Report of Independent Auditors

To the Administrator of Irving Tissue Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Irving Tissue Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022 and the statement of accumulated plan benefits as of December 31, 2022 and 2021 and the related statement of changes in accumulated plan benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("US GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2022 ("supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are

presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Irving Tissue Pension Plan

Notes to the Financial Statements

Year ended December 31, 2022

1. Description of the Plan

The following description of the Irving Tissue Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a non-contributory defined benefit pension plan covering all union employees hired prior to April 1, 2008 employed at Irving Tissue, Inc. (the “Employer”) in Fort Edward, New York. Employees become eligible on the first of the month following completion of one year of employment. However, all employees who were active participants in the prior Scott Paper Plan as of July 31, 1996, are included in this Plan as of August 1, 1996, regardless of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) as amended.

Benefits

The amount of monthly normal retirement benefits payable to participants who retire on their normal retirement date will be an amount equal to the corresponding benefit rate in effect on their date of retirement, ranging from \$28 to \$55 for participants with retirement dates before April 1, 1999 and after April 1, 2014, respectively, multiplied by their years of benefit service.

On May 13, 2015, it was agreed that the benefit rate per month for each year of service will be increased to \$54 on April 1, 2018 and \$55 on April 1, 2019.

Contributions

Contribution requirements by the Employer are determined in accordance with actuarial valuations prepared by USI Consulting Group.

Plan termination

The Employer shall have the right at any time to terminate the Plan by delivering to the Trustee and the Plan Committee written notice of such termination. Upon any termination (full or partial) all unallocated amounts shall be allocated in accordance with the provisions in the Plan agreement and the accrued benefit of each affected participant shall become fully vested and shall not thereafter be subject to forfeiture.

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants’ benefits. Whether a particular participant’s accumulated plan benefits will be paid depends on the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation at that time. Some benefits may be fully or partially provided for by the then existing assets and the Pension Benefit Guaranty Corporation guaranty while other benefits may not be provided for at all.

Irving Tissue Pension Plan

Notes to the Financial Statements

Year ended December 31, 2022

1. *Description of the Plan (continued)*

Vesting

The Plan has five year cliff vesting.

If a participant is terminated other than for retirement, disability or death, the participant's participation in this Plan shall terminate and the participant shall have no further interest in any part of the trust property or any benefits thereunder. If such termination occurs after a participant has completed five years of Irving Tissue employment, the terminated participant shall be entitled to a benefit equal to their accrued benefit.

Administrative expenses

The Employer pays substantially all administrative expenses associated with the Plan, with the exception of certain investment fees and payment processing fees, which are paid by the Plan.

2. *Summary of significant accounting policies*

The following is a summary of significant accounting policies followed by the Plan:

a) Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with generally accepted accounting principles in the United States of America ("US GAAP").

b) Use of estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates. The most significant estimates relate to the fair value of investments and the actuarial present value of accumulated plan benefits.

Irving Tissue Pension Plan

Notes to the Financial Statements

Year ended December 31, 2022

2. *Summary of significant accounting policies (continued)*

c) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Investments held in pooled separate accounts, under a group annuity contract with Great-West Life & Annuity Insurance Company, are invested primarily in shares of mutual funds and stocks. Investments held in mutual funds invest in stocks, bonds and other securities. Government bonds and notes consist of debt instruments issued by various government sponsored organizations.

Purchases and sales of securities are recorded on a trade-date basis.

d) Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those estimated future periodic payments that are attributable under the Plan's provisions to the service employees have rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries. Benefits and accumulated plan benefits for active employees under the Plan are based on employees' years of service after August 1, 1996. Benefits payable under all circumstances – retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from USI Consulting Group and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date December 31, 2022 and the expected date of payment.

2. *Summary of significant account policies (continued)*

d) Actuarial present value of accumulated plan benefits *(continued)*

Method of funding benefit will be the unit credit actuarial cost method. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

e) Payment of benefits

Benefit payments to participants are recorded upon distribution.

f) Evaluation of subsequent events

For purposes of the preparation of these financial statements in conformity with US GAAP, management has considered transactions or events occurring through July 27, 2023, which represents the date that the financial statements were available to be issued.

3. *Funding policy*

The Plan's funding policy is to make required contributions to the Plan and maintain it at an amount at least equal to the amount verified from time-to-time by the actuary as the amount necessary to keep the Plan in full force and effect in accordance with minimum requirements of ERISA and the Internal Revenue Code ("IRC") and the regulations thereunder. The most recent actuarial valuation report was completed November 8, 2022, for the Plan year beginning January 1, 2022. The Plan's contributions for 2022 and 2021 exceeded the minimum funding requirements of ERISA.

4. *Information certified by plan trustee*

The Plan's fair value investments, net appreciation (depreciation) and purchase and sales of investments were certified by Great-West Trust Company, LLC, the Plan trustee, as of December 31, 2022 and December 31, 2021 and for the year ended December 31, 2022, as complete and accurate. Therefore, in accordance with the request of the Plan administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, this information was not subjected to auditing procedures generally accepted in the United States of America by the Plan's independent auditors. 5. Fair value measurements and disclosures

FASB Accounting Standards Codification (“ASC”) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts: Valued based on the quoted market prices of the underlying assets adjusted by a group annuity contract expense factor.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Fair value measurements and disclosures (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022	Level 1		Level 2		Level 3		Total
Pooled separate accounts	\$	-	\$	18,516,629	\$	-	\$ 18,516,629

Total assets at fair value	\$	-	\$	22,753,796	\$	-	\$ 22,753,796

6. Plan termination

Management of the Plan anticipates that the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event that discontinuance results in the termination of the Plan, the assets will be allocated among the participants and beneficiaries of the Plan in accordance with the provisions of the Plan document, Title IV of ERISA and the Pension Benefit Guaranty Corporation.

7. Income tax status

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated September 26, 2016 that the Plan is designed in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

8. *Risks and uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

9. *Party-in-interest transactions*

Great-West Trust Company, LLC is the trustee of the Plan. As the trustee, it holds and manages the Plan's assets and makes distributions in accordance with the instructions of the administrator. Certain of these investments are shares of units in pooled separate accounts managed by an affiliated company of the trustee. These investment transactions are considered to be party-in-interest transactions.

SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS

Funding Method:

In accordance with the Pension Protection Act of 2006 (PPA), the annual cost is equal to the target normal cost plus the shortfall amortization charge minus any prefunding and carryover balances.

ACTUARIAL ASSUMPTIONS

Mortality (as mandated by PPA 2006)

Pre Retirement – 2022 Optional Combined Table provided in IRS Notice 2020-85

Post Retirement – 2022 Optional Combined Table provided in IRS Notice 2020-85

Disabled – PPA Post 12-31-1994 Disabled Mortality Table per Revenue Ruling 96-7

Interest Rates (as mandated by PPA and modified by MAP-21, HATFA, BBA, ARPA and IIRA)

Liabilities are valued using the 3 segment rates based on the 24-month average of the corporate bond yield curve published by the Secretary of the Treasury for January 2022.

1st Segment Rate	0.88%
2nd Segment Rate	2.61%
3rd Segment Rate	3.27%
Effective Rate	2.90%

The Plan Sponsor has elected to implement the interest rate provisions provided in the American Rescue Plan Act of 2021 effective with the 2020 Plan Year for both IRS minimum funding and AFTAP benefit restriction purposes. The interest rates are the adjusted 24-month Segment Rates Using 25-Year Average Segment Rate Corridors under MAP-21, further adjusted by HAFTA/BBA/ARPA permissible corridors for Plan Year Beginning in 2022:

1st Segment Rate	4.75%
2nd Segment Rate	5.18%
3rd Segment Rate	5.92%
Effective Rate	5.47%

Additional Assumptions

Credit Balances – Excess contributions for the 2021 plan year in the amount of \$0 were elected to be added to the prefunding balance.

The voluntary reduction of the funding standard carryover balance was \$0.

The voluntary reduction of the prefunding balance was \$0.

Expense Loading – \$6,005

Percent Married – 85% of all active and terminated vested plan participants are assumed to be married.

Age of Spouse – The female spouse is assumed to be 3 years younger than the male spouse.

Lump Sum Election Rate - 0% of the population is assumed to take a lump sum

Salary Scale – N/A

ASSET VALUATION

The actuarial value of plan assets is developed as the 3-year average of the plan assets based on the market value of assets as of the valuation date and the “adjusted value” of market assets for each of the two immediately preceding valuation dates. The adjusted value of assets at each preceding valuation date is equal to the market value of assets on such valuation date plus the net cash flow amount (including expected earnings on investments) for each following year up to the current valuation date. In this way, one third of the investment gain or loss over the preceding twelve months is recognized in plan assets immediately, and the other two thirds is deferred. Valuation assets are further limited to a 10% corridor around market value.

The assumed rate of return on assets for 2022 was 5.50%

ACCRUED AND VESTED BENEFITS

Vested benefits are based on the plan document’s vesting schedule based on years of service.

Early retirement subsidies are only valued once participants become eligible by meeting the specified requirements.

Disability and death benefits (other than the qualified pre-retirement survivor annuity) are not treated as vested benefits for liability calculation purposes.

SUMMARY OF PLAN PROVISIONS

Dates:

- 1) Effective Date: January 1, 1997
- 2) Valuation Date: January 1
- 3) Last Restatement: January 1, 2016
- 4) Last Amendment: September 22, 2020

Eligibility:

Union employees of Irving Consumer Products at Fort Edward, New York whose employment date precedes April 1, 2008. In addition, all employees who were active participants in the prior Scott Paper Plan on July 31, 1996, were included in this Plan as of August 1, 1996.

Employees hired on or after April 1, 2008 are not eligible to participate in the Plan.

Benefit Service:

Employees are credited for a year of Benefit Service for each year of service after August 1, 1996, based on elapsed time from date of hire to date of termination. They are also credited for fractional years of service.

Vesting Service:

Same as Benefit Service, except includes service before August 1, 1996 for this purpose.

Vesting:

100% upon completion of 5 years of Vesting Service.

Normal Retirement Date:

First day of the month coincident with or next following the attainment of age 65.

SUMMARY OF PLAN PROVISIONS
(continued)

Normal Retirement Benefit: For future retirements, the benefit multiplier is currently \$55 for each year of Benefit Service, payable monthly. The table below describes recent historical changes to this rate:

<u>Date</u>	<u>Benefit Rate</u>
4/1/2007	\$44
4/1/2008	\$45
4/1/2009	\$47
4/1/2010	\$48
4/1/2011	\$50
4/1/2012	\$51
4/1/2013	\$52
4/1/2014	\$53
4/1/2018	\$54
4/1/2019	\$55

Early Retirement:

Eligibility: First day of the month coincident with or next following the attainment of age 55 and completion of 15 years of vesting service.

Benefit: Monthly accrued normal retirement benefit reduced by 5/12 of 1% for each month prior to age 62. No reduction on or after attainment of age 62.

Late Retirement:

Date: First day of the month coincident with or next following his actual day of retirement after age 65.

Benefit: The greater of 1) or 2) below:

1) Accrued benefit as of Late Retirement Date

2) The Accrued Benefit as of Normal Retirement Date actuarially increased to Late Retirement Date

SUMMARY OF PLAN PROVISIONS
(continued)

Disability Retirement:

Eligibility: A participant who completes 10 years of vesting service and becomes totally and permanently disabled while actively employed at the commencement of the disability.

Benefit: Monthly accrued normal retirement benefit less \$1.00 per month without any actuarial reduction for early payment.

Death Benefit:

Pre-Retirement Spouse Benefit:

Death before Earliest retirement date:

In the event that an active married participant dies after completion of five years vesting service and attaining age 55, it will be assumed the participant had retired on the day prior to death and elected a 50% Joint and Survivor annuity.

Death after Earliest retirement date:

In the event of the death prior to the earliest retirement age of a married participant whose benefits have not commenced, it will be assumed that the participant had separated from service on the date of death, survived to the earliest retirement age, began receiving a 50% Joint and Survivor annuity based on the participant's vested accrued benefit and died on the day after the earliest retirement date.

Standard Forms of Benefits:

Single Employees: Life annuity

Married Employees: Reduced 50% joint and survivor annuity

Optional Forms of Payment: The available payment forms include a Single Life annuity and a reduced 50%, 75%, and 100% Joint and Survivor annuity.

SUMMARY OF PLAN PROVISIONS
(continued)

Optional Forms of Conversion Basis:	The actuarial conversion uses an interest rate of 7% and the life expectancy from the 1984 unisex pensioners mortality table with age set back one year for participants and 4 years for contingent annuitants.
Maximum Benefits:	Lesser of \$245,000, actuarially reduced for retirement prior to Social Security Retirement Age, or average of highest 3 years' pay.
