Independent Auditor's Report

Plan Administrator and Participants
VanDeMark Chemical Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the financial statements of VanDeMark Chemical Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am required to be independent of the Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedule, I evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VanDeMark Chemical Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of the Plan

The following description of the VanDeMark Chemical Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution plan sponsored by VanDeMark Chemical Inc. (the "Company" or "Employer") and covers substantially all employees of the Company and adopting employers who have completed three months of eligible service, as defined. Effective January 1, 2022, the service requirement was reduced to 30 days. Eligible participants are allowed to enter the Plan monthly.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Great-West Life & Annuity Insurance Company is the Plan's custodian and Empower Retirement is the Plan's recordkeeper.

Contributions — Participants may contribute up to 90% of their annual compensation, as defined in the Plan. The Plan permits both pre-tax and after-tax (Roth) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan contains an automatic enrollment feature under which, upon reaching eligibility, the Company will begin to automatically deduct 3% of compensation unless otherwise directed by the participant.

The Plan is a safe harbor 401(k) plan, as defined in the Plan documents. Each year, the Employer will make a safe harbor matching contribution equal to 100% of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals between 3% and 5% of the participant's compensation. The safe harbor matching contributions are 100% vested. Employer safe harbor matching contributions amounted to \$344,310 for the year ended December 31, 2022, of which \$331,984 was funded in cash and \$12,326 was funded from forfeited accounts on July 3, 2023.

The Plan also provides for matching contributions and profit sharing contributions at the discretion of the Company's Board of Directors. The discretionary matching contribution if any is equal to 4% of the eligible participant's compensation. Any profit sharing contribution is at the discretion of the Employer. The matching contributions and profit sharing contributions, if any, are allocated to eligible participants based upon their compensation in proportion to compensation of all eligible participants of the Plan. There were no discretionary matching contributions or profit sharing contributions for 2022.

All contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participants direct the investment of their contribution into various investment options offered by the Plan. Plan management modified the investment options offered by the Plan effective March 1, 2022. As a result, participant's discontinued investment options were transferred, or "mapped" to new investment options under the Plan. The various Target Date Funds available are the default investments used when a participant has not made an investment election for all or any portion of their accounts.

Participant Accounts — Each participant's account is credited with the participant's contributions, an allocation of Employer contributions and Plan earnings, and charged with withdrawals and administrative expenses and Plan losses. Allocations are based on participant earnings, or account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are 100% vested in their elective deferral contributions, rollover contributions, Employer safe harbor matching contributions, matching contributions, and any earnings thereon. Discretionary profit sharing contributions and any earnings thereon vest over a five year graded period, as defined.

Notes Receivable from Participants — Participants may borrow from their fund accounts a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally range from one to five years, or longer for the purchase of a participant's primary residence. The maximum number of Plan loans outstanding at any one time is one. Interest is fixed at the prime rate plus 1% when the loan is issued.

Payment of Benefits and Withdrawals — Upon termination of service due to retirement, early retirement, death, or disability, a participant may elect to receive the value of the participant's vested interest in his or her account, in the form of a lump-sum, as defined by the Plan. Participant balances less than \$5,000 are required to be distributed in accordance with plan provisions. Subject to certain conditions, other payments may be permitted for in-service distributions including financial hardship, as defined by the IRC.

Forfeitures and Participant Revenue Credits — Forfeitures of non-vested Employer contributions can be used to pay expenses of the Plan or to reduce Employer contributions. In addition, certain Participant Revenue Credits generated as a result of a revenue sharing agreement may be transferred to the forfeiture account to pay for eligible plan expenses. As of December 31, 2022 and 2021, unallocated forfeitures amounted to \$25,069 and \$24,437, respectively. The forfeited nonvested accounts are invested in the Key Guaranteed Portfolio fund at December 31, 2022 and 2021. During 2022, \$11,364 of forfeitures were used to reduce the Employer contributions. Also, during 2022, Participant Revenue Credits of \$28,619 were transferred to the forfeiture account, of which \$16,931 were used to pay administrative expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting — The financial statements of the Plan are prepared using the accrual basis of accounting under accounting principles accepted in the United States of America.

Investment Valuation and Income Recognition — Investments are reported at fair value except for the fully benefit responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits — Benefit are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Participant Revenue Credits are generated as a result of a revenue sharing agreement between the Company and the Plan's custodian and record keeper.

Use of Estimates — The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Market Risk Factors — The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events — Plan management has evaluated subsequent events through July 25, 2023, the date the financial statements were available to be issued.

3. Investment Valuation and Income Recognition

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.
- Level 2 – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, substantially for the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.
- Level 3 – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Investment Valuation and Income Recognition (Continued)

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2022 and 2021:

Mutual Funds – Valued based on the daily quoted market price available on an active market, which represents net asset values of the shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Hierarchy	Fair value at December 31,	
		2022	2021
Mutual funds	Level 1	<u>\$ 12,252,676</u>	<u>\$ 15,298,783</u>

4. Group Annuity Contract

The Plan offers an investment option of a group annuity contract with Great-West Life & Annuity Insurance Company of New York, a related entity of the Plan's custodian. The contract is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As a traditional investment contract, the Plan owns only the contract itself.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The credit rating is reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Plan management believes that there are no events probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Related-Party and Party-In-Interest Transactions

The Plan invests in a guaranteed portfolio fund managed by Great-West Life & Annuity Insurance Company of New York. An affiliate of Great-West Life & Annuity Insurance Company of New York is the custodian, as defined by the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Certain employees and/or officers of the Company or its affiliates perform administrative services to the Plan at no cost to the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan adopted a prototype plan document sponsored by Actuarial Consulting Services, Inc. Actuarial Consulting Services, Inc. (“ACSI”) received an opinion letter from the Internal Revenue Service, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

As of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Certified Financial Information

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information prepared by Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC and furnished to the Company. The Company has obtained certifications from Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that such information is complete and accurate.
