Report of Independent Auditors

The Retirement Plans Committee
King & Spalding LLP Profit Sharing – 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of King & Spalding LLP Profit Sharing – 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the King & Spalding LLP Profit Sharing – 401(k) Plan (the Plan) provides only general information. A more complete description of the Plan's provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering all partners, associates, and non-attorney employees of King & Spalding LLP (the Partnership), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

A partner, associate, and non-attorney employee becomes eligible to participate on the first day of the calendar year month following 30 days of employment. All participants, excluding associates as defined in the Plan document, will become eligible for non-safe harbor non-elective profit-sharing contributions on January 1 or July 1 following the completion of one year of service. The Plan excludes certain classes of attorneys, as defined, from eligibility for non-safe harbor non-elective contributions.

Contributions

The Plan provides an auto-enrollment feature whereby participants are automatically enrolled in the Plan as of their date of eligibility with a contribution deferral rate set to 6% of compensation and subject to automatic annual increases up to a maximum of 15%. Participants may elect to defer up to 100% of compensation or earned income, as applicable, subject to the annual contribution limits established by the Internal Revenue Code (IRC). The Plan also allows after-tax contributions. In addition to participant contributions, catch-up contributions of up to \$6,500 for 2022 were allowed for participants who were age 50 or older during the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). A participant's rollover account is fully vested and allocated in accordance with the participant's election.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Partnership makes a profit-sharing contribution equal to a percentage or amount, to be determined annually by the Partnership's Management Committee at its discretion, of eligible employees' compensation. The Plan document specifies that the "last day rule" allocation method be used for all participants except for participants who have died, been disabled, or retired after the age of 60 and 15 years of service. The Partnership made the 2022 contribution in 2023.

Participant Accounts

The Plan provides for participant direction of account balances into various mutual funds, a collective trust fund, grandfathered life insurance policies, and personal choice retirement accounts (PCRA) through which other investment types may have been selected.

For the PCRA, participants can direct Charles Schwab Trust Bank (CSTB or Trustee), to invest in specific marketable securities. Participants who currently hold investments in life insurance policies are allowed to maintain these investments, which accumulate cash value as determined by the insurance companies. Participants can no longer purchase new life insurance policies through the Plan.

To the extent applicable, a participant's account is credited with salary deferral contributions and allocations of (a) Partnership discretionary profit-sharing contributions, (b) investment earnings of the Plan based upon account balances or participant earnings and (c) administrative expenses. For a PCRA, allocations of investment income are based on the specific returns of the assets held in each participant's account. Individual accounts of participants with life insurance policies are credited or charged with the net increase in cash surrender value of the life insurance policies and premiums.

Vesting

All participants are immediately vested in their elective deferrals and actual earnings thereon. Vesting in their profit-sharing account is based on years of service. Participants hired prior to January 1, 2008, were vested on a three-year graded schedule, 20% after two years and 100% after three years.

King & Spalding LLP Profit Sharing – 401(k) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

For participants hired on or after January 1, 2008, the participant's cumulative profit-sharing contribution and related earnings and losses are vested as follows:

Years of Service	Percent Vested
Less than 3	–%
3 or more	100

Forfeitures

Forfeitures of the non-vested portion of terminated participants' accounts are used to offset Partnership profit-sharing contributions to the Plan, and are allocated in the same manner as those contributions for which they offset. As of December 31, 2022 and 2021, the forfeiture balance was \$246,489 and \$231,369 respectively. During the Plan year ended December 31, 2022, approximately \$248,012 of forfeitures were used to reduce Partnership contributions.

Participant Loans

Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1–5 years or up to 30 years for the purchase of a principal residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than one loan outstanding at any point in time. The loan is secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions over not more than five years, except for loans to purchase a principal residence. If a participant terminates employment with the Partnership, they may continue to make loan payments outside of payroll deductions. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

Termination

While it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

The administrative expenses of the Plan are paid by participants of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Such estimates include fair value estimates of non-readily marketable assets held in the trust and within the self-directed accounts reported in the accompanying financial statements. Actual results could differ from those estimates.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Upon retirement, a participant may elect to receive the vested value of his or her account either in a lump sum or over a defined period. Upon termination of service, a participant may elect to receive the vested value of his or her account as a lump sum. Benefits are recorded when paid.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

King & Spalding LLP Profit Sharing – 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2022				
Mutual funds	\$ 617,015,886	\$ –	\$ –	\$ 617,015,886

King & Spalding LLP Profit Sharing – 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The table below summarizes the changes in fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	Life Insurance Policies	Limited Partnership
Balance, beginning of year	\$ 1,833,863	\$ 288,148
Sales	—	(260,172)
Purchases	25,806	—
Net appreciation in fair value of investments	60,148	—
Balance, end of year	<u>\$ 1,919,817</u>	<u>\$ 27,976</u>

The shares of mutual funds (both within and outside PCRAs) and PCRAs invested in exchange traded funds are valued at the net asset values (NAV) of shares held by the Plan at year-end, which are determined based on quoted prices in an active market. The PCRAs invested in shares of common and preferred stock are valued at quoted market prices in an active market on which the individual securities are traded. PCRAs invested in certain cash equivalents are valued at dealer quotes in active markets and others are valued using spreads as determined by the market maker dealing in that security. Money market funds are valued at a net asset value of \$1 as determined by the issuer. PCRAs invested in corporate debt and government securities are valued using the market approach with inputs such as trades, bid price or spreads, and other standard inputs. The collective trust fund is valued at NAV as determined by the issuer of the fund on the last day of the Plan year. Investments in life insurance policies and limited partnerships are stated at fair value, which is based on valuations as reported to the Trustee by the insurance companies or by the partnerships using unobservable data. Such unobservable data includes cash surrender values, underlying holdings of privately held companies, etc.

The Retirement Plans Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments. The Retirement Plans Committee reports to the Board of Members of the Partnership.

King & Spalding LLP Profit Sharing – 401(k) Plan

Notes to Financial Statements (continued)

5. Income Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated September 21, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not, would not be sustained upon examination by the IRS. Plan Management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party Transactions

Certain of the Plan's assets are invested in a fund managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

8. Subsequent Events

Management evaluated subsequent events for the Plan through July 31, 2023, the date the financial statements were available to be issued.
