INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators
Mississippi Blood Services, Inc. 401(k) Plan
Flowood, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Mississippi Blood Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Mississippi Blood Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mississippi Blood Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mississippi Blood Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mississippi Blood Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mississippi Blood Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedules of delinquent participant contributions assets held at end of year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

A. DESCRIPTION OF PLAN

The following description of the Mississippi Blood Services, Inc. ("Company") 401(k) Plan ("Plan") includes all amendments and provides only general information. Participants should refer to the Plan agreement and amendments for a more complete description of the Plan's provisions.

1. *General* - The plan is a defined contribution plan covering all full-time and part-time employees of the Company who have 90 days of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Contributions* - Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan (limited by IRS maximum contribution limits), or participants may make ROTH contributions that are subject to federal income taxes in the year of deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 100 percent of the first 6 percent of gross earnings that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.
3. *Participant Accounts* - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and investment expenses. Allocations are based on participant earnings or account balances, as defined. Plan participants are able to self-direct the investment of funds in their individual accounts.
4. *Vesting* - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous services. A participant is 100 percent vested after six years of credited service.

A. DESCRIPTION OF PLAN - (Continued)

5. *Payment of Benefits* - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions may be made in cases of hardship if an immediate and heavy financial need exists. This distribution may be lump sum or in installments, at the discretion of the participant.
6. *Forfeited Accounts* – Forfeitures may first be used to pay any administrative expenses. Any remaining forfeitures will be allocated as additional discretionary matching contribution. Forfeiture of non-vested accounts are allocated to participants entitled to share in employee non-elective contributions in the same proportion that the deferral of each participant who has elected to make a deferral bears to the deferral of all participants who have elected to make a deferral.
7. *Administrative Expenses* – The Company absorbs the administrative costs of the Plan.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

FOR THE YEAR ENDED DECEMBER 31, 2022

B. SUMMARY OF ACCOUNTING POLICIES - (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. Fair values of the trusts are the net asset values of its underlying investments, and contract value is principal plus accrued interest. Investments in common collective trusts that invest in guaranteed investment contracts ("GICs") are stated at fair value and then adjusted to contract value. Investments in common collective trusts that do not invest in GICs are valued at the net asset values of the shares held by the Plan at year-end, which is based on the fair value of the underlying assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

C. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following investment information for the years ended December 31, 2022 and 2021 were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of Oklahoma, the trustee of the Plan:

Investments, at fair value	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 4,655,283	\$ 6,245,934
Fixed income	388,275	419,604

C. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED) – (Continued)

The trustee also certified the following information for the year ended December 31, 2022:

Net depreciation in fair value of investments before adjustment from fair value to contract value for fully benefit-responsive common collective trust	<u>\$ 2,769,201</u>
--	---------------------

D. TAX STATUS

On January 1, 2012, the date the Plan changed Trustees, the Plan adopted the Bank of Oklahoma prototype non-standardized profit sharing plan. The Plan was restated on June 15, 2022.

The plan obtained its latest determination letter on December 31, 2018 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

E. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's policy is to recognize significant transfers between levels at the end of the year.

E. FAIR VALUE MEASUREMENTS – (Continued)

Asset Valuation Techniques –

Mutual funds: Shares of registered investment companies held are primarily categorized as Level 1. They are valued at quoted market prices which represent the net asset value of shares held at Plan year-end.

Common Collective Trusts:

Capital preservation fund: The capital preservation fund is a common collective trust for which the fair value of participation units is based upon the net asset values as reported in the audited financial statements of the fund. The fund invests primarily in stable value products, including traditional GICs, synthetic GICs, separate account GICs and money market instruments. The net unit values of the fund are determined as of the close of each business day. Investments in the capital preservation fund are categorized as Level 1.

Other common collective trusts: Investments in common collective trust funds, other than the capital preservation fund, are based upon the redemption price of units held by the Plan, which is based on the current fair value of the common collective trust fund's underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. Investments in common collective trust funds are categorized as Level 2.

Money Market Funds: Money market funds are categorized as Level 1 because the fair value is based on quoted market prices in an active market.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

F. FULLY BENEFIT-RESPONSIVE COMMON COLLECTIVE TRUST FUND

The Plan invests in a benefit-responsive common collective trust fund with Federated Investors Trust Company ("Federated"), which invests in guaranteed investment contracts and mutual funds. The fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the common collective trust fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The common collective trust is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Federated, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The fair value of the common collective trust fund at December 31, 2022 and 2021 was \$388,275 and \$419,604, respectively. The crediting interest rate of the associated guaranteed investment contracts are based on a formula agreed upon by the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

FOR THE YEAR ENDED DECEMBER 31, 2022

F. FULLY BENEFIT-RESPONSIVE COMMON COLLECTIVE TRUST FUND – (Continued)

Certain events limit the ability of the Plan to transact a contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to contract value with participants are probable of occurring.

Average yields of the fund for the years ended December 31, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Ratio of year-end market value yield to investments	1.99%	1.77%
Ratio of year-end crediting rate to investments	2.69%	1.69%

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

H. SUBSEQUENT EVENTS

In accordance with FASB Accounting Standards Codification Topic 855, Subsequent Events, the Plan has evaluated subsequent events through July 27, 2023, which is the date the financial statements were available to be issued. All subsequent events requiring recognition as of July 27, 2023, have been incorporated into these financial statements.

I. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of common collective trusts and money market funds managed by Bank of Oklahoma. Bank of Oklahoma is the Trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. The following presents investments in common collective trusts and money market funds managed by Bank of Oklahoma included in the plan assets at December 31, 2022:

Common collective trusts	<u>\$ 5,222,202</u>
--------------------------	---------------------

Certain officers and employees of the Company (who may also be participants in the Plan) perform certain administrative, record keeping, accounting and financial reporting services on behalf of the Plan. The Company pays these individuals' salaries and also pays certain other administrative expenses on behalf of the Plan. The Plan Sponsor believes that these transactions are not deemed prohibited party-in-interest transactions because they are covered by statutory and administrative exemptions from the Code and ERISA's Rules on Prohibited Transactions.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Schedule H of Form 5500:
