Independent Auditor's Report

To the Plan Administrator
Nakupuna Foundation Family of Companies Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nakupuna Foundation Family of Companies Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Nakupuna Foundation Family of Companies Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nakupuna Foundation Family of Companies Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nakupuna Foundation Family of Companies Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nakupuna Foundation Family of Companies Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nakupuna Foundation Family of Companies Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Independent Auditor's Report (Continued)

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

The following description of Nakupuna Foundation Family of Companies Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established by Na Alii Consulting and Sales, LLC (the Plan Sponsor or Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

The Plan generally covers substantially all employees of the Company and its related entities: Na Alii Consulting and Sales LLC, Nakupuna Solutions, LLC, Nakupuna Consulting LLC and Nakupuna Foundation. Eligible employees may participate in elective deferrals with immediate entry dates and will qualify for the employer matching contribution provisions of the Plan. Eligible employees will also participate in the employer discretionary profit-sharing contributions if they are employed on the last day of the Plan year.

Contributions: Each year, participants may contribute the maximum percentage allowable of pre-tax annual compensation not to exceed the limits of the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition to the pre-tax contributions that an eligible employee can make, the Plan also provides an option for after-tax contributions to a Roth account. Employee contributions are made through payroll deductions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The following contribution types are allowed by the plan:

- Rollover contributions
- Roth deferrals
- Elective deferrals
- Employer profit sharing
- Employer safe harbor

The Plan has an automatic enrollment provision (6% salary deferral with 1% increases annually on the first day of the plan year until reaching a maximum of 10%) whereby employees must elect out of the Plan if they do not wish to participate.

The Company has elected to operate the Plan as a safe harbor 401(k) plan, which makes the plan exempt from certain compliance testing requirements. The Company makes a safe harbor matching contribution of 100% of the participant's deferral up to 3% of compensation. Employees are eligible for the non-elective contribution after 1 year of service.

The Company may make discretionary profit-sharing contributions which will be allocated in accordance with the plan document provisions. Participants must be employed on the last day of the plan year and or have terminated employment during the Plan year as a result of retirement, death or disability. For the years ended December 31, 2022 and 2021, there were discretionary profit sharing contributions of $2,557,607 and $1,872,448, respectively.

Note 1: Description of Plan (Continued)

Participant Accounts: Each participant's account is credited with the participant's contribution, allocation of the Company's contributions, and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All Plan assets as of December 31, 2022 and 2021 have been allocated to participant accounts, except for employer contributions receivable.

Vesting: Participants are immediately 100% vested in their elective deferrals including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. Employer safe harbor contributions are fully vested and non-forfeitable when such contributions are made to a Participant's account. Discretionary employer profit sharing contributions are vested after five years of service, with vesting at 20% per year after one year of service. In the event of death, disability or normal retirement, a participant's interest is immediately fully vested in the employer discretionary contributions and related earnings under terms set forth in the Plan agreement.

Forfeitures: The non-vested portion of a participant's account balance is forfeited upon termination of employment. Forfeitures can be used to pay administrative expenses or reduce company contributions.

During the years ended December 31, 2022 and 2021, forfeitures of $92,393 and $89,465, respectively, were used to reduce administrative expenses. During the year ended December 31, 2022 and 2021, forfeitures of $190,282 and $175,741, respectively, were used to reduce employer contributions. As of December 31, 2022 and 2021, the balances in forfeited non-vested accounts were $207,385 and $218,497, respectively.

Notes Receivable from Participants: Participants who are active employees may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans, in the form of promissory notes, are secured by the balances in the participant's account, and bear interest at reasonable rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and generally repaid within 5 years.

Payment of Benefits: Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary. Account balances that are equal to or less $1,000 will be distributed in a lump sum amount and account balance equal to or less than $5,000 will be rolled into an IRA account, excluding rollover account balances. Participants are generally required to make minimum distributions upon reaching the age of 72.

The following types of distributions are also allowed by the plan:

- Involuntary cash-outs
- Hardship
- In Service
- Rollover source withdrawal at any time
- Termination partial withdrawal

Note 1: Description of Plan (Continued)

Plan Expenses: The Plan's expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Termination of the Plan: The Company has the right under the Plan agreement to discontinue their contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all participants will become fully vested. The Company has not indicated any intention to terminate the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation: The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. See Note 4 for disclosure of fair value measurements. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year end, is presented in the statements of changes in net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

As of December 31, 2022 and 2021, 53 and 44 participants were indebted to the Plan in the total amount of $486,125 and $422,095, respectively, as a result of loans made to them by the Plan. The loans are evidenced by promissory notes bearing interest at rates between 4.25-8.50% per annum, and are payable in installments, the latest of which is due in March 2031. The notes are fully secured by the participants' vested account balances.

Contributions: Contributions from participants, including any related employer matching contributions, are recorded in the period the employer withholds payroll deductions from Plan participants. Employer discretionary contributions are recorded in the period approved by the Company's management.

Payment of Benefits: Benefits are recorded when paid to participants.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 25, 2023, the date the financial statements were available to be issued. During the period from January 1, 2023 through July 25, 2023, the Plan did not have any material recognizable subsequent events.

Note 3: Information Certified by the Plan Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedule.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2022 and 2021, was derived from information certified as complete and accurate by Ascensus Trust Company.

Note 4: Fair Value Measurements

The GAAP framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: The fair value of mutual funds is based on the closing price at year end as reported by the fund. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 32,832,902	$ -0-	$ -0-	$ 32,832,902

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,627,965	$ -0-	$ -0-	$ 31,627,965

Note 5: Collective Investment Trust

The MetLife GAC-25157 Class 0 fund (the "Stable Value Fund"), invests in a fully benefit responsive collective investment trust and is managed by Reliance Trust Company. The collective investment trust holds assets that are invested with insurance companies and other financial institutions.

The crediting rate is the periodic rate of return accrued to participants and is either set at the beginning of the contract and held constant, or reset periodically to reflect the performance of the underlying securities. Variables impacting future crediting rates include current yield and duration of the assets backing the contracts, existing differences between the market values of assets backing the contracts and the contract values of the contracts.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Stable Value Fund at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of any such event is probable.

Note 6: Parties-in-Interest

The Plan offers various investment options to the participants which are managed by The Vanguard Group, Inc., on behalf of Ascensus Trust Company (Ascensus), the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, Virginia Asset Management, investment advisor, provides various services which qualify as party-in-interest transactions. During the years ended December 31, 2022 and 2021, the Plan paid administrative fees in the amount of $131,529 and $105,821, respectively, to The Vanguard Group. Certain officers and employees of the Plan sponsor are administrators of the Plan acting as fiduciaries and are also participants in the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Tax Status

The Internal Revenue Service has ruled, in a letter dated January 1, 2018, that the Prototype Non-Standardized Profit-Sharing Plan, as amended, established by Ascensus Trust Company, qualifies under applicable sections of the Internal Revenue Code (the Code). An employer who adopts this plan is generally considered to have a plan that is also qualified. The Plan's administrator and the Plan's sponsor believe that the Plan is designed and operating in compliance with the applicable requirements of the Code. The Plan's federal exempt tax returns are subject to examination by the Internal Revenue Service generally for a period of three years after the returns are filed.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 9: Reconciliation of Financial Statements to Form 5500

The financial statements of the Plan for the years ended December 31, 2022 and 2021 did not differ from the amounts reported on Schedule H (Financial Information) of Form 5500 (Annual Return/Report of Employee Benefit Plan) filed with the Internal Revenue Service.
