REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Participants
The Colson Medical LLC Employees' Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of The Colson Medical LLC Employees' Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2022 and of assets (held at end of the year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - PLAN DESCRIPTION

The following description of The Colson Medical LLC Employees' Retirement Plan (the "Plan"), provides only general information. The Plan is sponsored by Colson Medical, LLC (the "Company"), and was established effective April 1, 2003.

General

All employees designated by the participating employers' adoption and merger agreement are eligible to participate in the Plan. Eligibility to participate in the Plan commences on the first day of the month after 30 days of service (as defined by the Plan). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan's trustee and asset custodian is Fidelity Management Trust Company ("Fidelity").

Contributions

Participant contributions are voluntary. Participants are entitled to make after-tax contributions and pre-tax contributions as follows: after-tax contributions equal to a whole percentage, not to exceed 30% of eligible compensation; pre-tax contributions equal to a whole percentage, not to exceed 60% of eligible compensation; and participant contributions whether pre-tax contributions, after-tax contributions or a combination thereof, which may not in the aggregate exceed 60% of eligible compensation. Eligible compensation is as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The participating employers can make two types of contributions to the Plan - the matching contribution and the retirement contribution. The participating employers' matching contribution, \$2,294,654 in 2022, is made in an amount not to exceed 50% of the participants' contributions that are eligible for matching. This matching contribution may not exceed 50% of 6% of the participants' eligible compensation. The retirement contribution of \$3,890,189 made for the 2022 Plan year is discretionary, as determined by each participating employer.

The participant's retirement contribution was based on eligible compensation earned during 2022. The participant's matching contribution was based on pre-tax contributions deducted during 2022.

The Plan has an automatic enrollment feature for all employees not already participating in the Plan into the elective deferral portion of the Plan. The automatic enrollment rate is a 3% participation rate (with a 1% annual increase thereafter) and the default investment is the Fidelity Freedom Fund. Each employee has the opportunity to opt out of this automatic enrollment online.

Each participant has the right to direct the investment of his or her account into the various investment options offered by the Plan in increments of 1%.

All contributions are subject to certain Internal Revenue Code ("IRC") limits.

Investment Options

Participants can select from various fund options offered by the Plan. Participants may change their investments daily.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions and the participating employers' matching contributions, and an allocation of (1) discretionary participating employers' retirement contributions, (2) Plan earnings (losses) and (3) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions and earnings thereon are always fully vested.

Effective April 1, 2021, a participant's portion of participating employers' contributions (participating employers' matching contributions and participating employers' retirement contributions) and net income (loss) thereon becomes vested based on completed years of vesting service at the following rates: 20% per year of completed service, and becoming 100% vested on the fifth year of completed service. Prior to April 1, 2021, a participant's portion of participating employers' contributions (participating employers' matching contributions and participating employers' retirement contributions) and net income (loss) thereon became vested based on completed years of vesting service at the following rates: first through second years - 10% per year; third through sixth years - 20% per year, and becoming 100% vested on the sixth year of completed service.

Notes Receivable from Participants

Participants may borrow from their rollover, after-tax and pre-tax accounts and from the earnings portion of their matching account. The maximum loan available is limited to 50% of such participants' vested accounts, but in no event shall the loan be less than \$1,000 or more than \$50,000, reduced by the highest outstanding balance of loans during the one-year period. Participants can only have one outstanding loan at a time. The loans are secured by the balance of the participant's account. The interest rate of the loan is set by the participating employers using the prime rate plus 2%. The interest rate is fixed throughout the duration of the loan. Interest income is recorded on the accrual basis. Loans are repaid in equal installments through payroll withholding over a period not to exceed five years for a general loan and 10 years for a real estate loan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

The Plan offers four types of withdrawals: non-hardship (retirement or termination of service), hardship, age 59½ and age 72. Each withdrawal type has specific requirements for eligibility, as defined in the Plan agreement.

The normal form of payment for a terminated participant is a cash lump-sum payment with spousal consent.

Forfeitures

Forfeitures in participants' matching and retirement accounts are used to reduce the participating employers' contributions and to pay administrative expenses. Forfeitures in the amount of \$185,617 and \$614,730 were available at the end of 2022 and 2021, respectively, to reduce future Company contributions. In 2022, forfeitures reduced Company retirement and matching contributions by \$190,000. In 2022, \$154,549 of forfeitures were used to pay administrative expenses.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note C for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is accrued as earned.

Net realized and unrealized appreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses associated with the Plan are paid by the Plan.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

The Colson Medical LLC Employees' Retirement Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2022 and 2021:

Mutual funds - Valued at the published market price per share or unit.

Collective trust - An investment formed from the pooling of investments by institutional investors. The Plan's interest in the Fidelity Managed Income Portfolio ("MIP") collective trust is valued by the trustee based on the Net Asset Value ("NAV") of shares held by the Plan at year-end as practical expedient fair value. The fund allows for daily liquidity with no additional days' notice required for redemption for participant-directed transactions at the constant NAV of \$1 per unit. Were the Plan to initiate a full redemption of the Fidelity MIP, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to 12 months in order to ensure that securities liquidations will be carried out in an orderly manner. There were no unfunded commitments of the collective trust as of December 31, 2022 and 2021.

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - TAX STATUS

The Plan adopted a volume submitter prototype plan sponsored by Fidelity Management & Research Company. The prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has since been amended and restated, but the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's Company contribution account balance will become fully vested.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are in investment funds managed by Fidelity, the trustee of the Plan, or its affiliate. These transactions qualify as party-in-interest transactions as defined under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Form 5500 continues to record the Fidelity MIP value at the adjusted fair value based on the trust's audited financial statements, whereas the accompanying financial statements record this fund at the constant \$1 NAV. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per financial statements	\$ 141,123,488	\$ 166,577,430
Plus adjustment from contract value to fair value for collective trust	<u>(523,168)</u>	<u>57,445</u>
Net assets available for benefits per Form 5500	<u><u>\$ 140,600,320</u></u>	<u><u>\$ 166,634,875</u></u>

The following is a reconciliation of net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per financial statements	\$ (25,453,942)
Adjustment from contract value to fair value for collective trust for 2022	(523,168)
Adjustment from contract value to fair value for collective trust for 2021	<u>(57,445)</u>
Net loss per Form 5500	<u><u>\$ (26,034,555)</u></u>
