Independent Auditor's Report

Audit Committee and Board of Trustees
SourceAmerica Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of SourceAmerica Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying 2022 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2022 financial statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for 12 months beyond the date of the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2022 financial statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2022 financial statements section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

SourceAmerica Tax Deferred Annuity Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of SourceAmerica Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of SourceAmerica (the Sponsor). For purposes of elective deferrals, all employees are eligible to participate in the Plan on their date of hire, including interns. For purposes of employer contributions (contributions other than elective deferrals), all employees (other than interns) are eligible to participate on the first date of the month following attainment of age 21 and completion of six months of service.

For contributions other than elective deferral contributions, employees classified as interns are excluded. In addition, part-time, temporary, or seasonal employees are excluded until the earlier of the employee completing 1,000 hours of service, or their employment status changes to full-time definition.

The Plan committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Finance Committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute immediately upon hire up to the maximum amount allowable per the Internal Revenue Service (IRS) deferral limits. Participants are also permitted to contribute Roth after-tax contributions to the Plan. The Plan contains an automatic enrollment provision by which eligible employees are automatically enrolled at 2% of eligible participant compensation in the event that the participant does not make any other election to the contrary. If the participant does not make an election, the Plan also indicates that deferrals will automatically increase by 1% at the beginning of each plan year until the elective deferral reaches 8% of eligible participant compensation. SourceAmerica makes matching contributions to eligible employees (those who have six months of service and reached age 21) equal up to 8% of participants' eligible compensation, as defined by the Plan. Contributions are subject to certain limitations. SourceAmerica also makes an additional non-elective contribution of 3% of annual pay, excluding pay before a participant is eligible for an additional contribution. A participant is eligible for an additional contribution on the last day of the plan year if he or she is an active participant at any time during the plan year.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Sponsor's matching and non-elective contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Sponsor's contributions plus actual earnings thereon based on years of continuous service. Participants vest 33% each year beginning after their first year of service so that they are 100% vested after three or more years of service. In the event of death, permanent disability, termination of the Plan, or attainment by the participant of age 65 prior to termination of employment, a participant will automatically become 100% vested.

Payment of benefits: Upon termination of service for any reason, a participant is entitled to a benefit equal to the value of the participant's vested interest in his or her account. If a participant is currently an employee of SourceAmerica and has not yet reached retirement age, the participant can only withdraw certain funds if the participant is at least age 59½, in event of death, qualified military service or through a hardship withdrawal.

Participants may elect to receive a lump-sum distribution, survivorship life annuities with installment refund and survivorship percentages of 50%, 66 2/3%, 75%, or 100%; straight life annuity, single life annuities with certain periods of 5, 10, or 15 years, single life annuity with installment refund, fixed period annuities for any period of whole months that is not less than 60, fixed period installment option, or fixed payment installment option. Married participants will need spousal consent if the form of distribution is in any form other than a joint and 50% survivor annuity. Federal law may require a participant to have spousal consent for a withdrawal.

A participant may withdraw all or any part of his or her vested account resulting from rollover contributions at any time. A participant may withdraw only the vested portion of his or her account for post-age 59½ distributions. A participant may withdraw elective deferral contributions for hardship distributions and qualified military service distributions.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited non-vested accounts totaled \$0 and \$8,058 as of December 31, 2022 and 2021, respectively. Forfeitures used to reduce employer contributions totaled \$23,472 during the year ended December 31, 2022.

Notes receivable from participants: Participants may borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have a maximum of two loans at a time. The loans are collateralized by the balance in the participant's account. The loans bear interest at the prime rate, as published in the *Wall Street Journal*, on the date of the loan inception plus 1%. The interest rate remains constant for the term of the loan. Interest rates ranged from 4.25% to 9.50% on loans outstanding as of December 31, 2022, and loans mature through 2048. Principal and interest are repaid ratably through semi-monthly payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and the insurance company. See Note 4 for discussion of fair value measurements.

The Plan has funds invested in a group annuity contract with an insurance company. Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits and the statement of changes in net assets available for benefits are prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2022) through July 31, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee & Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the current trustee and former insurance company that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Registered investment companies	\$ 93,563,377	\$ 119,425,538
Investment at contract value:		
Group annuity contract	\$ 7,331,878	\$ 4,345,622
Notes receivable from participants	\$ 1,263,663	\$ 1,280,677

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, also certified the completeness and accuracy of \$22,748,056 of net depreciation in fair value of investments, \$1,965,995 of interest and dividend income, and \$70,668 of interest on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

SourceAmerica Tax Deferred Annuity Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2022 and 2021:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 93,563,377	\$ -	\$ -	\$ 93,563,377

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 119,425,538	\$ -	\$ -	\$ 119,425,538

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contracts

The Plan has a fully benefit-responsive traditional group annuity contract with Principal Life Insurance Company (Principal Life) that is reported at contract value. Principal Life maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and contract expenses. The group annuity contract issuer is contractually obligated to repay to the Plan the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

As described in Note 2, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and contract expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2022, was \$7,331,878. The crediting interest rate is based on a formula agreed upon with the issuer. As of December 31, 2022, the crediting interest rate is 1.75%. Such interest rates are currently reviewed on a semi-annual basis for resetting.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) any employer initiated transactions, those deemed not initiated by Plan participants, which are executed inside of 12-month notice period or (2) transfer by Plan participants that are in contemplation of termination of a Plan's interest, as defined by Principal Life, which are executed inside of 12-month notice period.

The group annuity contract permits the insurance company to stop receiving deposits with appropriate notice. Payments under the contract will continue to be made until all amounts are disbursed in accordance with the terms of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 6. Related-Party and Party-in-Interest Transactions

Delaware Charter Guarantee & Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$232,563 for the year ended December 31, 2022. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, SourceAmerica has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will immediately become 100% vested in their accounts.

Note 8. Tax Status

Effective October 1, 2020, the Plan adopted a volume submitter plan sponsored by Principal Financial Group. The volume submitter plan has received an advisory letter dated March 31, 2017 from the IRS as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by this Plan. The Plan has been amended since receiving the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code (IRC).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
