment in general account	—	—	137,441,251	137,441,251

The following table summarizes the Plan's financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	\$ —	\$ 912,696,065	\$ —	\$ 912,696,065
Investment in general account	—	—	146,744,690	146,744,690
Total financial assets	\$ —	\$ 912,696,065	\$ 146,744,690	\$ 1,059,440,755

Investments in pooled separate accounts

Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Assets within the pooled separate accounts include: mutual funds, fixed maturity securities, equity securities and cash and cash equivalents.

Investment in general account

Deposits in the general account are stated at cost plus accrued interest, which represents fair value. These assets principally consist of fixed maturity securities, commercial mortgage loans and equity securities and are classified as Level 3.

The following table provides the purchases and issuances during the year ended December 31, 2022:

Investment in general account	\$ 5,685,134	\$ —

There were no transfers in to or out of Level 3 for the years ended December 31, 2022 and 2021.

The Plan did not have any financial liabilities that would be required to be measured at fair value.

The Plan did not have any financial assets or liabilities reported at fair value on a nonrecurring basis that are required to be disclosed.

Quantitative Information Regarding Level 3 Assets and Liabilities

The following table provides a summary of the significant unobservable inputs used in the fair value measurements developed by the Company or reasonably available to the Company of Level 3 assets:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Level 3 instrument	Investment in general account	Investment in general account
Fair value	\$137,441,251	\$146,744,690
Valuation technique	Discounted cash flow	Discounted cash flow
Unobservable input	Crediting rate (1)	Crediting rate (1)

(1) The crediting rate represents average renewal market rates applied to new funds deposited as well as expected rollover rate and an average withdrawal factor.

(5) Party-In-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a party-in-interest are prohibited under ERISA unless a specific exemption applies. The Company is a party-in-interest as defined by ERISA and receives deposits under the Plan in accordance with the group annuity contract issued to the Plan Trustees. These transactions are covered by an exemption from the “prohibited transactions” provisions of ERISA and the Code.

The Company charged the Plan contract management fees and other plan expenses for the years ended December 31, 2022 and 2021 of \$60,999 and \$54,492, respectively.

**SECURIAN FINANCIAL GROUP, INC.

Notes to Financial Statements (Continued)

(6) Federal Income Taxes

The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service dated June 30, 2020 stating that the Plan is designed in compliance with the applicable sections of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan sponsor and the Plan's legal counsel believe the Plan is being operated in compliance with the applicable provision of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
