INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Riggs, Counselman, Michaels & Downes, Inc. Defined Benefit Pension Plan and Trust

SCOPE AND NATURE OF THE ERISA SECTION 103(a)(3)(C) AUDIT

We performed audits of the accompanying financial statements of the Riggs, Counselman, Michaels & Downes, Inc. Defined Benefit Pension Plan and Trust (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits – Liquidation Basis and Accumulated Plan Benefits – Liquidation Basis as of December 31, 2022 and 2021, the related Statements of Changes in Net Assets Available for Benefits – Liquidation Basis and Changes in Accumulated Plan Benefits – Liquidation Basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, elected to have the audits of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021 stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

OPINION

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT, CONTINUED

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

AUDITORS' RESPONSIBILITIES FOR THE AUDITS OF THE FINANCIAL STATEMENTS

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

INDEPENDENT AUDITORS' REPORT, CONTINUED

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

SUPPLEMENTAL SCHEDULES REQUIRED BY ERISA

The supplemental Schedules of Assets (Held at End of Year) and Reportable Transactions as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional

INDEPENDENT AUDITORS' REPORT, CONTINUED

procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following brief description of the Riggs, Counselman, Michaels & Downes, Inc. Defined Benefit Pension Plan and Trust (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

GENERAL

The Plan is a defined-benefit pension plan covering substantially all employees of Riggs, Counselman, Michaels & Downes, Inc. and its subsidiaries, RCM&D Self-Insured Services Company, Inc. and Phillips Cox Insurance and Financial Services (collectively referred to as the Company), whose employment commenced prior to January 1, 2007. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2009, all benefit accruals under the Plan were suspended, at which time future credited service years were frozen, except for participants who were not fully vested in their accrued benefit. Once these participants become fully vested, their future credited service years will be frozen.

In May 2021, the Board of Directors of Riggs, Counselman, Michaels & Downes, Inc. unanimously adopted a resolution to terminate the Plan. Effective June 30, 2021, the Plan was terminated.

VESTING

A participant becomes 100% vested in the participant's accrued benefit under the Plan as of the earlier of the date the participant turns 65 years old or the date the participant is credited with five years of vesting service, as defined in the Plan agreement. Effective June 30, 2021, the Plan was terminated and all participants immediately became fully vested.

PENSION BENEFITS

Participants' accrued benefits shall be based on their years of credited service completed as of December 31, 2008 and their final earnings as of December 31, 2008. Participants' accrued benefits shall not be revised to reflect changes in their compensation or increase in their years of credited service after December 31, 2008.

Employees with five or more years of service are entitled to annual pension benefits beginning at the normal retirement age of 65 that equal to 1.5% of their final average earnings, less 0.635% of final earnings up to covered compensation, multiplied by their years of credited service not to exceed 35 years. A participant's final earnings mean a participant's highest average compensation in any 60 consecutive-month period during the last 10 years of service

(See Independent Auditors' Report)

before the earliest of (a) a participant's normal retirement date, (b) the date a participant terminates employment, or (c) December 31, 2008. Compensation earned after December 31, 2008 shall be excluded from the computation.

The Plan permits early retirement at ages 55 through 64 with 10 years of service. If participants terminate before rendering five years of service, they forfeit the right to receive benefits under the Plan.

The normal form of benefit payment is a life annuity. Married participants will automatically receive a qualified joint and survivor annuity unless they elect an optional form of payment as provided in the Plan.

Due to the termination of the plan in June 2021, remaining participants have the option to receive their accumulated benefits either as a lump-sum distribution, as a rollover into another qualified retirement plan, or as an annuity purchased through Dietrich and Associates.

DEATH BENEFITS

If a married participant dies prior to normal retirement date and the participant is vested, a death benefit is provided by a qualified pre-retirement survivor annuity. Married participants who die after normal retirement date receive death benefits pursuant to the qualified joint and survivor annuity or their benefit election at retirement.

An unmarried participant who dies prior to normal retirement date receives no death benefit. An unmarried participant who dies after normal retirement date receives no death benefit unless the participant elected an optional form of payment.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements were prepared on the liquidation basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued as earned. Dividends are recorded on the ex-dividend date.

(See Independent Auditors' Report)

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of investments, which consists of the realized gains and losses and the unrealized appreciation of those investments.

ACCOUNTING STANDARDS CODIFICATION

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and additions and deductions recognized during the reporting period. Actual results could differ from those estimates.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded when paid.

ADMINISTRATIVE EXPENSES

All administrative and operating expenses of the Plan, excluding any fees and charges relating to investment management that are included in the value of the respective fund, are paid by the Company and not charged against the Company's contributions. Such expenses are not shown in the accompanying statements.

SUBSEQUENT EVENTS

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through July 21, 2023, the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those estimated future periodic payments that are attributable under the Plan's provisions to the service participants rendered. Accumulated Plan benefits include benefits expected to be paid to a) retired or terminated participants or their beneficiaries, b) beneficiaries of participants who have died, and c) present participants or their beneficiaries. Benefits under the Plan are based on the participant's highest average

(See Independent Auditors' Report)

compensation in any 60 consecutive months during the last 10 years of service before the earliest of retirement, termination of employment, or December 31, 2008. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to participants' service rendered to the valuation date. Benefits provided via annuity contracts excluded from the Plan assets are excluded from accumulated Plan benefits.

The actuarial present value of accumulated Plan benefits is determined by an actuary from Boomershine Consulting Group, LLC and is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2022 and 2021 under the Projected Unit Credit Method were a) life expectancy based on the Internal Revenue Service (IRS) Tables [Internal Revenue Code Section 430(h)(3)(A)], b) an assumed average retirement age of 65, and c) an investment return of 2.4%. During 2022, the Plan discount rate increased from 2.4% to 4.85%, which resulted in a decrease in the accumulated Plan benefits of \$2,874,739. The change in lump-sum mortality from IRS 2022 to IRS 2023 resulted in a decrease to accumulated Plan benefits of \$84,194.

NOTE 4 FUNDING POLICY

The funding policy of the Plan is to contribute an amount that meets the minimum contribution required by law plus any additional amounts the Company deems appropriate. The employees of the Company do not make contributions to the Plan.

NOTE 5 PLAN TERMINATION

Benefits under this Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) as prescribed by ERISA and its related regulations.

The Plan has terminated, and the net assets of the Plan will be distributed as prescribed by ERISA and its related regulations.

Generally, the PBGC guarantees the payment of most vested normal age retirement benefits, early retirement benefits, and certain survivors' pensions, if a pension plan terminates and there are insufficient funds to pay such benefits. However, the PBGC does not guarantee all types of benefits under all types of covered plans, and the amount of benefit protection is subject to certain limitations.

(See Independent Auditors' Report)

The PBGC guarantees vested benefits at the level in effect on the date of Plan termination. However, if benefits were increased within the five years before a plan terminates, the whole amount of the plan's vested benefits or the benefit increase may not be guaranteed. In addition, there is a ceiling on the amount of monthly benefits that the PBGC guarantees, which is adjusted periodically. Whether all participants receive their benefits after Plan termination will depend on the sufficiency of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

NOTE 6 **INVESTMENTS**

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC Bank, N.A., the Trustee of the Plan, certified the completeness and accuracy of all investments and investment activity reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, Schedule of Assets (Held at End of Year) as of December 31, 2022, Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021, and the accompanying notes to financial statements. The information was not audited by the Plan's independent auditors.

During the year ended December 31, 2022, certified investment income consisted of the following:

Interest	\$ 311,663
----------	-----------------

VALUATION OF INVESTMENTS

Investments are recorded at fair value in accordance with the provisions of the Fair Value Measurements and Disclosures Topic of the Codification, which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Codification are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

(See Independent Auditors' Report)

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below are descriptions of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2022 and 2021.

Money Market and Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market. These assets are classified as Level 1 within the fair value hierarchy.

	<u>2022</u>	<u>2021</u>
	<u>Level 1 and Total</u>	<u>Level 1 and Total</u>
Money Market Fund	\$ 12,475,085	\$ 22,461,358

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7 TAX STATUS

The Plan obtained its latest determination dated September 6, 2022, wherein the IRS stated the Plan, as designed, was in compliance with the applicable requirements of the IRC upon termination.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator concluded that there were no uncertain tax positions taken as of December 31, 2022.

(See Independent Auditors' Report)

NOTE 8 RISKS AND UNCERTAINTIES

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.
