INDEPENDENT AUDITOR'S REPORT

To the Trustee of
The Verndale Corporation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of The Verndale Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Verndale Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Verndale Corporation 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Verndale Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Verndale Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule H, 4i – schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Verndale Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of The Verndale Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2004, and is a defined contribution 401(k) plan covering all eligible employees of The Verndale Corporation (the "Company"). All employees aged 21 or older are eligible to participate in the Plan on the first day of the month following their date of hire, except for non-resident and per diem employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan up to a maximum of 90% of their eligible salary, subject to Internal Revenue Code limitations (\$20,500 for 2022 and \$19,500 for 2021), in each plan year through salary reduction agreements with the Company. Further, participants who are 50 years of age or older as of December 31, 2022 may contribute an additional catch-up contribution (\$6,500 in 2022 and 2021). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers"). All new participants are automatically enrolled in the Plan at a contribution rate of 3%, unless the participant opts not to participate.

The Employer may provide a discretionary matching contribution on behalf of participants. Each participant's allocable share of the matching contribution is based on their percentage of the eligible contributions made during the contribution period. The Employer may limit the eligible contributions taken into account under the allocation formula to contributions up to a specified percentage of compensation or dollar amount or may provide for matching contributions to be made in a different ratio for eligible contributions above and below a specified percentage of compensation or dollar amount. Each participant receives a rate or amount that is identical to the rate or amount received by all other participants as determined by the Employer. During the years ended December 31, 2022 and 2021, Employer contributions amounted to \$389,037 and \$314,949, respectively.

Participant Accounts

Participants may elect to invest their account balances in any combination of the investments offered under the Plan and managed by Fidelity Management Trust Company ("FMTC"). Participants may commence participation in the Plan upon the commencement of employment or upon satisfaction of eligibility conditions. All funds are self-directed, allowing the participants to change their investment selection at any time.

Each participant's account is credited with the participant's contributions and allocations of employer contributions and plan earnings and is charged with allocations of plan losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are always 100% vested in their contributions, rollovers contributions, and matching contributions plus earnings thereon.

Forfeitures

Forfeitures are the unvested employers matching contributions for terminated participants. Because participants are always 100% vested in matching contributions, the Plan does not have a forfeited cash balance available at December 31, 2022 and 2021.

The Verndale Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum principal amount of \$50,000 or 50% of their vested balances, whichever is less. The maximum of \$50,000 is reduced by the highest outstanding loan balance a participant had during a one-year look back period. The term of a loan shall be a maximum of five years unless the loan is for purchasing a primary residence. The loans are secured by the balance in the participant's vested account and bear a fixed interest at a rate determined by the Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2022 and 2021, outstanding loans were bearing interest of 6.75%. Generally, principal and interest are paid through a payroll deduction agreement to repay the loan. In addition, participants may repay all or a portion of the loan's principal balance at any time.

Payment of Benefits

Participants may withdraw funds from their account upon separation from employment, retirement, disability, attainment of age 59 ½, death and certain other times as specified in the Plan Document.

Distributions shall be reduced by the outstanding balance of any loans not repaid by the participant. Distribution of funds may be made in the form of a single lump-sum payment or have the payment paid as a "direct rollover" if such election is made prior to death. If a participant terminates employment with the Company prior to normal retirement, he/she may defer payment from the Plan until normal retirement age and the participant's account exceeds a balance of \$5,000. Participant account balances below \$5,000 are automatically distributed to participants terminated from the Plan. Withdrawals due to serious financial hardship are allowed to the extent permitted by IRS regulations.

Investments

Plan investments include shares of various types of mutual funds. The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on the participant's risk tolerance. Participants may direct their contributions as well as employer contributions to any of several investment options. The fair values of all mutual funds and the notes receivable from participants and all investment transactions, including interest and dividends and net appreciation or depreciation in fair values, are certified as complete and accurate by Fidelity. Information included in the supplemental schedule has also been certified by Fidelity.

Investment Options

Participants direct the investment of their contributions into their choices of various investment options offered by the Plan. Sponsor contributions are invested as directed by the participants.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator works with the Plan's investment advisors and custodian to determine the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Verndale Corporation 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments and are not readily determinable.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan's investments are held by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021. FMTC has provided a certification that the following information which is included in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021 is complete and accurate:

- Investments and net appreciation (depreciation) in the fair value of investments
- Investment income, including interest income from notes receivables from participants
- Schedule of assets (held at end of year)
- Schedule of notes receivable from participants

As a result of obtaining this certification, the plan administrator instructed the independent qualified public accountants to perform no audit procedures with respect to investment balances and activities, except for comparing such certified information to amounts reported in the financial statements.

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021, respectively.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Value at NAV of \$1.00 per share held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

6. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. There are no such positions taken by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

There are no tax related penalties or interest reflected in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by FMTC. FMTC is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

Administrative expenses and investment advisory fees incurred by the Plan are paid directly by the Sponsor.

Audit fees for the required audit of the Plan's financial statements are paid directly by the Company.

Notes receivable from participants also qualify as exempt party-in-interest transactions as defined by ERISA.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, accounts would be distributed at the discretion of the Plan administrator, under one or more of the methods described above, as allowable by the IRC.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 19, 2023, the date the financial statements were available to be issued. There are no significant subsequent events that existed at the balance sheet date which require adjustment to or disclosure in the financial statements.
