INDEPENDENT AUDITOR'S REPORT

To the Participants of the
Audia International, Inc. 401(k) and Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Audia International, Inc. 401(k) and Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Audia International, Inc. 401(k) and Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Audia International, Inc. (Company or Plan Sponsor) effective January 1, 2014. The following companies are included in the Plan: Audia Group, LLC; Southern Polymer, Inc.; Washington Penn Plastic Co., Inc.; Uniform Color Company; Cremation & Funeral Care by Danielle Andy Belusko, Inc.; and My Green Earth, LP. Effective January 1, 2020, the Plan was amended to include Audia USA LLC as a participating employer. In addition, effective January 1, 2020, the Plan became a multiple-employer plan.

The Plan covers all eligible employees of the Company who have completed three months of service and are at least 18 years of age. It excludes a resident of Puerto Rico, a leased employee, interns, summer help and an independent contractor. Fidelity Management Trust Company (Fidelity) serves as the trustee of the Plan as of and for the years ended December 31, 2022 and 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has an automatic enrollment provision, whereby all employees are automatically entered in the Plan, electing a 6% deferral percentage when determined eligible, unless the employee waives participation or elects a different deferral percentage.

Contributions - Contributions to the Plan include (i) salary reduction contributions authorized by participants; (ii) matching contributions made by the Company; (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another qualified retirement plan.

Participants may elect to contribute a percentage of their compensation to the Plan each year, subject to the limitations as defined in the Plan document, as well as certain Internal Revenue Code (IRC) limitations. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Participants direct the investment of all contributions into various options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The maximum contribution amount to be matched is 6% of eligible compensation as defined by the Plan. The Company's provision to match eligible employees' deferral is up to 3.5% of eligible compensation. Additional profit-sharing amounts may be contributed at the discretion of the Plan Sponsor. The Company's safe harbor contribution is 2.5% of eligible employee compensation. During the year ended December 31, 2022, the Company made a profit-sharing contribution to the Plan that did not exceed 2.75% of eligible compensation.

Participants' Accounts - Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related matching and discretionary contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investments - Participants may direct the investment of their contributions and/or account balances into various options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers mutual funds and one general account through the trustee, Fidelity. Participants also may make changes in their investment portfolio on a daily basis. If a participant is automatically enrolled, the participant's contributions are invested in the applicable target fund based on the participant's age until the participant changes the investment election.

Vesting - Participants are vested immediately in their contributions and any earnings thereon. Vesting of the safe harbor matching employer and discretionary contributions is based on years of continuous service. Participants are 100% vested after two years of service.

Notes Receivable from Participants - The Plan permits participants to borrow from their vested account balance. The maximum amount each participant may borrow is limited to the lesser of 50% of the participant's account balance or \$50,000, reduced by the amount of existing outstanding loans. The minimum amount a participant can borrow is \$1,000. Participants are only permitted one loan outstanding at any given time. Interest on these loans is fixed between 4.25% and 8.00% following prevailing market rates and is credited to the individual account of the borrower participant. Loan payments can be made through payroll deductions or direct payment. Loan terms may not exceed five years unless the proceeds are being used to purchase a primary residence; in such cases, the loan term may not exceed 10 years.

Payment of Benefits - Upon termination of service due to death, disability, retirement or separation, a participant or his/her beneficiary, as applicable, will receive a lump-sum distribution of his/her vested account balance.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships in accordance with the guidelines of ERISA.

Forfeited Accounts - When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to either reduce future employer contributions or Plan administrative expenses for the Plan year. If a participant is reemployed and fulfills certain requirements, as defined in the Plan document, the account will be reinstated. At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$128,700 and \$72,000, respectively. During 2022, employer contributions were reduced by approximately \$71,900 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements is as follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties - The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are classified as distributions based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses - Certain administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document and are excluded from the financial statements. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Subsequent Events - Subsequent events were evaluated through July 27, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Registered Investment Companies (Mutual Funds) - Valued at the net asset value (NAV) of shares held by the Plan at year-end based upon quoted market prices. Mutual funds held by the Plan are deemed to be actively traded.

401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Collective Trusts (including the Stable Value Fund) - Valued at NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The Stable Value Fund is invested in guaranteed investment contracts (GIC), security-backed contracts, synthetic stable value fund and a short-term investment fund. Characteristics of these contracts allow for their principal value to remain stable regardless of the volatility of the financial markets. There are no unfunded commitments related to the Stable Value Fund as of December 31, 2022 and 2021. Certain events may limit the ability of the Plan to transact at contract value with the issuer. The Plan does not believe that any events have occurred to date. The collective trust investments includes certain redemption restrictions. If the Plan chooses to redeem all or a significant portion of the collective trusts, the issuer may require a 12-month wait period to redeem.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Further, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair values as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 72,774,931	-	-	\$ 72,774,931
Other investments measured at NAV (a):				
Common collective trust	-	-	-	43,485,179
	<u>\$ 72,774,931</u>	<u>-</u>	<u>-</u>	<u>\$ 116,260,110</u>
2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 95,101,458	-	-	\$ 95,101,458
Other investments measured at NAV (a):				
Common collective trust	-	-	-	47,354,118
	<u>\$ 95,101,458</u>	<u>-</u>	<u>-</u>	<u>\$ 142,455,576</u>

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts described in Note 3 and to the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan in whole or part subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested and account balances will be distributed in accordance with the Plan agreement.

NOTE 6 - FEDERAL INCOME TAX STATUS

The Plan has adopted a nonstandardized prototype Plan document, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the prototype plan is qualified pursuant to the appropriate sections of the IRC. The Plan has been amended since adopting the nonstandardized prototype Plan document. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for tax years prior to 2019.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under the Department of Labor's (DOL) Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Transactions during the year with parties in interest include administrative services. Professional fees for the administration of the Plan were paid by the Plan. Professional fees for the annual audit of the Plan were paid by the Company. Plan investments are managed by Fidelity. Fidelity is the trustee, as defined in the Plan document, therefore these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
