LOWEN CORPORATION 401(K) PLAN
INDEPENDENT AUDITOR'S REPORT AND
FINANCIAL STATEMENTS

December 31, 2022 and 2021

INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee
Lowen Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Lowen Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Lowen Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by the Lowen Corporation (the "Company") for the benefit of its employees who have completed 6 months of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan is administered by the Company's Benefits Committee ("Committee"), which is a committee of the management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. Fidelity Management Trust Company is the trustee of the Plan and also serves as Plan custodian.

Plan amendments - Effective June 1, 2021, the Plan was amended and restated to incorporate prior amendments, including technical amendments required by the Internal Revenue Service ("IRS").

Contributions - Participants may contribute up to the dollar limits as described by law of pretax annual compensation, as defined in the Plan. The Plan also allows Roth contributions and the option for participants to convert any portion of vested account balances to a Roth account. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older before the end of the Plan year, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Company matching contribution is solely at the discretion of the Company. The Company currently contributes 50% of the first 4% of compensation that a participant contributes to the Plan, up to a maximum of \$650 during the plan year. The Company also has the option to make discretionary non-elective employer contributions on behalf of each of its eligible participants in accordance with the provisions of the Plan. No discretionary non-elective employer contributions were made for years ending December 31, 2022 and 2021. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants may direct the investment of their contributions into various investment options offered by the Plan and may change their investment options at any time. The Plan currently offers twenty-three mutual funds, a common collective trust and a money market fund as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participants' contributions plus actual earnings are 100% vested immediately. All employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - On termination of service due to any reason, a participant with a vested account balance of \$1,000 or more may elect to receive a cash distribution, a direct rollover distribution to an eligible retirement plan specified by the participant or designated by the Plan administrator, or a combination of a cash distribution and a rollover. A participant with a vested account balance less than \$1,000 will automatically receive a lump sum distribution of their vested account balance. Benefits may also be withdrawn for certain qualifying hardship circumstances.

Forfeited accounts - At December 31, 2022 and 2021, suspense accounts totaled \$26 and \$12, respectively. At December 31, 2022 and 2021, unallocated forfeited nonvested accounts totaled \$574 and \$574, respectively. These accounts can be used to pay administrative expenses under the Plan or reduce future employer contributions. For the years ended December 31, 2022 and 2021, employer contributions were reduced by \$8,858 and \$9,830, respectively, from unallocated forfeited nonvested accounts. Also, for the years ended December 31, 2022 and 2021, administrative expenses were reduced by \$10 and \$133, respectively, from the suspense account.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Unit values - Individual participant accounts for the common collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Excess contributions refundable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding addition to benefits paid to participants. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants before March 15, 2023 and 2022, respectively.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) **Summary of significant accounting policies (continued)**

Administrative expenses - Certain administrative services and expenses of the Plan, other than investment advisory and recordkeeping fees, are provided and paid by the Company and are not included in the statements of changes in net assets available for benefits.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Recordkeeping and administrative fees are paid directly from the Plan and are included in administrative expenses on the statements of changes in net assets available for benefits.

(3) **Information prepared and certified by the trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2022 and 2021:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the methodologies used during the years ended December 31, 2022 and 2021.

Mutual funds: Mutual funds include a money market fund and are valued at the daily closing price as reported by the respective fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds (including the money market fund) held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. See Note 5 for discussions of the common collective trust.

The preceding methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 9,502,551	\$ -	\$ -	\$ 9,502,551
Investments measured at net asset value*:				
Common collective trust				440,198
Investments at fair value				\$ 9,942,749

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual and money market funds	\$ 12,221,109	\$ -	\$ -	\$ 12,221,109
Investments measured at net asset value*:				
Common collective trust				424,245
Investments at fair value				\$ 12,645,354

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021:

Investments	Fair Value as of		Unfunded	Redemption	Redemption
	2022	2021	Commitments	Frequency	Notice Period
Fidelity Advisor					
Stable Value Fund (a)	\$440,198	\$424,245	None	Daily	12 months

(a) The objective of this fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive payments.

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Common collective trust**

The Plan has entered into a fully benefit-responsive investment contract (a common collective trust) with Fidelity Management Trust Company ("Fidelity"). Fidelity maintains the contributions in a general account (the Fund). The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The contract is included in the statements of net assets available for benefits at estimated fair value as provided by Fidelity. Estimated fair value (measured at NAV) represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events limit the ability of the Plan to transact at NAV with the issuer. Such events include the following: (a) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC, (b) the establishment of a defined contribution plan that competes with the Plan for employee contributions, (c) any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer, (d) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the Fund's cash flow, (e) any communication given to unitholders by the Company, any other plan fiduciary, or Fidelity that is designed to induce or influence unitholders not to invest in the Fund or to transfer assets out of the Fund, and (f) any transfer of assets from the Fund directly to a competing investment option. The Plan administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. There were no unfunded commitments as of December 31, 2022.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the issuer or otherwise.

(6) **Related party and party-in-interest transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan made direct payments to Fidelity Management Trust Company for recordkeeping of \$9,212 and \$12,110 for the years ended December 31, 2022 and 2021, respectively, which were not covered by revenue sharing and are considered to be party-in-interest transactions under ERISA. The Plan also paid certain expenses of \$36,502 and \$37,960 related to investment advisory services to another service provider for the years ended December 31, 2022 and 2021, respectively, which also were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations, other than investment advisory and recordkeeping fees, and provides certain administrative services at no cost to the Plan.

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(7) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(8) **Excess contributions and other contributions refundable**

Excess contributions of \$13,639 and \$8,880 have been accrued as of December 31, 2022 and 2021, respectively, and are to be paid in each respective following year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. At December 31, 2022 and 2021, \$13,639 and \$8,880, respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

Other contributions refundable of \$956 have been accrued as of December 31, 2022 and are to be paid to one participant to return to them ineligible deferrals made during the Plan year along with accrued earnings. At December 31, 2022, \$956 has been included in the Plan's statements of net assets available for benefits as other contributions refundable.

(9) **Reconciliation of financial statements to Schedule H of Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500:

The following is a reconciliation of the net increase (decrease) per the financial statements for the years ended December 31, 2022 and 2021 to Form 5500:

	Years Ended December 31,	
	2022	2021
Net increase (decrease) per the financial statements	\$ (2,747,436)	\$ 1,202,698
Change in the contract value adjustment for fully benefit-responsive investment contracts	(34,030)	(2,427)
Change in excess contributions and other contributions refundable at end of the current period	<u>5,715</u>	<u>162</u>
Net income (loss) per Schedule H of the Form 5500	<u>\$ (2,775,751)</u>	<u>\$ 1,200,433</u>

(10) Tax status

The Company adopted a Volume Submitter Profit Sharing Plan (Fidelity Volume Submitter Plan) sponsored by their third party administrator. The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated June 30, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

LOWEN CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

(10) **Tax status (continued)**

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability, asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(11) **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(12) **COVID-19**

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. There is unprecedented uncertainty surrounding the duration of the pandemic, developing variants of the disease, potential economic ramification, and any government actions to mitigate them. Accordingly, the Plan sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

(13) **Subsequent events**

The Plan has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued and noted the following item for disclosure:

The Plan changed third party service providers subsequent to year end. The change was effective June 30, 2023.
