To the Administrative Committee of
the Avaap USA, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Avaap USA, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Avaap USA, LLC 401(k) Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Avaap USA, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Avaap USA, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Avaap USA, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Avaap USA, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4I – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 Financial Statements of Avaap USA, LLC 401(k) Plan were audited by predecessor auditors. The audit of Avaap USA, LLC 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), the audit did not extend to any statements or information related to assets held for investment of the Plan by a qualified institution, provided the information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Their report dated September 8, 2022, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in 2021 supplemental schedule, other than the information agreed to or derived from the certified information, including its form and content is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan

Avaap USA, LLC 401k Plan (the “Plan”), is sponsored by Avaap USA, LLC (the “Company”). The following brief description of the Plan provides only general information. Participants should refer to the Plan documents for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution benefit plan formed January 1, 2012 and established to provide certain employees of the Company with retirement benefits in accordance with Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended and restated effective January 1, 2022 and June 1, 2022.

Effective June 30, 2021, the Company sold certain assets of its Infor business unit, resulting in a partial termination of the Plan. As a result of the partial plan termination, employees of the Infor business unit who were Plan participants became fully vested in their respective account balances effective June 30, 2021.

Eligibility

An employee is eligible to participate in the Plan on the first day of the month once the employee has reached the age of 21 and has completed one month of service.

Contributions

Participants may elect to defer from 1% up to 90% of eligible compensation in the Plan. Contributions may be made to the Plan on a pre-tax and/or Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified retirement plans (rollover). Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC).

Effective January 1, 2022, the Company makes matching contributions equal to 50% of the participant's contribution up to a maximum of 7% of the participant's compensation.

Participants' Accounts

Each participant's account is credited with their contributions, the Company's contributions, and the earnings thereon. Contributions to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company matching contributions and non-elective contributions plus actual earnings thereon vest based on the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
At least 1, but less than 2	50%
At least 2 or more	100%

Avaap USA, LLC 401k

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeiture allocations may be used to pay administrative expenses or to reduce Company contributions, in accordance with the Plan document. Plan forfeitures of \$27,133 were applied in conjunction with the payment of Employer contributions for the year ended December 31, 2022. Forfeitures from employees were \$24,021 during the year ended December 31, 2022. The available balance of forfeitures for the years ended December 31, 2022 and 2021 were \$24,098 and \$26,801, respectively.

Benefits

Participants are eligible to receive distributions from their accounts at normal retirement age, disability, death, or termination of employment. Participants who leave the Company can receive their vested benefits in a single lump-sum payment or have the payment paid as a direct rollover to an individual retirement account or individual retirement annuity (IRA) or to another employer's tax-qualified plan. Participants are eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000, reduced by their highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The terms of the loans range from one to five years and may be longer for the purchase of a principal residence but not to exceed 30 years. The loans are collateralized by the vested account balance and bear interest at a rate 2% above the prime rate, as defined at the time of the loan. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses and Other Income

Certain administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. These include legal and audit fees. Other administrative expenses, such as investment management, consulting, recordkeeping, and individual participant transaction fees, are paid for by the Plan.

An ERISA Budget Account (EBA) is maintained by ADP, LLC, which may be used to pay Plan expenses. Asset-based payments are calculated based upon an average daily balance of the investments for the month. During the year ended December 31, 2022, the Plan received \$57,638 from the EBA and utilized \$52,043 to pay certain Plan expenses. Such amounts are reflected as other income and included in administrative expense, respectively, in the accompanying statement of changes in net assets available for benefits. The available balance in the EBA was \$38,467 and \$32,471 as of December 31, 2022 and 2021, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Reliance Trust. See Note 4 for further discussion of the value measurements.

Avaap USA, LLC 401k

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions, based on the terms of the Plan document. For the years ended December 31, 2022 and 2021, notes bear interest between a rate of 5.25% and 9.00%.

3. Risks and Uncertainties

The Plan provides various investment options that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level – 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level – 2 Inputs to the valuation methodology include: (a) quoted market prices of investments for similar assets or liabilities in active markets; (b) quoted prices for the identified or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level – 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies of these items held at December 31, 2022 and 2021.

Mutual Funds - Mutual funds are valued at the daily closing price, as reported by the fund. The mutual funds held by the Plan are actively traded.

Common Collective Trusts - The common collective trusts (CCTs) are stated at fair value using the NAV practical expedient. The NAV of the CCTs is determined using the market price of the underlying securities and the contract value of investment contracts held by the CCTs, as determined by the trustee of the CCTs. There are no restrictions on the redemption of these investments and no unfunded commitments.

Self-Directed Brokerage Account - The plan allows for the participants to invest in mutual funds, ETFs, individual equities, and fixed income investments. These investments are valued at unadjusted quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation

Avaap USA, LLC 401k

methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value at December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 15,054,124	\$ -	\$ -	\$ 15,054,124
Self Directed Brokerage Accts	590,771	-	-	590,771

Common collective trusts*				<u>18,330,576</u>
Total investments				<u>\$ 33,975,471</u>

	2021

Common collective trusts*				<u>20,551,542</u>
Total investments				<u>\$ 40,126,321</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Information Certified by the Custodian

The following is a summary of the investments and notes receivable from participants prepared by or derived from information furnished by Reliance Trust Company (the "Custodian") as of December 31, 2022 and 2021, and included in the Plan's financial statements and supplemental schedule. The plan administrator has obtained certifications from the Custodian that such information is complete and accurate.

	2022	2021
Mutual Funds	\$ 15,054,124	\$ 18,575,398
Common Collective Trusts	18,330,576	20,551,542
Self Directed Brokerage Accts	590,771	999,381
Notes Receivable from Participants	151,013	121,412

The following was also certified by the Custodian for the year ended December 31, 2022:

Avaap USA, LLC 401k

Interest and dividends	\$ 389,525
Interest income on notes receivable from participants	7,987
Other income	57,638
Net depreciation in fair value of investments	(7,559,186)

6. Related Party and Party-In-Interest Transactions

ADP is the record keeper for the Plan and therefore, these services qualify as party-in-interest transactions. Fees paid to the Plan's investments advisor also qualify as party-in-interest transactions. Fees paid to ADP and the investment advisor during the year-ended December 31, 2022 were \$160,222.

7. Tax Status

On October 6, 2020, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2019.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, each participant will become 100% vested and the net assets of the Plan will be distributed, as prescribed by ERISA.

9. Subsequent Events

Plan management has evaluated subsequent events through July 28, 2023, the date the financial statements were available to be issued and has determined the Plan had no other material subsequent events that require disclosure.
