Independent Auditor's Report

To the Administrative Committee of
Paterson Pacific Parchment Co 401(k) Plan

Scope and Nature of the ERISA 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Paterson Pacific Parchment Co 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Paterson Pacific Parchment Co 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements, referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Paterson Pacific Parchment Co 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Paterson Pacific Parchment Co 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Paterson Pacific Parchment Co 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Paterson Pacific Parchment Co 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental *Schedule of Assets (Held at End of Year)* is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PATERSON PACIFIC PARCHMENT CO 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Paterson Pacific Parchment Co 401k Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Paterson Pacific Parchment Company (the “Company”) entered the Paterson Pacific Parchment Co 401(k) Plan (a defined contribution plan) with an effective date of January 1, 1992. The Plan agreement was written to comply with the requirements of the Employee Retirement Income Security Act of 1974 and the provisions of the Tax Reform Act of 1986 and have been amended and restated since inception to comply with various changes in legislation and regulation.

Eligibility

All employees with six months of completed service are eligible for participation in the Plan. Participation may occur on the first day of the month following the completion of the eligibility requirements.

Contributions

Each year, participants may contribute up to the maximum percentage allowable by law, of pretax or post-tax (Roth) annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes to the Plan under a Qualified Automatic Contribution Arrangement Safe Harbor arrangement as described under IRC 401(k)(13). These matching contributions are based on the elective amount contributed to the Plan by the Participants. The Company matches 100% of the first 1% of eligible earnings contributed by Participants and then 50% of amounts contributed by Participants between 1% and 6%. Currently, the Plan offers several investment options managed by Reliance Trust Company. For the year ending December 31, 2022, the Company made matching contributions of \$350,712.

The Company may also make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant’s elective deferrals. For the year ending December 31, 2022, the Company did not make any such contributions.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Automatic Enrollment

The Plan includes an automatic enrollment feature. This feature includes a provision for all non-participating employees to be automatically enrolled in the Plan at a deferral rate of 3% of the employee’s compensation. The deferral rate is set to increase annually by 1%, up to a maximum of 6%. Contributions for automatically enrolled participants will be invested in the Plan’s default investment fund.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately 100% vested in both elective and matching contributions plus actual earnings thereon. Each participant's benefits are limited to the balance in their vested account.

Notes Receivable from Participants

Participants may borrow from their accounts up to \$50,000 or 50% of their vested balance. Loans to participants are secured by the balance in the participant's account and are charged a reasonable rate of interest, which is comparable to similar types of loans by other lenders as determined by the Plan administrator. Principal and interest are paid not less frequently than quarterly. Generally, the term of the loan may not exceed five years.

Distribution of Benefits

Participants or their beneficiaries may begin receiving benefits upon termination of the participant's employment for any reason, including death or disability. Distributions may be made as either a single lump sum or a direct rollover to a qualifying institution. If neither of those options are elected by the participant or their beneficiary, and the account balance is between \$1,000 and \$5,000, the vested account balance will be rolled over to an IRA established by an IRA provider selected by the Company. If the vested account balance is greater than \$5,000, the participant may also request to receive installment payments, a partial withdrawal, or a deferral of payments until age 70½. Under certain circumstances permitted by the Plan, prior to termination, employees may receive hardship or in-service distributions for part or all their vested account balance.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the valuation policies utilizing information provided by the investment advisors and the custodian of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. In the event of participant default through nonpayment or other means, foreclosure on the promissory note and attachment of security may not occur until an event occurs that would allow or require a distribution of a participant's vested account balance.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Legislation

In December 2022, the SECURE 2.0 Act of 2022 (the "Act") was signed into law. This legislation changes the landscape of retirement for taxpayers of all ages, with some changes taking immediate effect. The main provisions of the Act were created to build upon the SECURE Act of 2019, increase overall retirement savings, streamline retirement rules, and decrease employer costs of setting up a retirement plan. The Company is evaluating the impact of this legislation on the Plan, including the need for an amendment to the Plan.

NOTE 3 – TAX STATUS

The IRS has determined and informed the Company by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 – PRIORITIES UPON TERMINATION

Although the Company has established the Plan with the bona fide intention and expectation that it will be maintained indefinitely, nevertheless, the Company is not under any obligation or liability to continue the Plan for any given length of time. The Company may in its sole discretion discontinue or terminate the Plan in whole or in part in accordance with its provisions at any time without any liability for such discontinuance or termination.

In the event the Plan terminates, no further contributions will be made to the Plan and all amounts credited to the participants' accounts will continue to be vested in accordance with the Plan agreement. The Plan Sponsor will direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation method include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

PATERSON PACIFIC PARCHMENT CO 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Common collective trust: The Common collective trust (the “CCT”) indirectly invests in fully-benefit responsive investment contracts by holding units of the Putnam Stable Value Fund. The fair value of the Plan’s interest in the CCT is based on audited financial information reported by Putnam Fiduciary Trust Company. The fair value of participation units held in the fund are based on the fair values of the underlying investments, primarily consisting of guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions, and security-backed investment contracts, including separate account products of insurance companies. The value of the CCT represents contributions plus earnings, less participant withdrawals and administrative expenses. Participant-directed redemptions for the CCT have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in each of the respective funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides information by level on the fair value of the Plan’s investments as of December 31:

Assets at Fair Value as of December 31, 2022

	Fair Value	Level 1	Level 2	Level 3
Mutual funds	\$ 7,734,684	\$ 7,734,684	\$ -	\$ -
Common collective trust ^(a)	905,877	-	-	-
	<u>\$ 8,640,561</u>	<u>\$ 7,734,684</u>	<u>\$ -</u>	<u>\$ -</u>

Assets at Fair Value as of December 31, 2021

	Fair Value	Level 1	Level 2	Level 3

	<u>\$ 9,251,975</u>	<u>\$ 8,316,348</u>	<u>\$ -</u>	<u>\$ -</u>

(a) Common/collective trust fund investments are measured at fair value using the net asset value (or its equivalent) and have not been categorized in the fair value hierarchy.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by ADP, LLC, the recordkeeper of the Plan; therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA. For the year ended December 31, 2022, the Plan incurred \$9,152 in direct fees for these services.

NOTE 8 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by Reliance Trust Company and furnished to the Plan administrator. The Plan administrator has obtained certifications from Reliance Trust Company that such information is complete and accurate:

- The value of investments as indicated in the statements of net assets available for benefits and the related notes to the financial statements, including notes receivable from participants.
- All information indicated in the statement of changes in net assets available for benefits, except for contributions, benefit payments, and administrative fees.
- All information indicated in the supplemental schedule.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 24, 2023, which is the date the financial statements were available to be issued. No additional events were identified that would require additional disclosure.
