INDEPENDENT AUDITOR'S REPORT

To the Plan Committee Member and Plan Administrator of
Lutheran Services Florida Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We were engaged to perform an audit of the financial statements of **Lutheran Services Florida Retirement Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the certified information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Lutheran Services Florida Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note A – Description of Plan

The following description of the Lutheran Services Florida Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a 403(b) retirement plan that was established effective May 4, 2016 and restated effective July 1, 2019. Employees of Lutheran Services Florida, Inc. (the “Company” or the “Employer”) over the age of 21 are eligible to participate in the Plan upon date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration

The accounting records are maintained by the Company. The Plan’s assets are held and managed by American United Life Insurance Company (the “Trustee”). Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to 100% of their compensation to their participant account subject to limitations imposed by the Internal Revenue Code. Unless a participant makes an affirmative election, the Employer will automatically defer 3% of compensation. The maximum participant deferral for the year ended December 31, 2022 was \$20,500. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of \$6,500 for the year ended December 31, 2022.

Under the terms of the Plan, the Employer may contribute matching and non-elective contributions, at their discretion. During 2022, the Company made a discretionary matching contribution to eligible participant accounts that were employed as of year-end of up to 3% of elective deferrals.

Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the Company’s matching contributions. Each participant’s account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant’s account. Allocations of Plan earnings or losses are based on each participant’s investment fund balance in proportion to the total investment fund balance.

Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon. A participant is 100% vested in Employer contributions after three years of credit service as follows:

Years of Services	Vesting Percentage
Less than 3	0%
3	100%

Lutheran Services Florida Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note A – Description of Plan (continued)

Vesting (continued)

If the participant is terminated or departs the Company for any reason, all unvested contributions are forfeited immediately. However, should the participant return to work prior to incurring five consecutive breaks in service, their account balance as of the date of termination will be restored, unadjusted for gains or losses. For participants that made withdrawals, the account attributable to Employer contributions must be restored to its balance on the date of the distribution prior to continuance in the Plan for Employer contributions. All forfeitures created during the Plan year will be used to offset future Employer contributions.

Notes Receivable from Participants

Participants may borrow from funds accumulated through participant elective deferrals a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) participant notes receivable. Loan terms can be up to five years. These loans are collateralized by the balance in the participant's account and bear interest at prevailing rates as determined by the Plan Administrator. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than quarterly.

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the first day of the second calendar quarter following the calendar quarter in which the participant failed to make a required installment payment.

Distribution of Benefits

On termination of service due to death, disability or retirement age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments paid over various periods, as defined in the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also obtain distributions from their elective deferrals balances while still employed in the event of hardship and after the participant reaches age 59 ½. The Plan will make a mandatory distribution following severance from employment for all participant balances below \$5,000.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce Plan expenses and future Employer contributions. During the year ended December 31, 2022, Employer contribution payments and expenses were reduced by approximately \$407,000 from forfeited non-vested accounts. As of December 31, 2022 and 2021, there were \$4,000 and \$11,000, respectively, of forfeitures outstanding that could be used to offset Plan expenses and future Employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Lutheran Services Florida Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note B – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts, which are reported at contract value as described in Note G. Fair value is based on quoted market prices at year-end as reported by the Trustee.

Purchases and sales of securities are recorded on a trade basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|----------------|--|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| <i>Level 3</i> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Lutheran Services Florida Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note B – Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value ("NAV") provided by the Trustee. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2022 and 2021. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy. As all of the Plan's investments are exempt from the fair value hierarchy, the table has been excluded.

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee, a qualified institution. For the year ended December 31, 2022, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note D – Income Tax Status

403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. However, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2020.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Lutheran Services Florida Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note F – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or participants of the Plan, any person who provides services to the Plan, or an Employer whose employees are covered by the Plan. Certain Plan investments are pooled separate accounts and guaranteed interest accounts managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to parties-in-interest by the Plan for services amounted to approximately \$19,000 during the year ended December 31, 2022.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statement of net assets consist of the following investment(s):

<u>Investment Type</u>	<u>Investment name</u>	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Guaranteed interest account	AUL Stable Value Account	\$ 327,174	\$ 375,094

As of December 31, 2022 and 2021, the Plan invests in a guaranteed interest account (AUL Stable Value account, “the Fund”). The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As described in Note B, because the Fund is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the Fund. The investment is included in the financial statements at contract value as reported to the Plan by the Fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Fund issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan Administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

Note H – Reconciliation of Financial Statements to Form 5500

The Plan holds investments in pooled separate accounts, which is how they are reported on Form 5500, Schedule D, DFE/Participating Plan Information. Plan number “000” has been used to report these investments on Schedule D because the Trustee has not filed a Form 5500 directly with the Department of Labor for these investments. As such, the Plan’s interest in such investments cannot be included in Schedule H, line 1c(10). Instead, the Plan’s interest in the underlying assets of the pooled separate accounts must be allocated and reported in the appropriate categories on a line-by-line basis. Therefore, these investments are reflected as mutual funds on Form 5500, Schedule H, line 1c(13), but as pooled separate accounts for financial statement purposes.
