INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of the
Trimas Corporation Hourly Retirement Program
Bloomfield Hills, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trimas Corporation Hourly Retirement Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

A. Description of Plan

The following description of the TriMas Corporation Hourly Retirement Program ("Plan") provides only general information. Participants should refer to the Plan document or summary Plan description for a more complete description of the Plan's provisions.

General - The Plan, established on January 1, 2003, is a defined contribution Plan covering eligible employees of TriMas Corporation and its subsidiaries (the "Company" or "TriMas") and allows employee 401(k) deferrals, employer matching contributions and employer profit sharing contributions per the Plan provisions. Eligible employees may participate in the 401(k) deferral feature and the related employer matching contribution feature of the Plan on their date of hire. Employees are eligible for the employer profit sharing contribution on the first day of the month following their one-year anniversary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Generally, participants may contribute up to 75% of their pretax or post tax annual compensation as defined by the Plan, subject to applicable legal limits. Newly hired non-union employees are automatically enrolled into the Plan at 5% with automatic annual increases of 1% up to a cap of 10%, unless they opt out or elect a different deferral rate within 45 days. Participants may also make rollover contributions representing distributions from other tax-qualified plans and certain other retirement accounts. The Company provides a matching contribution of 75% of the participant's first 5% contributed, up to a maximum of 3.75% of their eligible compensation for all non-union employees. Union employees are eligible for an agreed upon matching and/or profit sharing contributions according to each of the respective collective bargaining agreements. The Company makes matching and/or profit sharing contributions subject to certain limitations in accordance with Plan provisions, and are invested pursuant to the participant's investment election.

Participants may direct employee and employer contributions in one percent increments in the investment options available under the Plan. These options are professionally managed mutual funds and a guaranteed investment contract ("GIC"), and vary in their respective strategies, risks and goals. Participants may change their investment options daily. Certain administrative expenses of the Plan may be paid by the Company.

Participant Accounts - Each participant's account is credited with the participant's own contributions and the related employer matching contributions, Company profit sharing contributions and an allocation of Plan earnings or losses based upon participant's elections, net of administrative expenses and debited with participant's own withdrawals. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their contributions as well as employer matching contributions and earnings thereon. Participants vest in Company profit sharing contributions upon three years of service. In addition, a participant is 100% vested upon attainment of normal retirement age (age 65), death or disability as defined under the Plan.

Payment of Benefits - After separation from service due to termination, death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a period not to exceed ten years.

Notes Receivable from Participants - The Plan provides that participants can borrow funds from their account balances, as defined by the Plan. These loans are limited to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years and up to 10 years for the purchase of a primary residence. The loans are collateralized by the participant's vested account balances and bear interest at the prime rate plus 1%. Loan principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Forfeited Accounts - Plan forfeitures resulting from terminated participants' non-vested accounts may be used to reduce the Company's contribution or to fund plan expenses. Accumulated forfeitures available at December 31, 2022 and 2021 were \$34,847 and \$38,718, respectively. During 2022, accumulated forfeitures of \$26,327 were used to fund employer contributions and none were used to pay plan expenses. In 2021, accumulated forfeitures of \$18,021 were used to fund employer contributions and none were used to pay plan expenses.

Transfer of Assets - During 2022 and 2021, the Plan transferred net assets of \$950,658 and \$273,467, respectively, from the Plan for participants that transferred to the TriMas Corporation Salaried Retirement Program due to a change in employment status.

B. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment options in mutual funds and a GIC. Investments are exposed to various risks, such as interest rate, liquidity, credit and market risks, including global events such as the coronavirus pandemic. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in values of investments in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition - Investments in mutual funds are reported at fair value. Mutual funds are valued using quoted market prices from nationally recognized securities exchanges (Level 1 inputs).

Investment transactions are reflected on a trade-date basis. Realized gains and losses on investments are based on average cost. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recognized on the accrual basis of accounting. Dividend income is recorded on the ex-dividend date. Income from other securities is recorded as earned on an accrual basis.

The GIC investment is fully benefit-responsive and is reported at contract value, which represents contributions made under the plan, plus earnings, less participant withdrawals and administrative fees. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract because contract value is the amount the Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Notes Receivable from Participants - Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Revenue sharing - Revenue sharing amounts for investments that generate such amounts for Fidelity are returned to the Plan and credited to the accounts of participants who are invested in those funds. These credits are included in other income in the statement of changes in net assets available for benefits.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Expenses - Investment management fees and operating expenses for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. The Plan's record keeping fees are charged to certain participants in the plan.

C. Investments and Notes Receivable from Participants

Fidelity Management Trust Company ("the Trustee") holds investment assets and executes transactions therein, and substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

D. Fair Value Measurement

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs which use quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access as of the measurement date;
- Level 2: Inputs which use other inputs that are observable, either directly or indirectly;
- Level 3: Inputs which are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

Assets and liabilities of the Plan measured at fair value on a recurring basis and corresponding fair value hierarchy level consisted of the following as of December 31, 2022:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments subject to leveling				
Mutual funds	\$ 56,019,887	\$ 56,019,887	\$ —	\$ —

Assets and liabilities of the Plan measured at fair value on a recurring basis and corresponding fair value hierarchy level consisted of the following as of December 31, 2021:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments subject to leveling				
Mutual funds	\$ 73,463,658	\$ 73,463,658	\$ —	\$ —

E. Fully Benefit-Responsive Investment Contract

The Plan holds a separate account investment option with MassMutual Life Insurance Company ("MassMutual"), which is considered a traditional guaranteed investment contract. The contract is considered to be fully benefit-responsive and is reported at contract value. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula

TRIMAS CORPORATION
HOURLY RETIREMENT PROGRAM
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

established by the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options for deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The contract limits the circumstances under which MassMutual may terminate the contract. Circumstances that would allow MassMutual to terminate the contract include: (i) the Plan's loss of its qualified status, (ii) termination or partial termination of the Plan, or (iii) investor breach of a provision of the Agreement. If one of these events were to occur, the issuer could terminate the contract at an amount less than contract value. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

F. Income Tax Status

Effective October 1, 2021, the Plan was amended and restated onto the new Pre-Approved Defined Contribution Plan document sponsored by Fidelity Management & Research Company ("FMR"). The underlying plan document has been approved by the Internal Revenue Service ("IRS") pursuant to an opinion letter issued on June 30, 2020 by the IRS to FMR regarding the plan's tax qualification under Section 401 of the Internal Revenue Code ("IRC"), and therefore the Plan is tax-exempt. Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor ("DOL") or IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

G. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds investments that are managed by Fidelity Investments and Fidelity Management Trust Company. Fidelity Management Trust Company, an affiliate of Fidelity Investments, is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan holds notes receivable from participants which qualify as party-in-interest transactions.

During 2022 and 2021, the Plan had administrative expenses with the following parties-in-interest:

Name of Party in Interest	Relationship	2022	2021
Fidelity Investment Institutional Operations Company	Record keeper	\$ 132,319	\$ 121,965
Raymond James	Advisor	\$ 50,338	\$ 50,572

Net income per the Form 5500	<u>\$ (16,452,612)</u>	<u>\$ 7,313,235</u>

I. Subsequent Events (Unaudited)

On January 1, 2023, the assets of the Omega Plastics, Inc. 401(K) Plan ("Omega Plan") and the Intertech Plastics, LLC 401(K) Plan ("Intertech Plan") totaling \$1,344,598 and \$544,089, respectively, were merged into the Plan. Employees previously participating in the Omega Plan and the Intertech Plan became eligible to participate in the TriMas Corporation Retirement Plan on January 1, 2023.

Plan management has evaluated subsequent events for recognition and disclosure through July 28, 2023, which is the date the financial statements were available to be issued, and determined there were no additional subsequent events requiring disclosure or recognition in the financial statements.
