Independent Auditor's Report

To the Plan Administrator
Zentech Manufacturing, Inc.
401(k) Profit Sharing Plan & Trust
Baltimore, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Zentech Manufacturing, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Zentech Manufacturing, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of this report—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zentech Manufacturing, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zentech Manufacturing, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zentech Manufacturing, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zentech Manufacturing, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures including comparing and reconciling information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zentech Manufacturing, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

For the years ended December 31, 2022 and 2021

1. Description of Plan

The following description of the Zentech Manufacturing, Inc. (the “Company” and “Plan Sponsor”) 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Zentech Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust is a defined contribution salary deferral pension plan which provides an individual account for each participant and provides benefits upon retirement based on amounts contributed by the employer and employee plus earnings on those contributions less any Plan administrative expenses. The Plan was established on August 1, 2004.

Effective January 1, 2009, the Plan was amended and restated to comply with the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (“EGTRRA”).

Effective December 5, 2011, the Plan was amended to allow employees to enter the Plan on a per pay period basis.

Effective January 1, 2012, the Plan was amended to allocate employer profit sharing contributions to individual accounts of qualifying participants based on the ratio of each qualifying participant’s compensation for the plan year to the total compensation of all qualifying participants for the plan year.

Effective May 29, 2022, the Plan was amended to reduce the vesting period to one year and reduce the minimum loan amount to \$500.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participation

All employees of Zentech Manufacturing, Inc. are eligible to participate in the Plan. An employee becomes eligible to enter the Plan on the first day of a pay period coincident with or next following the date on which the employee completes one month of service and has attained age 18. A participant becomes eligible for elective deferrals and matching contributions on the date they enter the Plan. A participant becomes eligible to participate in discretionary profit-sharing contributions once they have completed one year of service and are age 18 or older.

Contributions

Eligible participants may defer up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code (“IRC”) Sections 401(k), 402(g), 404 and 415, which were \$20,500 and

1. Description of Plan (continued)

Contributions (continued)

\$19,500 for 2022 and 2021, respectively. The Plan allows for contributions representing Roth 401(k) deferrals. The Plan also allows for rollover of amounts from other qualified defined contribution and benefit plans by participants. All employees over the age of 50 before the close of the Plan year are eligible to make catch-up contributions totaling \$6,500 per employee per year for the years ended 2022 and 2021, respectively, under IRC Sections 401(a)(30), 402(g), and 414(v). Participant contributions are directed by the participants into various investment options offered by the Plan

The Company may also make discretionary profit sharing contributions to the Plan. The Company's discretionary contribution, if any, is determined by the Company's Board of Directors each year. The Company's profit sharing contribution is made for employees who are eligible participants, have completed at least one year of service, and are employed by the Plan Sponsor as of the last day of the Plan year; or for participants who were terminated prior to December 31, due to death or retirement. The employer profit sharing contributions are allocated to the individual accounts of qualifying participants based on the ratio of each qualifying participant's compensation for the plan year to the total compensation of all qualifying participant's for the plan year. For the years ended December 31, 2022 and 2021, the Company did not make discretionary profit sharing contributions.

The Company may also make matching contributions, as determined annually by the employer. For the years ended December 31, 2022 and 2021, total matching contributions made on behalf of participants were \$233,523 and \$240,399, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's discretionary contributions and Plan earnings or losses using the daily valuation method, and are reduced by any administrative expenses allocable to the participant. Allocations are based on participant's earnings and years of service, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant can redirect their investments at any time to any of the available funds in the Plan. A participant may change their allocation between investment options daily. The deferral percentage can only be changed directly through the Plan administrator and will be effective on the first day of the next pay period.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer contributions is based on years of service. Any employer contributions that are not fully vested are forfeited upon termination. The standard measure for one year of service is the completion of 1,000 work hours during the Plan year. Failure to meet this

Vesting (continued)

requirement in any year means that no vesting credit is given to the participant for that year. A participant is 100% vested after one year of credited service as of December 31, 2022 and three years of credited service at December 31, 2021. If a participant is re-employed prior to incurring five consecutive one year breaks in service, and such participant repays the amount of any distribution from their account paid to them, the amount forfeited will be restored to their account. Notwithstanding the above, a participant shall be fully vested in their entire account upon attainment of age 65 (normal retirement age) or their death prior to termination or retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms range from one to five years, however, this term limit can be extended if the loan is used by the participant for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at a reasonable rate as determined by the Plan Administrator. The interest rates on current outstanding loans range from 4.25% to 8.00%. The Plan Committee may charge a fee for the administrative expenses of processing a new loan. Principal and interest is paid ratably through payroll deductions. As of December 31, 2022 and 2021, loans outstanding amounted to \$93,659 and \$110,368, respectively. Participant loans outstanding have been reduced by an allowance for doubtful accounts of \$5,190 and \$31,989 at December 31, 2022 and 2021, respectively.

Payment of Benefits

Upon termination of service, death, or retirement, participants with vested account balances in excess of \$5,000 may choose any of the following options to withdrawal monies from their vested account balances: (a) take a single lump-sum cash distribution, (b) take partial withdrawals of at least \$1,000 or (c) take payments over a certain period in monthly, semiannual, or annual cash installments. If the balance is \$5,000 or less, the payment of the participant's vested account balance must be paid as a single lump-sum payment. Involuntary distributions may be made by the Company for participant vested balances under \$5,000. In the event of a mandatory distribution of between \$1,000 and \$5,000 and without an election otherwise, the Plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator. If a participant's vested balance is less than \$1,000 and without an election otherwise, the Plan administrator may pay the distribution in a direct rollover to an individual retirement plan designated by the Plan administrator or may pay a lump sum distribution to the participant. A terminated or retired participant may elect to receive payment from their account as soon as practicable or defer payment until a later date. If payment is postponed, the account will continue to share in investment earnings.

Unless a participant elects in writing to defer payment, the payment of benefits shall begin no later than the 60th day after the close of the Plan year in which the latest of the following events occurs:

For the years ended December 31, 2022 and 2021

1. Description of Plan (continued)

Payment of Benefits (continued)

(a) the date on which the participant attains the earlier of age 65 or normal retirement age, (b) the 10th anniversary of the year in which the participant commenced participation in the Plan, or (c) the date the participant terminates service with the employer. Upon the death of a participant before retirement or termination of employment, if the participant or beneficiary so elects, payment of the current balance of such participant's individual account shall become payable by December 31 of the calendar year immediately following the calendar year of the participant's death, or, if the participant's surviving spouse is the participant's designated beneficiary, by December 31 of the calendar year in which the participant would have attained age 70 ½, if later. The participant or beneficiary may elect to have the distribution of the participant death benefit completed by December 31 of the calendar year containing the fifth anniversary of the participant's death. In the absence of any election, the distribution of the participant's death benefit shall be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death.

In-service withdrawals (permitted if the participant is fully vested and has attained age 59 ½) and hardship withdrawals are permitted if certain criteria are met.

Forfeited Accounts

The balance in the forfeited non-vested accounts was \$560 and \$555 at December 31, 2022 and 2021, respectively. The balances in these accounts may be treated as a reduction of the Plan Sponsor's contributions for the Plan year in which the forfeitures occurred. These amounts may also be used to pay Plan expenses. The Plan Sponsor used \$31 and \$1,609 of forfeitures to offset matching contributions during the years ended December 31, 2022 and 2021, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by investment advisors and the custodian. See Note 4 for discussion of fair value measurements. Income is recognized using a daily valuation method based on the daily changes in the market value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's realized gains and losses on investments bought and sold during the year and the Plan's unrealized gains and losses on the investments held at year end.

Notes Receivable from Participants

Notes receivable from participants are to be measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. If previously distributed loans become current again due to re-hires or changes in the circumstances, the Plan reverses the distribution through deemed distributions. Certain previously deemed distributions were reversed during the year ended December 31, 2022 totaling \$26,799. This offset 2022 deemed distributions of \$10,475 for total reported net deemed distributions of \$(16,324) during the year ended December 31, 2022. There were no offset deemed distributions related to the year ended December 31, 2021. The allowance for doubtful accounts totaled \$5,190 and \$31,989 at December 31, 2022 and 2021, respectively, related to defaulted loans.

Plan Expenses

Certain expenses incurred in maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments. Expenses for the trustee and certain record keeping fees are paid directly from the Plan.

Funding Policy

Contributions are funded as accrued.

Payment of Benefits

Benefit payments are recorded when paid.

3. Certified Information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

The following information was obtained from data that has been prepared and certified to be complete and accurate by Reliance Trust Company as of and for the years ended December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Investments at fair value:		
Mutual funds	\$ 4,171,751	\$ 5,256,091
Stable value fund	<u>212,916</u>	<u>186,849</u>
Total investments	<u>4,384,667</u>	<u>5,442,940</u>
Notes receivable from participants	<u>\$ 93,659</u>	<u>\$ 110,368</u>
Investment income (loss):		
Interest and dividends	\$ 283,939	\$ 517,383
Interest on participant loans	3,626	6,113
Net appreciation (depreciation) in fair value of investments	<u>(1,238,224)</u>	<u>62,931</u>
Total investment income (loss)	<u>\$ (950,659)</u>	<u>\$ 586,427</u>

The Plan administrator certified the value of the stable value fund at contract value. Under generally accepted accounting principles, the asset is to be reported on the statement of net assets available for benefits at fair market value. Fair market value of the Stable Value Fund was \$212,916 and \$186,849 at December 31, 2022 and 2021, respectively. There was no variance between the contract value and fair market value of the stable value fund at December 31, 2022 or 2021.

The Plan administrator certified the above notes receivable from participants amounts at the gross amount prior to the allowance for doubtful accounts of \$5,190 and \$31,989 at December 31, 2022 and 2021, respectively.

4. Fair Value Measurements

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered actively traded.

Stable value common collective trust fund: The stable value fund is composed primarily of investment contracts that were valued at the net asset value of units of the bank collective trust.

The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification as of December 31, 2022 and 2021, respectively, in order to ensure that securities liquidations will be carried out in an orderly manner.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021, respectively:

<i>Assets at Fair Value as of December 31, 2022</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 4,171,751	\$ -	\$ -	\$ 4,171,751
Total assets in the fair value hierarchy	4,171,751	-	-	4,171,751
Investments measured at net asset value (a)	-	-	-	212,916
Total investments at fair value	<u>\$ 4,171,751</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,384,667</u>
<i>Assets at Fair Value as of December 31, 2021</i>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 5,256,091	\$ -	\$ -	\$ 5,256,091
Total assets in the fair value hierarchy	5,256,091	-	-	5,256,091
Investments measured at net asset value (a)	-	-	-	186,849
Total investments at fair value	<u>\$ 5,256,091</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,442,940</u>

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the notice period is applicable only to the Plan.

5. Related Party / Party-in-Interest Transactions

The Company sponsors the Plan. Personnel within the employer organization perform certain administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses. Expenses for the custodian, audit and outside administration services are paid directly by the Plan Sponsor. Certain administrative processing and transaction fees may be paid by the Plan. Certain Plan expenses were paid to the third-party administrator and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for third party administrator services amounted to \$5,686 and \$5,288 for the years ended December 31, 2022 and 2021, respectively. The respective trustees also receive indirect compensation from various mutual funds held by the Plan. Such indirect compensation is netted in the investment income reported in the accompanying statements of changes in net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

7. Risks and Uncertainties

The Plan's investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with such investments, and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Plan assets are not FDIC insured.

8. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.
