INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended January 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of January 31, 2023 and 2022, and for the year ended January 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV, line 4i - schedule of assets (held at end of year) as of January 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Lowndes, Drosdick, Doster, Kantor & Reed, P.A. (the “Firm”) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is intended to qualify as a profit-sharing plan under Internal Revenue Code Section 401(a). However, contributions to the Plan by the Firm may be made without regard to the Firm’s current or accumulated profits.

The Plan is a defined contribution plan covering substantially all full-time employees of the Firm who have attained the age of eighteen and completed six consecutive months of service. Eligible participants can participate in the Plan the first February 1st or August 1st on which or next following the date they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participant

Each year, participants may contribute up to 100% of their pre-tax or post-tax annual compensation, as defined by the Plan, subject to a maximum amount allowable by the Internal Revenue Code (“IRC”). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“rollover contributions”). Participant contributions are transferred to the Plan throughout the year.

Employer

The Firm may contribute an amount designated as a profit-sharing contribution and allocate to eligible participants in accordance with the Plan document. The Firm may also make matching contributions or other additional contributions at its discretion but may not exceed the maximum amount allowable by the IRC as an income tax deduction to the Firm unless such additional contribution is necessary to meet certain minimum requirements of the IRC. Employer contributions are funded at least annually. Participants who have been credited with at least 1,000 hours of service are eligible for employer contributions.

Participant Accounts

Participants’ accounts are credited with their elective contributions and an allocation of the Firm’s contributions, and Plan earnings. Participants’ accounts are charged with an allocation of administrative and other expenses that are paid by the Plan. Allocations are generally based on the relative compensation of the participants or their relative account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements
January 31, 2023 and 2022

Vesting

A participant is 100% vested in his or her elective and rollover contributions and the Firm's discretionary and profit-sharing contributions, plus actual earnings thereon. If a participant's employment terminates due to total and permanent disability, death, or after attaining 59½ years of age and the fifth anniversary of his or her original entry date in the Plan, the participant will be entitled to receive the entire amount credited to his or her account. Upon termination for any other reason, the participant is entitled to a portion of the Firm's matching and fixed contributions in accordance with the following vesting schedule:

Years of Service
(as defined)

Vested Percentage

Less than 2	0%
2	20%
3	40%
4	60%
5 or more	100%

Notes Receivable From Participants

Participants may obtain notes based upon their vested account balances. The minimum note permitted is \$1,000 and the maximum note amount is the lesser of 50% of the participant's vested account balance or \$50,000. Note payments consisting of principal and interest are made through payroll deductions over a term not greater than five years or for a time period not to exceed thirty years for the purchase or construction of a primary residence. The notes earn interest at rates ranging from 4.25% to 8.50%. Note balances are collateralized by the borrower's vested account balances in the Plan. Maturities range from 2023 to 2051.

Payment of Benefits

Upon termination of employment, permanent disability, death, or attainment of normal retirement age, the vested portion of a participant's balance may be disbursed to them or their beneficiary in either a one lump-sum payment or in periodic payments.

Participants who continue in the employment of the Firm may request a pre-retirement distribution of (1) defined amounts under certain hardship conditions, (2) their profit sharing related benefits attributable to periods before November 1, 2002, if the participant has attained the age of 40 and is 100% vested in those benefits, (3) their rollover contribution into the Plan, (4) effective September 1, 2009, the vested portion of their profit sharing accounts and fixed contribution accounts on or after they have obtained the age of 40 or reaching the fifth anniversary of their entry into the Plan or, (5) amounts attributable to elective deferrals and other employer discretionary contributions, if 100% vested, if the participant has attained the age of 59½. Participants are eligible to request a distribution from the post-tax account as long as the following conditions are met: (1) the distribution is made after a taxable five-year period beginning with the earlier of (i) the first taxable year the participant made a post-tax contribution or (ii) if the participant has a post-tax rollover account, the first taxable year for which the participant made a designated post-tax contribution to the previously established account and (2) made on or after the date on which the participant attains the age of 59½, dies, or incurs a total and permanent disability.

Notes to Financial Statements
January 31, 2023 and 2022

Investment Options

Upon enrollment in the Plan, a participant may direct participant contributions and employer discretionary contributions in any of the Plan's investment options offered by the Plan trustee. Participants may change their employee contribution allocation among investment options as of each payroll period and may transfer amounts between funds daily.

Forfeited Accounts

The Plan allocates participant forfeitures as if the forfeitures were employer contributions. The Plan treats forfeitures as a reduction of the employer contributions otherwise made for the Plan year following the Plan year in which the forfeitures occur or as soon as practicable in subsequent Plan years. Forfeited account balances totaled \$2,765 and \$0 as of January 31, 2023 and 2022. Subsequent to the year ended January 31, 2023, \$2,765 were used to offset the employer discretionary contributions.

Plan Expenses

Investment transaction costs and other qualified plan expenses are charged to the Plan. Some administrative costs are absorbed by the Firm.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 31, 2023 and 2022. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. The net appreciation or depreciation in fair value consists of the net realized gains or losses on investments sold and the net unrealized gains or losses on investments held.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through July 21, 2023, the date which the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred, other than the matter disclosed in Note 1, which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Fair value is measured using a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2023 and 2022:

Money market funds: Valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan
Notes to Financial Statements
January 31, 2023 and 2022

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. At January 31, 2023 and 2022 there were no unfunded commitments. The common collective trusts are not required to be classified within a level on the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value at January 31, 2023 and 2022:

2023			
	Level 1	Level 2	Level 3
	Total		
Money market funds	\$ 7,074	\$ -	\$ -
Mutual funds	66,773,904 *	-	-
Total	<u>\$ 66,780,978</u>	<u>\$ -</u>	<u>\$ -</u>
Total assets in the fair value hierarchy			\$ 66,780,978
Investments measured at net asset value			11,898,612 *
Investments at fair value			<u>\$ 78,679,590</u>

2022			
	Level 1	Level 2	Level 3
	Total		
Mutual funds	<u>\$ 54,050,156</u>	<u>\$ -</u>	<u>\$ -</u>
Total assets in the fair value hierarchy			\$ 54,050,156
Investments measured at net asset value			31,821,183
Investments at fair value			<u>\$ 85,871,339</u>

* Fluctuation between Mutual Funds and Common Collective Trusts balances from the year ended January 31, 2023, and the year ended January 31, 2022, is due to changes in investment portfolios as a result of changes in custodian during the year ended January 31, 2023.

4. RELATED-PARTY TRANSACTIONS

The Plan's investments, including notes receivable from participants, were managed by Principal Trust Company and Principal Life Insurance Company (collectively "Principal") through November 28, 2022, and Fidelity Trust Company ("Fidelity") effective November 29, 2022, and were/are the trustees as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

Lowndes, Drosdick, Doster, Kantor & Reed, P.A. Retirement Plan
Notes to Financial Statements
January 31, 2023 and 2022

Fees paid to Principal and Fidelity for investment management and other services amounted to approximately \$19,000 and \$200, respectively, for the years ended January 31, 2023 and 2022. In addition, fees for accounting, legal, and investment advisory services totaling approximately \$114,600 were paid by the Plan.

5. PLAN TERMINATION

Although the Firm has not expressed any intent to do so, it has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Firm by a letter dated March 13, 2014, that the Amended and Restated Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of January 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties included in the financial statements presented.

7. SUMMARY OF INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEES

No auditing procedures were performed by the independent auditor with respect to the information certified as complete and accurate by Principal Trust Company and Principal Life Insurance Company (collectively "Principal", the former trustee) and Fidelity Trust Company ("Fidelity", the current trustee), except for comparing such information with the information reported in the financial statements. Based on the information provided and certified by the trustees, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of January 31, 2023 and 2022. Accordingly, the trustees of the Plan assets have certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of January 31, 2023 and 2022 as well as the supplementary schedule of assets (held at end of year) as of January 31, 2023.
- Net depreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended January 31, 2023.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefit.
