INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of Tapestry, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tapestry, Inc. 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of the year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tapestry, Inc. 401(k) Savings Plan

Notes to Financial Statements

as of December 31, 2022 and 2021 and for the year ended December 31, 2022

1. DESCRIPTION OF PLAN

The following description of the Tapestry, Inc. 401(k) Savings Plan, (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The Plan, as amended, was adopted by Tapestry, Inc. (the “Company” or “Tapestry,” formerly known as Coach, Inc.), effective July 1, 2001 and is a defined contribution plan. All U.S. employees of the Company who meet certain eligibility requirements and are not part of a collective bargaining agreement may participate in the Plan.

The Plan is administered by the Tapestry, Inc. Retirement Plan Committee (“Plan Committee”), appointed by the Vice President, Total Rewards & People Insights (or, if there is no person holding such title, the person holding a successor title or acting in such capacity). The assets of the Plan are maintained and transactions therein are executed by Fidelity Management Trust Company, the trustee of the Plan (“Fidelity” or “Trustee”). The Plan is subject to the reporting and disclosure requirements, participation and vesting standards, and fiduciary responsibility provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility - Employees become eligible to participate in the 401(k) feature one month following their initial date of employment or attainment of age 21, whichever is later.

Contributions - The 401(k) feature of the Plan is funded by both employee contributions and employer safe harbor contributions. Participants may contribute between 1% and 50% of their pre-tax annual compensation (between 1% and 75% in the case of catch-up contributions), not to exceed the amount permitted pursuant to the Internal Revenue Code (the “IRC”). Employer safe harbor contributions to the accounts of all eligible employees are equal to 100% of the first 3% of each participant’s eligible compensation contributed to the Plan and 50% of the next 2% of eligible compensation contributed to the Plan. These safe harbor contributions are made to the account of each eligible employee each pay period. The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

The contribution period for matching employer contributions is the Plan year (“Contribution Period”). Because safe harbor matching employer contributions are made more frequently than for the Contribution Period, the employer must calculate the matching employer contribution required for the Contribution Period. To arrive at the employer contribution, the employer takes into account the participant’s contributions and eligible compensation for the Contribution Period. Any additional matching employer contributions necessary to “true up” the matching employer contributions is contributed to the Plan. This ensures that the participant receives the full matching employer contribution based on the annual amount the participant contributed to the Plan. The employer matching contribution true-up for Plan year 2022 and 2021 was \$2,267,141 and \$2,096,372, respectively, and is included in the 2022 and 2021 employer contributions receivable on the Statements of Net Assets Available for Benefits.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRC limitations.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and related matching and employer contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting and Forfeitures - Following the Plan amendment on January 1, 2016, participants are vested immediately in their employee contributions and employer safe harbor contributions, plus actual earnings thereon.

Notes to Financial Statements (Continued)

Prior to the Plan amendment on January 1, 2016, highly compensated employees' employer matching contributions would vest ratably over 5 years. Contributions made prior to the effective date of this change will continue to vest under the Plan terms in effect at the time of that contribution. A participant also became 100% vested in his or her matching contribution accounts upon termination of employment by reason of death, retirement or disability. For purposes of the Plan, retirement is defined as termination of employment after age 65 or age 55, if the participant has at least 10 years of service with the Company.

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,887 and \$36,632, respectively. During 2022, employer contributions were reduced by \$82,485 from forfeited nonvested accounts through payment of Plan of administrative expenses.

Notes Receivable from Participants - Active participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding note receivable balance in the participant's account during the prior 12-month period. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with prevailing market rates, as determined by the Plan Committee. As of December 31, 2022, notes receivable from participants have maturities through 2032 at interest rates ranging from 3.25% to 8.25%. Principal repayments and interest payments are made ratably through payroll deductions and must be repaid within five years, unless used by the participant to purchase a primary residence, in which case the term is 10 years. A participant may only have one note receivable outstanding at a time.

If a participant's note receivable is in default, the participant shall be treated as having received a taxable deemed distribution for the amount in default. Participant payments on a note receivable after the date it was deemed distributed shall be treated as employee contributions to the Plan for purposes of increasing the tax basis in the participant's account. These payments shall not be treated as employee contributions for any other purpose under the Plan.

Payment of Benefits - Upon termination of employment, participants are entitled to receive the full vested balance of their Plan account in a lump-sum distribution or in part in the form of installments over a period no longer than 10 years. In the event of a participant's death, the distribution of the participant's account balance will be made to the participant's designated beneficiary or the participant's estate, if no beneficiary has been so designated.

Any participant may apply to withdraw all or part of his/her vested account balance subject to specific hardship and in-service withdrawal provisions of the Plan. Hardship withdrawals must be approved through the process established by the Plan Committee, and are limited to amounts of participants' contributions. In-service withdrawals are available to participants upon the attainment of age 59 ½ and are limited to a participant's vested account balance. Hardship and in-service withdrawals will be subject to income taxes. A hardship withdrawal may also be subject to an additional tax based on early withdrawal.

Investment Options - As of December 31, 2022 and 2021, participants may direct employee deferrals as well as employer matching contributions into various investment options, including a selection of mutual funds, common collective trust funds, and a stable value common collective trust fund, in no less than 1% increments.

Administrative Expenses - Administrative expenses of \$12 per participant are deducted from participant accounts at the end of each calendar quarter. Participants also pay administrative costs for loans, distributions, and qualified domestic relation orders. Certain investment funds in the Plan provide for revenue-sharing whereby the investment managers return a portion of their investment fees to offset Plan expenses. The Plan has an agreement with the Plan's recordkeeper, Fidelity Investments Institutional, for the revenue-sharing proceeds to be credited to the participants who invested in the funds that generate those proceeds, thereby reducing the expenses those participants incur with respect to those funds. The Plan held no undistributed revenue-sharing credits as of December 31, 2022 and 2021.

Notes to Financial Statements (Continued)

Management fees and operating expenses charged to the Plan for investments in the mutual funds and the common collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Payment of Benefits - Benefit payments to participants are recorded when paid. There were no participants or beneficiaries who have elected to withdraw from the Plan, but have not been paid as of December 31, 2022 and December 31, 2021.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, including net asset value ("NAV"), as a practical expedient, as fair value for the stable value common collective trust fund. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4, "Fair Value Measurements" for discussion on fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The change in the difference between market value and cost of investment is reflected as net appreciation/depreciation in the fair value of investments in the periods in which such changes occur. Gains or losses from the sale of investments are determined on the average cost basis.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties - The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes to Financial Statements (Continued)

4. FAIR VALUE MEASUREMENTS

The Plan categorizes its assets and liabilities based on the priority of the inputs to the valuation technique into a three-level fair value hierarchy as set forth below. The three levels of the hierarchy are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices included in Level 1. Level 2 inputs include quoted prices for identical assets or liabilities in non-active markets, quoted prices for similar assets or liabilities in active markets, and inputs other than quoted prices that are observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs reflecting management's own assumptions about the input used in pricing the asset or liability.

There were no Level 2 or Level 3 investments as of December 31, 2022 and December 31, 2021.

Asset Valuation Techniques - Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and December 31, 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and categorized as Level 1.

Common Collective Trust Funds - Deemed to have a readily determinable fair value as they are valued by the trustee at a daily published price, which is used as the transaction basis for investors. The value published is determined based on the total fair value of the underlying assets less its liabilities. These common collective trust funds have no redemption restrictions, could trade daily, and have a publish process on a daily basis. The non-stable value common collective trust funds held by the Plan are categorized as Level 1.

Stable Value Common Collective Trust Fund (the "Fund") - Valued at the NAV, as a practical expedient, of units of the Fund. The Fund is composed primarily of fully benefit-responsive investment contracts. The NAV is used as a practical expedient to estimate fair value for stable value common collective trust funds. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV or if the fair value is readily determinable as it is for other common collective trust funds. Participant transactions (purchases and sales) may occur daily and there are no redemption restrictions at the participant level. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements (Continued)

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and December 31, 2021:

	<u>December 31, 2022</u>	<u>December 31, 2021</u>
Level 1:		
Non-stable value collective trust funds	\$ 303,353,894	\$ 356,091,491
Mutual funds	<u>\$ 153,282,500</u>	<u>\$ 191,267,952</u>
Total	456,636,394	547,359,443
Investments measured at NAV	<u>17,805,449</u>	<u>17,085,041</u>
Total investments	<u><u>\$ 474,441,843</u></u>	<u><u>\$ 564,444,484</u></u>

Below is a summary of the Plan's investments at December 31, 2022 and December 31, 2021, where fair value is estimated based on the NAV:

<u>Investment</u>	<u>December 31, 2022 Fair Value^(a)</u>	<u>December 31, 2021 Fair Value^(a)</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Restrictions</u>	<u>Notice Period</u>
Stable value common collective trust fund ^(b)	<u>\$ 17,805,449</u>	<u>\$ 17,085,041</u>	<u>\$ —</u>	Same day	None	None

^(a) The fair values of the investments have been estimated using the NAV of the investment as a practical expedient.

^(b) Stable value common collective trust fund strategy seeks to invest in fixed-income securities and/or bonds to maintain a NAV of \$1 per unit.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments, Inc. Fidelity Investments, Inc. is an affiliate of The Trustee and therefore, these transactions qualify as party-in-interest transactions. Fees charged to the Plan by the Trustee for administrative expenses amounted to \$703,478 for the year ended December 31, 2022.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Fidelity by letter dated June 30, 2020 that the volume submitter plan document that was used for the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the advisory letter. However the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Board of Directors of the Company reserves the right to change, amend or terminate the Plan at any time at its discretion, subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their employer matching contributions.

8. RECONCILIATION TO FORM 5500

A reconciliation of the Plan's net assets per the financial statements as of December 31, 2021 to the Plan's net assets at fair value, per Form 5500 is as follows:

	December 31, 2021
Net assets available for benefits per financial statements	\$ 572,135,583
Adjustment from fair value to 5500 reporting of the stable value common collective trust fund	<u>145,304</u>
Net assets per Form 5500	<u><u>\$ 572,280,887</u></u>

A reconciliation of the increase in net assets per the financial statements for the year ended December 31, 2022, to net income per Form 5500, is as follows:

Net increase in assets available for benefits per financial statements	\$ (89,904,200)
Add — Change in adjustment from fair value to 5500 reporting of the common collective trust fund	<u>(145,304)</u>
Net income (loss) per Form 5500	<u><u>\$ (90,049,504)</u></u>

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through July 31, 2023, the date the financial statements were available to be issued. There are no subsequent events requiring adjustments to or disclosure in these financial statements.
