Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by⁹ and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

The following description of Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Porzio, Bromberg & Newman, P.C. (the "Company" and "Plan Sponsor") and its participating subsidiaries and affiliates. Employees are eligible to participate in (i) salary reduction and employer matching contributions as of their first day of the next pay period following their date of employment with the Company and (ii) employer discretionary as of the first day of the Plan year following their date of employment with the Company.

The Plan was amended January 1, 2018, so that the method of vesting is determined by service hours starting on the employee's first day of employment, rather than the service hours in a given year, and removed the contribution limits for highly compensated employees. On January 1, 2021 the Plan was restated to include certain employees of predecessor employers. Effective November 1, 2022, Porzio Life Sciences LLC ceased its participation in the Plan.

Contributions

The Plan allows each participant to contribute a percentage of their annual compensation to the Plan as permitted by Internal Revenue Service ("IRS") regulations. The Company makes matching contributions equal to 50% of each participant's salary deferral contributions up to 6% of the participant's compensation. Matching contributions were approximately \$860,000. In addition, the Company, at its discretion, may make a profit sharing contribution. Profit sharing contributions for the year ended December 31, 2022 were approximately \$1,635,000. Total employer contributions were approximately \$2,495,000 for the year ended December 31, 2022. Beginning February 15, 2022, participants become auto-enrolled into the Plan at 6%.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are fully vested in their own contribution and earnings. Participants vest 20% after two years of service and an additional 20% each subsequent year until fully vested after completing six years of service in the Company's matching and discretionary profit sharing contributions.

Forfeitures

The portion of a participant's account attributable to Company contributions, which is forfeited by a participant as a result of the termination of a participant in the Plan, is used to reduce future Plan Sponsor contributions payable under the Plan. Forfeitures from employees for the year ended December 31, 2022 approximated \$96,000. For the year ended December 31, 2022, Plan forfeitures of approximately \$71,000 were applied with the payment of the employer matching contributions. A forfeiture balance of approximately \$98,000 was available at December 31, 2022. At December 31, 2021, a forfeiture balance of \$73,000 was available to be applied towards future employer contributions.

Participant Loans

Participants may borrow from their fund accounts the lesser of 50 percent of their vested balance or \$50,000 minus their highest outstanding loan amount during the prior twelve months. Loan transactions are treated as a transfer from the investment fund to the participants loan fund. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. The loans are collateralized by the balance of the participant's account and bear interest ranging from 3.25% to 6.25%. Repayment of the loan is required to be made at least quarterly on an after-tax basis in level payments of principal and interest, and must be completed within five years, except for the purchase of a primary residence.

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Rollovers

An employee may rollover distributions from a former employer's qualified plan to the Plan, regardless of eligibility if it has been determined by the plan administrator to be an "eligible rollover distribution" as defined by the Internal Revenue Code ("IRC").

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses

Substantially all expenses incurred in the administration of the Plan are paid directly by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities reported in the financial statements. Actual results may differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 28, 2023, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Investment and Notes Receivable from Participants Information Certified by the Plan's Custodian

The following is a summary of the investments and notes receivable from participants information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Vanguard Fiduciary Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Information relating to investments and notes receivable from participants held by the custodian at December 31, 2022 and 2021 is as follows:

	2022	2021
Mutual funds	\$ 106,911,446	\$ 133,306,795
Notes receivable from participants	666,219	695,956
	<u>\$ 107,577,665</u>	<u>\$ 134,002,751</u>

The following was also certified by the custodian for the year ended December 31, 2022:

Interest and dividend income	<u>\$ 3,987,530</u>
Net depreciation in fair value of investments	<u>\$ (30,181,861)</u>
Participant loan interest income	<u>\$ 27,591</u>

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical investments.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the fund.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used at December 31, 2022 and 2021.

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 106,911,446	\$ -	\$ -	\$ 106,911,446

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 133,306,795	\$ -	\$ -	\$ 133,306,795

5. Related Party Transactions

The Vanguard Fiduciary Trust Company ("VFTC"), the custodian of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to VFTC were \$60,876 for the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan in whole or in part at any time subject to the provisions set forth in the Employer Retirement Income Security Act of 1974 ("ERISA"). Upon termination, partial termination or complete discontinuance of contributions under the Plan, all participants become fully vested in their individual accounts.

7. Tax Status

Although the Plan has not requested determination from the Internal Revenue Service ("IRS") as to the Plan's tax-exempt status, the master prototype plan from which the Plan was drafted has received a favorable determination from the IRS dated June 30, 2020. The Plan administrator believes that the Sponsor has operated the Plan in a manner that did not jeopardize this tax status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at the end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by⁹ and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

The following description of Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Porzio, Bromberg & Newman, P.C. (the "Company" and "Plan Sponsor") and its participating subsidiaries and affiliates. Employees are eligible to participate in (i) salary reduction and employer matching contributions as of their first day of the next pay period following their date of employment with the Company and (ii) employer discretionary as of the first day of the Plan year following their date of employment with the Company.

The Plan was amended January 1, 2018, so that the method of vesting is determined by service hours starting on the employee's first day of employment, rather than the service hours in a given year, and removed the contribution limits for highly compensated employees. On January 1, 2021 the Plan was restated to include certain employees of predecessor employers. Effective November 1, 2022, Porzio Life Sciences LLC ceased its participation in the Plan.

Contributions

The Plan allows each participant to contribute a percentage of their annual compensation to the Plan as permitted by Internal Revenue Service ("IRS") regulations. The Company makes matching contributions equal to 50% of each participant's salary deferral contributions up to 6% of the participant's compensation. Matching contributions were approximately \$860,000. In addition, the Company, at its discretion, may make a profit sharing contribution. Profit sharing contributions for the year ended December 31, 2022 were approximately \$1,635,000. Total employer contributions were approximately \$2,495,000 for the year ended December 31, 2022. Beginning February 15, 2022, participants become auto-enrolled into the Plan at 6%.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, employer contributions, and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are fully vested in their own contribution and earnings. Participants vest 20% after two years of service and an additional 20% each subsequent year until fully vested after completing six years of service in the Company's matching and discretionary profit sharing contributions.

Forfeitures

The portion of a participant's account attributable to Company contributions, which is forfeited by a participant as a result of the termination of a participant in the Plan, is used to reduce future Plan Sponsor contributions payable under the Plan. Forfeitures from employees for the year ended December 31, 2022 approximated \$96,000. For the year ended December 31, 2022, Plan forfeitures of approximately \$71,000 were applied with the payment of the employer matching contributions. A forfeiture balance of approximately \$98,000 was available at December 31, 2022. At December 31, 2021, a forfeiture balance of \$73,000 was available to be applied towards future employer contributions.

Participant Loans

Participants may borrow from their fund accounts the lesser of 50 percent of their vested balance or \$50,000 minus their highest outstanding loan amount during the prior twelve months. Loan transactions are treated as a transfer from the investment fund to the participants loan fund. Loans are measured at their unpaid principal balance plus any accrued, but unpaid interest. The loans are collateralized by the balance of the participant's account and bear interest ranging from 3.25% to 6.25%. Repayment of the loan is required to be made at least quarterly on an after-tax basis in level payments of principal and interest, and must be completed within five years, except for the purchase of a primary residence.

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Rollovers

An employee may rollover distributions from a former employer's qualified plan to the Plan, regardless of eligibility if it has been determined by the plan administrator to be an "eligible rollover distribution" as defined by the Internal Revenue Code ("IRC").

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses

Substantially all expenses incurred in the administration of the Plan are paid directly by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities reported in the financial statements. Actual results may differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 28, 2023, the date the financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Investment and Notes Receivable from Participants Information Certified by the Plan's Custodian

The following is a summary of the investments and notes receivable from participants information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Vanguard Fiduciary Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodian that such information is complete and accurate.

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Information relating to investments and notes receivable from participants held by the custodian at December 31, 2022 and 2021 is as follows:

	2022	2021
Mutual funds	\$ 106,911,446	\$ 133,306,795
Notes receivable from participants	666,219	695,956
	<u>\$ 107,577,665</u>	<u>\$ 134,002,751</u>

The following was also certified by the custodian for the year ended December 31, 2022:

Interest and dividend income	<u>\$ 3,987,530</u>
Net depreciation in fair value of investments	<u>\$ (30,181,861)</u>
Participant loan interest income	<u>\$ 27,591</u>

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical investments.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the fund.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used at December 31, 2022 and 2021.

Porzio, Bromberg & Newman, P.C. Employees 401(k) Profit Sharing Plan

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 106,911,446	\$ -	\$ -	\$ 106,911,446

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 133,306,795	\$ -	\$ -	\$ 133,306,795

5. Related Party Transactions

The Vanguard Fiduciary Trust Company ("VFTC"), the custodian of the Plan, manages certain Plan investments; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to VFTC were \$60,876 for the year ended December 31, 2022.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan in whole or in part at any time subject to the provisions set forth in the Employer Retirement Income Security Act of 1974 ("ERISA"). Upon termination, partial termination or complete discontinuance of contributions under the Plan, all participants become fully vested in their individual accounts.

7. Tax Status

Although the Plan has not requested determination from the Internal Revenue Service ("IRS") as to the Plan's tax-exempt status, the master prototype plan from which the Plan was drafted has received a favorable determination from the IRS dated June 30, 2020. The Plan administrator believes that the Sponsor has operated the Plan in a manner that did not jeopardize this tax status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
