INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Salina Vortex Employees' Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Salina Vortex Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SALINA VORTEX EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

(1) Description of plan

The following description of Salina Vortex Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General - The Plan is a defined contribution plan sponsored by Salina Vortex Corp. (the "Company") for the benefit of its eligible employees and eligible American employees of Vortex Valves Europe, LTD, who have completed three months of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan is administered by the Board of Directors of Salina Vortex Corp. ("the Board"). The Board has overall responsibility for the operation and administration of the Plan. The Board determines the appropriateness of the Plan's investment options and monitors investment performance. Newport Trust Company is the trustee of the Plan and also serves as Plan custodian.

Contributions - The Plan permits eligible participants through a salary deferral election to make annual pre-tax or Roth contributions up to the dollar amounts prescribed by law or 100% of eligible compensation for the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Eligible participants are automatically enrolled in the Plan unless they affirmatively elect to not participate in the Plan. The deferral rate for automatically-enrolled participants is initially set at 4% of eligible compensation, with automatic annual increases of 1% (after having been automatically-enrolled for twelve months) at the beginning of each subsequent Plan year, up to a maximum deferral rate of 10%. Additionally, participants age 50 or older prior to the end of the Plan year, and who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan.

The discretionary employer matching contributions made by the Company are determined by the Board after the end of each Plan year. For the years ended December 31, 2022 and 2021, the Company elected to make a matching contribution of 100% of participant contributions up to a maximum of 4% of eligible compensation that a participant contributes to the Plan. The Company also has the option to make discretionary profit sharing contributions on behalf of each of its eligible participants in accordance with the provisions of the Plan. Participants are eligible to participate in discretionary employer matching and profit sharing contributions if they are still employed and have completed one year of service after reaching age 18 on the last day of the Plan year. No profit sharing contributions were made for the years ended December 31, 2022 and 2021. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant investment account options - Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily. The Plan currently offers twenty mutual funds, twelve collective trust funds, and two common/collective trusts as investment options for participants.

(1) Description of plan (continued)

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary employer contributions and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and amounts rolled over or transferred into the Plan plus actual earnings thereon. Discretionary employer contributions plus actual earnings vest according to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	33%
3	66%
4	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and each participant is limited to one outstanding loan at a time. The loan interest rate is set at the Wall Street Journal Prime rate, as defined, plus two percent. Principal and interest payments are paid ratably through bi-weekly payroll deductions.

Payment of benefits - Upon termination of service due to any reason, a participant (or beneficiary) may elect to receive A) a lump-sum cash distribution (full or partial withdrawal); B) cash distributions in substantially equal installments over a period of time not more than the participant's (or beneficiary's) assumed life expectancy; C) a direct rollover distribution to an eligible retirement plan specified by the participant or designated by the Plan administrator; or D) a combination of a cash distribution and a rollover. Partial withdrawals equal to the minimum amount required to be distributed to a participant (but not to a beneficiary) each year under Internal Revenue Service ("IRS") regulations are also available. Upon termination, a participant with a vested account balance equal to or less than \$5,000 will automatically receive a lump sum distribution. Benefits may also be withdrawn for certain qualifying hardship circumstances. Other in-service distributions are available to participants who have reached age 55.

Forfeited accounts - Forfeitures may be used to pay Plan expenses or reduce any future employer contributions. At December 31, 2022 and 2021, forfeited nonvested balances totaled \$12,837 and \$12,740, respectively. Also, in 2022 and 2021, employer contributions were reduced by \$17,738 and \$20,942, respectively, from forfeited nonvested accounts.

An expense account is also maintained of unallocated funds paid to the Plan from fund companies for revenue sharing payments. These amounts can only be applied to fees. At December 31, 2022 and 2021, unallocated funds available in the expense account totaled \$1,898 and \$1,866, respectively.

NOTES TO THE FINANCIAL STATEMENTS**

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Unit values - Individual participant accounts for the collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the funds are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and Plan custodian determine the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Administrative expenses - Certain administrative services and expenses of the Plan are paid directly by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Recordkeeping and administrative fees are paid directly from the Plan and are included in administrative expenses.

**SALINA VORTEX EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS**

(3) Information prepared and certified by the trustee

The Plan administrator has elected the method of annual compliance reporting permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Newport Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2022 and 2021:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**SALINA VORTEX EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS**

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the methodologies used during the years ended December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Collective trust funds: The Plan has investments in Schwab Indexed Retirement Trust Funds (the "collective trust funds"), which are managed retirement collective trust funds established by Charles Schwab Trust Bank ("Schwab") and governed by the Trust of the Schwab Trust Bank Collective Trust Funds. The collective trust funds are comprised of investments in assets across a variety of asset classes. Irrespective of the underlying securities that comprise these collective trust funds, the funds themselves lack a formal listed market or publicly available quotes. The collective trust funds are valued at NAV per respective unit of the individual collective trust fund and are included in the statements of net assets available for benefits at NAV, which is determined each business day (any day on which the New York Stock Exchange is open for trading) ("valuation date"), as provided by Schwab. The NAV is used as a practical expedient to estimate fair value, but is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

Common/collective trusts: The Plan has investments in two common/collective trusts: the Morley Stable Value Fund Class 25 and the IR+M Core Bond Collective Fund.

Morley Stable Value Fund Class 25 (the "stable value fund") - A collective investment fund maintained by Principal Global Investors Trust Company ("Principal"). The stable value fund is comprised primarily of fully benefit-responsive investment contracts; however, the stable value fund itself is considered to be non-benefit responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund is valued at the NAV of units of the collective investment fund and included in the statements of net assets available for benefits at its NAV as provided by Principal. The NAV is used as a practical expedient to estimate fair value, but is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

IR+M Core Bond Collective Fund (the "core bond fund") - A fund maintained by Global Trust Company ("Global") as part of the IR+M Collective Investment Trust. The core bond fund is comprised primarily of fixed income securities and is valued at the NAV of units of the collective fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The NAV is determined each business day. Redemption of units by qualified purchases may be processed pursuant to notice to Global Trust Company, the Trustee, on a valuation date. A unitholder may redeem some or all of its interest on any valuation date.

SALINA VORTEX EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The core bond fund is included in the statements of net assets available for benefits at its NAV as provided by Global. The NAV is used as a practical expedient to estimate fair value, but is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

The preceding methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
	Total		
Mutual funds	<u>\$ 10,533,665</u>	<u>\$ -</u>	<u>\$ -</u>
			<u>\$ 10,533,665</u>
Investments measured at NAV*:			
Collective trust funds			6,003,481
Common/collective trusts			<u>720,051</u>
Investments at fair value			<u>\$ 17,257,197</u>

Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
	Total		
Mutual funds	<u>\$ 12,424,832</u>	<u>\$ -</u>	<u>\$ -</u>
			<u>\$ 12,424,832</u>
Investments measured at NAV*:			
Collective trust funds			6,335,394
Common/collective trusts			<u>679,645</u>
Investments at fair value			<u>\$ 19,439,871</u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

SALINA VORTEX EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The following table sets forth the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value as of December 31,		Unfunded	Redemption	Redemption
	2022	2021	Commitments	Frequency (if currently eligible)	Notice Period
Morley Stable Value Fund Class 25 (a)	\$ 402,006	\$ 400,674	None	Daily	12 months
IR+M Core Bond Collective Fund (b)	318,045	278,971	None	Daily	None
Schwab Indexed Retirement Trust Funds (c)	6,003,481	6,335,394	None	Daily	None
	<u>\$ 6,723,532</u>	<u>\$ 7,015,039</u>			

- (a) The objective of this fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments.
- (b) The objective of this fund is to outperform Bloomberg Barclays U.S. Aggregate Index by investing primarily in fixed income securities that are investment grade as determined by the advisor.
- (c) The objective of this fund is to provide total return for investors retiring approximately at or near the target date in the respective fund name.

(5) Related party and party-in-interest transactions

Certain Plan investments are shares of mutual funds serviced by Newport Trust Company. Newport Trust Company is the trustee and custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment servicing are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than direct payment.

During the years ended December 31, 2022 and 2021, the Plan made direct payments of \$89,297 and \$88,515, respectively, to third party servicers for recordkeeping, trustee, and investment advisory services, which were not covered by revenue sharing. Of these payments, certain fees paid to Newport Group, Inc. and Newport Trust Company are considered to be party-in-interest transactions under ERISA. The Company pays directly any other fees related to the Plan's operations, other than investment management fees.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

**SALINA VORTEX EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS**

(7) Excess contributions refundable

Excess contributions of \$0 and \$574 have been accrued as of December 31, 2022 and 2021, respectively, and are to be paid in each respective following year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2022 and 2021, \$0 and \$574, respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

(8) Tax status

The Company adopted a Volume Submitter Plan and Trust sponsored by Newport Group, Inc., the Plan's third-party administrator. Newport Group, Inc. is the parent company of its affiliates Newport Trust Company and Newport Retirement Services, Inc. The IRS has determined that the prototype plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated November 30, 2020.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability, asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) COVID-19

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. There is unprecedented uncertainty surrounding the duration of the pandemic, developing variants of the disease, potential economic ramification, and any government actions to mitigate them. Accordingly, the Plan sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

**SALINA VORTEX EMPLOYEES' RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS**

(11) Other matter

During 2022, it was noted that deferrals and matching contributions were not made or applied to referral cash bonuses paid as part of the Plan sponsor's payroll. Management has estimated the deferral and match amounts that should have been remitted into the Plan to be \$2,271 and \$392, respectively. Management intended for the referral cash bonuses to not have deferrals withheld or match applied and is currently in communication with the affected participants to determine what correction, if any, is needed. As such, and due to the possible correction not being material to the financial statements, these amounts have not been accrued as of December 31, 2022.

(12) Subsequent events

The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued. No significant items were noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.
