INDEPENDENT AUDITOR'S REPORT

To Trustees and Participants of
Union Pacific Agreement Employee 401(k) Retirement Thrift Plan
Omaha, Nebraska

Opinion

We have audited the financial statements of Union Pacific Agreement Employee 401(k) Retirement Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

UNION PACIFIC AGREEMENT
EMPLOYEE 401(k) RETIREMENT THRIFT PLAN

NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Union Pacific Agreement Employee 401(k) Retirement Thrift Plan (the "Plan") is provided for general information only. Participants should refer to the Plan document for more complete information.

General — The Plan is a defined contribution plan covering employees of the Union Pacific Railroad Company (a subsidiary of Union Pacific Corporation) and its railroad affiliates (the "Company") who are represented for the purposes of collective bargaining by a rail union to which eligibility to participate in the Plan has been extended. The Plan covers employees who have completed one year of service or were employees as of the effective date of the Plan, July 1, 1990. Vanguard Fiduciary Trust Company ("VFTC") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions — Each year, participants may contribute 1% to 75% of their eligible compensation on a salary deferral basis subject to limitations specified in the Internal Revenue Code of 1986, as amended (the "Code"). A participant may designate all or a portion of his/her pre-tax contribution as a Roth contribution. Participants may also contribute 1% to 75% of their eligible compensation on an after-tax basis. Combined after-tax, Roth and pre-tax contributions may not exceed 75% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes to the Plan on behalf of each participant who contributes to the Plan and is represented by a rail union that negotiated a matching contribution with the Company. The Company's matching contribution is an amount equal to 50% of the participant's combined pre-tax, designated Roth, and after-tax contributions that are not in excess of 6% of the participant's eligible compensation for the payroll period.

Participant Loans — The Plan does not offer a participant loan feature.

Participant Accounts — An individual account is maintained for each Plan participant. Participants may direct the investment of their account into various investment options offered by the Plan. For all contribution types, participants have the option to direct their investment allocation at their discretion, except that effective March 1, 2022, a participant may not direct more than 20% of contributions into the Union Pacific Common Stock Fund. Contributions and earnings may be redirected or transferred to other investments at the direction of the participant, except that a participant may not elect to transfer amounts into the Union Pacific Common Stock Fund if such transfer would result in more than 20% of the participant's account to be invested in such fund. Alternatively, a participant may elect to participate in the Vanguard Advisers Managed Account Program ("Managed Account Program"). The Managed Account Program is a program in which certain participants may delegate ongoing, discretionary investment management decisions with respect to their account to Vanguard Advisers, Inc. Each participant's account is credited with the participant's contributions, employer-matching contributions (if applicable), and an allocation of the Plan's earnings (losses) based on the type of investments selected and their performance. The allocations are based on each participant's account balance by investment type. If a participant does not provide investment directions (or has not elected to participate in the Managed Account Program) with respect to an amount credited to their account, such amount is invested in a default investment option designated under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants at all times have a 100% vested interest in their accounts.

Distributions to Participants — Following a participant's separation from service, a distribution of benefits will be made upon request in a single sum payment. The portion of a participant's account invested in the Union Pacific Common Stock Fund, if any, is distributed in cash unless shares of stock are elected at the time of distribution ("in-kind distribution"). In-kind distributions are single sum and any fractional shares are distributed in cash. A participant who separated from service may defer distribution until the earlier of the participant's required beginning date, as defined in the Plan, or the participant's death. If distribution is deferred until the participant's required beginning date, the participant may elect distribution either in a single sum or in the form of monthly, quarterly, semi-annual, or annual installments. Such single sum distribution must be made (or installments begin) no later than the participant's required beginning date. If the participant remains employed with the Company after attaining age 70 ½ (or, if the participant's date of birth is after June 30, 1949, the age determined under Section 401(a)(9) of the Code, based on the participant's date of birth), the participant must either take a single sum distribution or begin installment payments of his/her account no later than the April 1st of the year following the year in which the participant separated from service.

In-service withdrawals, including withdrawals of rollover contributions or after-tax contributions, qualified birth or adoption distributions, hardship withdrawals, and withdrawals on and after age 59 ½, may be made by a participant from his or her account in accordance with the Plan's provisions.

Plan Administration — The Plan is administered by the Named Fiduciary - Plan Administration. The Executive Vice President - Sustainability and Strategy of Union Pacific Railroad Company currently serves in this role. Investment management fees for the Plan's investment options are netted against investment earnings. Except to the extent the Company is obligated pursuant to the terms of a collective bargaining agreement to pay expenses incurred for Plan administration, such expenses, including participant recordkeeping expenses, are payable from Plan assets.

Subsequent Events Evaluation — We evaluated the effects of all subsequent events through June 23, 2023, the financial statement issuance date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and amounts reported in the financial statements.

Investment Valuation and Income Recognition — Investments are reported at fair value with the exception of fully benefit-responsive investment contracts, which are reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Dividend income is recorded as of the ex-dividend date. Dividends are reinvested in a related participant fund. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded as of the trade date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

For fully benefit-responsive contracts held by a defined contribution plan, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fully benefit-responsive investment contracts at contract value. The statements of changes in net assets available for benefits present the fully benefit-responsive investment contracts on a contract value basis.

Administrative Expenses — Administrative expenses of the Plan are paid as described in the section "Plan Administration" in Note 1. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses for investments are reflected as a reduction of investment return for such investments. To the extent paid by the Plan, recordkeeping expenses are deducted from participants' accounts on a quarterly basis. Plan administrative expenses of $1,485,837 and $1,658,997 were paid in 2022 and 2021, respectively.

Distributions to Participants — Distributions are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2022 and 2021.

3. FAIR VALUE MEASUREMENT

Accounting Standard Codification (ASC) 820, *Fair Value Measurement*, established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 — Quoted market prices in active markets for identical assets or liabilities.

Level 2 — Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 — Unobservable inputs that are not corroborated by market data.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Methodologies — Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used to determine the fair value for each investment category and the fair value hierarchy tier to which each investment category has been assigned.

Common Stock — Amounts are invested exclusively in common stock issued by Union Pacific Corporation (the "Corporation"). The unit price (value) for shares of this fund is computed daily based on the closing price of Union Pacific Corporation common stock on the New York Stock Exchange and the number of shares of stock held by the fund. Employer stock funds are classified as Level 1 investments.

Cash & Cash Equivalents — These investments consist of U.S. dollars within a money market account. These temporary cash investments are classified as Level 1 investments.

Mutual Funds (Including the Domestic and International Stock Funds, Balanced Fund, Money Market Fund, and Bond Funds) — The shares of mutual funds are actively traded in a public exchange and the quoted prices at which these securities trade in the exchange are readily available. These quoted prices are used to determine the fair values of mutual fund shares held at year-end. Mutual funds are classified as Level 1 investments.

Common/Collective Trusts — These investments are valued at the net asset value of units of a common collective trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily.

A summary of the Union Pacific Corporation Master Trust ("Master Trust") assets (Note 4) measured at fair value on a recurring basis set forth by level within the fair value hierarchy is presented in the following tables:

As of December 31, 2022	*Quoted Prices in Active Markets for Identical Assets (Level 1)*	*Significant Other Observable Inputs (Level 2)*	*Significant Unobservable Inputs (Level 3)*	*Total*
Investments at fair value:

Total investments at fair value				$ 4,677,807,377

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Net Asset Value per Share — The following tables summarize investments for which fair value is measured at net asset value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2022	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (If Currently Eligible)*	*Redemption Notice Period*
Common/Collective Trusts	$ 2,664,803,402	n/a	Daily	None

As of December 31, 2021	*Fair Value*	*Unfunded Commitments*	*Redemption Frequency (If Currently Eligible)*	*Redemption Notice Period*
Common/Collective Trusts	$ 1,976,996,720	n/a	Daily	None

4. MASTER TRUST

At December 31, 2022 and 2021, the Plan participated in a Master Trust with other retirement plans sponsored by the Corporation or its subsidiaries. The investment assets of the Master Trust are held at VFTC. Use of the Master Trust permits the commingling of the trust assets of a number of benefit plans of the Corporation and its subsidiaries for investment and administrative purposes. Although assets are commingled in the Master Trust, VFTC maintains supporting records for the purpose of allocating the net investment income (loss) of the investment accounts to the various participating plans. The investment valuation methods for investments held by the Master Trust are discussed in Note 3.

The Plan's interest in the Master Trust is presented in the following tables:

As of December 31,	**2022**		2021	
	Master Trust	**Plan Interest**	Master Trust	Plan Interest
Investments at fair value:				
Common Stock	**$ 680,290,384**	**$ 310,450,179**	$ 877,789,118	$ 400,632,652
Cash & Cash Equivalents	**4,828,349**	**1,379,132**	6,396,143	1,787,582
Mutual Funds	**293,653,633**	**136,477,563**	1,816,625,396	902,420,696
Common/Collective Trusts	**2,664,803,402**	**1,347,550,132**	1,976,996,720	1,002,540,851
Investments at fair value	**3,643,575,768**	**1,795,857,006**	4,677,807,377	2,307,381,781
Investments at contract value	**393,820,730**	**169,592,447**	365,400,317	148,572,998
Total investments	**$ 4,037,396,498**	**$ 1,965,449,453**	$ 5,043,207,694	$ 2,455,954,779

Investment income (loss) for the Master Trust is as follows:

For the Years Ended December 31,	***2022***	*2021*
Net appreciation (depreciation) in fair value	**$ (860,560,589)**	$ 600,849,791
Interest and dividends	**41,335,275**	101,386,306
Total investment income (loss) of Master Trust	**$ (819,225,314)**	$ 702,236,097
Plan's portion of Master Trust investment income (loss)	**$ (403,760,385)**	$ 340,035,288

While the Plan participates in the Master Trust, each participant's account is allocated earnings (or losses) consistent with the performance of the funds in which the participant's account is invested. Therefore, the investment income (loss) of the Master Trust may not be allocated evenly among the plans participating in the Master Trust.

The Master Trust provides to participants a stable value investment option (the "Union Pacific Fixed Income Fund" or "Fund") that includes traditional Guaranteed Investment Contracts ("GICs") and synthetic GICs. Traditional GICs are issued by insurance companies and provide for benefit-responsive withdrawals by Plan participants at contract value. Contract value represents contributions made plus interest accrued at the contract rate, less withdrawals. The crediting rate on traditional contracts is typically fixed for the life of the investment. The contracts are backed by the assets in an insurance company's general account or a separate account. Synthetic GICs pair Plan-owned fixed income investments with an insurance like feature known as a "wrap contract" issued by a bank or life insurance company. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. To the extent that the Fund has unrealized gains and losses, the interest crediting rate may differ from then-current market rates. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events could be different under each contract. Such events include layoffs, divisional sales, voluntary or involuntary reductions in workforce, Plan-wide re-enrollments, or other events that are outside the normal operation of the Plan that causes a withdrawal from an investment contract. Plan management does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events could be different under each contract. Such events include a change in qualification status of a participant, employer, or Plan; a breach of material obligations under the contract and misrepresentation by the contract holder; or failure of the underlying portfolio to conform to the pre-established investment guidelines.

The following table represents the disaggregation of contract value between types of investment contracts and other fund level transactions held by the Master Trust:

As of December 31,	***2022***	*2021*
Synthetic investment contracts	**$ 357,408,533**	$ 343,064,861
Traditional investment contracts	**24,746,148**	13,319,662
Money market fund	**12,213,956**	9,556,598
Other	**(547,907)**	(540,804)
Total investments at contract value	**$ 393,820,730**	$ 365,400,317

5. FEDERAL INCOME TAX STATUS

The Plan obtained a tax determination letter dated June 12, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Company and Plan management believe that the Plan and the related Master Trust are currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan and the related Master Trust are no longer subject to income tax examinations for years prior to 2019.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan, at any time, to terminate the Plan subject to the provisions of ERISA. Regardless of such actions, the principal and income of the Plan remains for the exclusive benefit of the Plan's participants and beneficiaries. The Company may direct VFTC either to distribute the Plan's assets to the participants, or to continue the Trust and distribute benefits as though the Plan had not been terminated.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Master Trust investments include the Union Pacific Common Stock Fund, which is invested in the common stock of the Corporation. The Corporation is the parent holding company of the Plan sponsor and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2022 and 2021, the Plan's interest in the Master Trust's investment in the Union Pacific Common Stock Fund had a cost basis of $124,538,702 and $119,795,433, respectively. During the years ended December 31, 2022 and 2021, the Plan recorded dividend income of $7,787,199 and $7,059,625, respectively.

The Master Trust also invests in various funds managed by VFTC and common collective trusts managed by T Rowe Price and EARNEST Partners. VFTC is the Plan's trustee and recordkeeper, and T Rowe Price and EARNEST Partners are each a fiduciary with respect to the Plan's assets invested in the common collective trusts they manage. Therefore, investment transactions in funds managed by these entities qualify as party-in-interest transactions.
