DallasNews Corporation Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DallasNews Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DallasNews Corporate Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

General

The DallasNews Corporate Savings Plan (the Plan) is a defined contribution plan, which was adopted by DallasNews Corporation (Plan Sponsor) and its subsidiaries (collectively, the Company or Plan Administrator) on February 5, 2008, and it covers substantially all employees of the Company, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's Trustee is Fidelity Management Trust Company (Trustee or Fidelity). Fidelity Workplace Services, LLC serves as the record keeper of the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

Employees become eligible for participation immediately or upon completion of one hour of service, as defined by the plan document. Participants may enter the Plan immediately following attainment of all eligibility requirements. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company discretionary contributions and an allocation of plan earnings or losses and charged with certain administrative expenses.

Participants are eligible to receive matching contributions as soon as they begin contributing to the Plan. Participants are eligible to receive a true-up matching contribution if they remain employed as of the last day of each plan year and their cumulative yearly matching contributions are less than 1.5% of their annual compensation and they deferred 1.5% of their annual compensation to the Plan.

Contributions

Participants may elect to defer pre-tax or Roth contributions based on a portion of their yearly eligible compensation as allowed by the Plan, or the maximum amount permitted under applicable Internal Revenue Code (IRC) regulations (\$20,500 for 2022). If no such election is made, eligible employees are automatically enrolled in the Plan at a contribution rate of 3% of pre-tax compensation with annual increases of 1% up to 6% of pre-tax compensation. Contributions will be mapped to an age-based, target retirement date fund, unless otherwise elected by the employee.

The maximum contribution an employee can make is 100% of his or her annual eligible compensation (less required withholdings and deductions), up to statutory limits. In accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), participants who attain age 50 prior to year-end are permitted to make an additional pre-tax "catch-up" contribution, up to the annual applicable limit (\$6,500 for 2022). Participants may also roll over into their accounts amounts representing distributions from other qualified retirement plans. All rollover contributions are always fully vested and are subject to investment gains and losses.

For the year ended December 31, 2022, the Company matched, on a dollar for dollar basis, 100% of eligible employee contributions, up to 1.5% of the employees' compensation over the respective pay periods. Upon completing one year of employment, participants are eligible for a discretionary profit-sharing contribution from the Company, should one be declared. No profit-sharing contributions were declared during 2022.

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants who separate from service are immediately 100% vested in their Company matching contribution and profit-sharing contributions without regard to the participant's years of service.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$94,387 and \$52,866, respectively. These amounts are reported as a component of net assets available for benefits. These accounts will be used to reduce future Company contributions or to pay administrative expenses. During 2022, \$4,262 forfeitures were used to pay plan administrative expenses and no forfeitures were used to reduce the Company contributions.

Revenue Sharing Account

Revenue sharing accounts are used to pay administrative expenses or are allocated to participant accounts. At December 31, 2022 and 2021, there were \$79,008 and \$212,100 of revenue sharing account balances available. During 2022, there were revenue sharing fund contributions of \$509,862, a portion of which were reported as other income on the Statement of Changes in Net Assets Available for Benefits. During 2022, revenue sharing funds were used to pay administrative expenses, the remainder was reallocated to participants accounts in accordance with the revenue credits program.

Notes Receivable From Participants

Participants are able to borrow against their deferral and rollover account balances. The minimum amount of any note is \$1,000, and the maximum amount of any note is the lesser of 50% of the participant's account or \$50,000, reduced by the excess of the highest outstanding note balance for the previous 12-month period over the outstanding balance of all notes on the date on which a note is made. Note terms range up to a period of five years. Interest charged on notes is intended to be commercially reasonable and is based on a banking quarterly prime rate. All payments with respect to the note (principal and interest) are invested in proportion to the participant's current investment selection. Notes receivable from participants, as of December 31, 2022, have interest rates ranging from 4.00% to 8.50% and maturity dates from January 2023 through December 2027. Notes receivable from participants, as of December 31, 2021, have interest rates ranging from 4.25% to 6.50% and maturity dates from February 2022 through December 2026.

Benefits Paid to Participants

As provided under the plan document and as allowed under the IRC, distribution of a participant's vested account is available upon the participant's retirement, death, disability, termination of employment or attainment of age 59½ or to satisfy financial hardship requirements permitted by the IRC.

Investment Options

The Plan provides for participants to direct both participant and the Company contributions into a variety of mutual funds of registered investment companies, a money market fund, a participant-directed brokerage account and common collective trust in accordance with participant investment elections and the provisions of the Trust agreement. Common stock account balances are all balances of issued and outstanding stock of shareholders that were transferred into the Plan on February 5, 2008. Participants are not able to invest any contributions into the DallasNews Series A Common Stock. Participants should refer to the plan website for additional fund information.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note receivable policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

DallasNews Corporate Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money market fund is valued at cost of \$1 per unit, which represents the net asset value (NAV) at year-end.

Mutual funds of registered investment companies and common stock are valued at NAV or quoted market prices of shares held by the Plan at year-end.

Common collective trust is valued at the NAV of units of a bank collective trust, as determined by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Participant-directed brokerage accounts are valued at the NAV or quoted market prices of mutual fund or shares of common stock held by the brokerage account at year-end.

DallasNews Corporate Savings Plan

Notes to Financial Statements
December 31, 2022 and 2021

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

4. Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

DallasNews Corporate Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

5. Risks and Uncertainties

The Plan provides for various investment options in a common collective trust, mutual funds of registered investment companies, participant-directed brokerage account, common stocks and a money market fund. Investment securities are exposed to various risks, such as interest rate, market concentration, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic, or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Tax Status

The Plan obtained its latest determination letter on November 6, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, the participants would become 100% vested in their accounts and the net assets of the Plan would be allocated based on participants' account balances.

8. Related-Party and Party in Interest Transactions

Parties in interest are defined under the DOL regulations as any fiduciary (including, but not limited to, any administrator, officer, trustee or custodian), counsel, an employee of such employee benefit plan, an employer and certain others. Certain of the Plan's investments are managed by Fidelity Investments, an affiliate of the Trustee of the Plan. Therefore, these transactions represent party in interest transactions. Additionally, a portion of the Plan's assets are invested in the Company's common stock. Because the Company is the Plan Sponsor, transactions involving the Company's common stock qualify as party in interest transactions. All of these transactions are exempt from the prohibited transaction rules. The Plan maintains notes receivable to participants, which are secured by the participant's account balances. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Reconciliation of Financial Statements to Form 5500

For the plan years ending December 31, 2022 and 2021, there are no reconciling items to the Form 5500.

DallasNews Corporate Savings Plan

Notes to Financial Statements
December 31, 2022 and 2021

10. Subsequent Events

In accordance with the Financial Accounting Standard Board (FASB) Accounting Standards Codification (ASC) No. 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through July 24, 2023, the date the financial statements were ready to be issued, and determined there were no events or transactions, except for noted below, that would impact our financial statements as of or for the year ended December 31, 2022.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
