INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Seneca Health Services, Inc. 403(b) Plan
Summersville, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Seneca Health Services, Inc. 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Seneca Health Services, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Seneca Health Services, Inc. 403(b) Plan. Because of the significance of the matters described in the Basis of Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Further, as described in Note 2 to the financial statements, Seneca Health Services, Inc. 403(b) Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. If the excluded contracts, as reported by the custodian, were included, net assets available for benefits would increase by \$579,589 and \$693,929 as of December 31, 2022 and 2021, respectively. Further, investment loss of approximately \$45,731 and distributions of approximately \$68,609 related to such accounts, as identified by the custodian, have also been excluded in the accompanying statement of changes in net assets available for benefits-modified cash basis for the year ended December 31, 2022. The modified cash basis of accounting requires that these accounts and the related income and distributions be included in the accompanying financial statements.

In addition, because certain prior-year records were not available, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2022 and 2021, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the years then ended. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the design, implementation, and maintenance of internal control relevant to the preparation of the financial statements in the circumstances. Management is also responsible for fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Seneca Health Services, Inc. 403(b) Plan in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Seneca Health Services, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, was derived from, and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedule referred to above.

SENECA HEALTH SERVICES, INC. 403(B) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

Note 1. Plan Description

The following description of Seneca Health Services, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a tax sheltered annuity plan as described under the Internal Revenue Code section 403(b). The Plan covers all employees of Seneca Health Services, Inc. who are generally scheduled to work more than 20 hours per week, including certain employees covered by a collective bargaining agreement with the employer based on the terms defined in Article XVIII of the most recent agreement. Certain classes of employees covered under the collective bargaining agreement may elect a higher rate of pay in lieu of benefits. The terms of the agreement may be modified in the future, which might impact eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute any percentage of their annual compensation, on a pre-tax or after tax basis, up to the maximum allowable amount as set forth in the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company is required to contribute 5% of participant compensation, as defined in the plan document, on a monthly basis to eligible employees, excluding Family Contracted Employees.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), which are net of any investment costs and fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, employer contributions, plus actual earnings (losses) thereon.

Payment of benefits

Upon departure from the Company due to termination, death, disability or retirement, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum cash payment or various forms of annuity. If a participant was hired prior to

Payment of benefits

September 1, 2000, and is married on the date benefits are set to begin, the participant will automatically receive a joint and 50% survivor annuity, unless otherwise elected. If a participant was hired prior to September 1, 2000, and is not married on the date benefits are set to begin, the participant will automatically receive a life annuity, unless elected otherwise. Mandatory distributions are applied to account balances less than \$5,000 following severance of employment. The Plan also includes provisions for in-service and hardship withdrawals.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Tax status

The Plan has a 403(b) Volume Submitter Plan document sponsored by Ascensus, LLC which received a favorable opinion letter from the Internal Revenue Service dated January 1, 2018, stating that the Plan and related trust are designed in accordance with applicable sections of the *Internal Revenue Code* (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared in conformity with the modified cash basis of accounting. Under this basis, investment income is recognized when received rather than when earned, distributions are recognized when paid rather than when incurred. Additionally, investments are reflected at fair value.

The Plan's financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan administrator has elected to exclude those contracts and accounts and the related activity from the Plan's financial statements for purposes of the annual reporting requirements of the Employee Retirement Income Security Act of 1974 (ERISA) in accordance with the transition relief provided by Department of Labor Field Assistance Bulletin No. 2009-02, *Annual Reporting and ERISA Coverage for 403(b) Plans*. Presentation of this information is required by the modified cash basis of accounting. If the excluded contracts, as reported by the custodian, were included, net assets available for benefits would increase by approximately \$579,589 and \$693,929 as of December 31, 2022 and 2021,

respectively. Further, investment loss of approximately \$45,731 and distributions of approximately \$68,609 related to such accounts, as identified by the custodian, have also been excluded in the accompanying statement of changes in net assets available for benefits-modified cash basis for the year ended December 31, 2022.

Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect assets and changes therein. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative costs

Plan fees and administrative expenses are paid by the Company on a discretionary basis. A portion of these fees and expenses were paid by the Company for the year ended December 31, 2022.

Subsequent events

The date to which events occurring after December 31, 2022, have been evaluated for possible adjustment to or disclosure in the financial statements is July 25, 2023, which is the date the financial statements were available to be issued.

Note 3. Trustee's Certification

Certain information was certified as complete and accurate by Ascensus Trust Company, the Trustee of the Plan. This information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

Stable value fund: Valued at the NAV of units of a bank collective trust as provided by the trust manager as of the financial statement dates. The NAV is based on contract value, with estimated fair value computed monthly. Participant transactions (purchases and sales) may occur daily and have no restrictions. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2022.

Assets measured at fair value on a recurring basis consisted of the following:

Note 5. Related Parties and Party-In-Interest Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee received compensation from the Plan.

The Company pays certain administrative fees on behalf of the Plan, including legal, accounting, trustee, and administrative fees and provides certain administrative services to the Plan at no cost. In addition, the Plan invests in certain proprietary funds of the custodian.

Note 6. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the increase in net assets available for benefits per the financial statements to Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (1,383,631)

Decrease in net assets available for benefits per Form 5500	<u>\$ (1,415,121)</u>

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that additional changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
