Board of Trustees
REHAU Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of REHAU Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of REHAU Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about REHAU Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of REHAU Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about REHAU Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

REHAU RETIREMENT SAVINGS PLAN
Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following brief description of REHAU Retirement Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 1988, is a defined contribution, profit sharing retirement plan covering REHAU Incorporated (Company) employees and employees of members of the controlled group of corporations as defined by the Plan's Adoption Agreement, excluding those who are nonresident aliens with no U.S. income, employees covered by a collective bargaining agreement, leased employees, and an individual considered by the Company to be an independent contractor who is later determined by the Internal Revenue Service (IRS) to be an employee. All non-excluded employees of the Company who have completed six months of service are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participant elective contributions represent amounts paid by an employer, at the election of the employee, in lieu of cash compensation and includes contributions that are made pursuant to a salary reduction agreement. Participants may contribute up to the lesser of 100% of the participant's eligible compensation for the limitation year or the maximum percentage of compensation and dollar amounts permissible under Internal Revenue Code (IRC or Code) Section 402(g) and 414(v) not to exceed the limits of IRC Section 401(k), 404, and 415. The Plan also accepts catch-up contributions, qualified participant rollovers, qualified employer safe harbor matching contributions, matching contributions, and qualified discretionary nonelective employer contributions. The Company contributes a safe harbor match equal to 100% of the participants' elective deferrals that are not over 3% of eligible compensation, plus 50% of elective deferrals which are over 3% but are not over 5% of eligible compensation. No discretionary nonelective employer contribution was made to the Plan.

Benefits

The purpose of the Plan is to provide retirement benefits to employees of the Company who made contributions to the Plan through a salary reduction agreement. The Plan was adopted to provide an opportunity for participating employees to benefit from tax-deferred savings in accordance with IRC Section 401(k), in addition to any benefits otherwise provided by the Plan.

REHAU RETIREMENT SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account was credited with the participant's voluntary contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings reduced by investment expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants have a fully vested interest in their contributions and the investment earnings thereon. All safe harbor contributions and discretionary nonelective contributions are automatically 100% vested.

Investment Options

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. For fund investment objectives, risks, charges and expenses, participants should contact the fund manager for a prospectus.

Payments of Benefits

All distributions from the Plan are subject to the Internal Revenue Code sections governing distributions. A participant is eligible to withdraw funds from the Plan for the following reasons:

1. Termination of employment
2. Hardship as defined by the Internal Revenue Code
3. Death
4. Disability
5. Normal retirement (Age 65)
6. Attainment of age 59 ½

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the fair market value of their vested account balance. Loan repayments must be in equal monthly installments paid through payroll deductions over periods up to 60 months unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The base interest rate used is equal to the Prime Rate (as published in *The Wall Street Journal*) plus 2%. The interest rates on current participant loans are 5.25% - 9.50%.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment loss from pooled separate accounts and investment gain from stable value collect trust, including unrealized and realized gains and losses and interest and dividends income, are included in "net investment loss from pooled separate accounts" and "net investment (gain) from stable value collect trust", respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Benefit Payments

Benefits to participants are recorded when paid.

REHAU RETIREMENT SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Subsequent Events

The Plan has evaluated subsequent events and transactions through July 31, 2023, the date the financial statements were available to be issued.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Note 4 - Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

Note 5 - Information Certified by the Plan's Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net investment loss from pooled separate accounts, net investment (gain) from stable value collective trust, net depreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the trustee of the Plan.

REHAU RETIREMENT SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan adopted by the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan was amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7 - Related Party Transactions

Certain plan investments are shares of registered investment companies, pooled separate accounts, and a stable value collective trust managed by Principal Trust Company. Plan administrative expenses of \$268,056 were paid by the Plan to Principal Trust Company for the year ended December 31, 2022. In addition, the Plan received \$104,086 from Principal Trust Company for the plan year ended December 31, 2022 related to revenue sharing, which is a return of service fees that Principal Trust Company receives from the Plan's investment funds. Principal Trust Company is the trustee, as defined by the Plan, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, and, therefore, these transactions qualify as party-in-interest transactions.

Note 8 - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

REHAU RETIREMENT SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 8 - Fair Value Measurements (Continued)

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within the hierarchy that may be used to measure fair value are:

- Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.
- Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies:

Registered investment companies, which include mutual funds, are valued at the daily closing price as reported by the fund. The registered investment companies held by the Plan are deemed to be actively traded.

REHAU RETIREMENT SAVINGS PLAN
Notes to Financial Statements (Continued)
December 31, 2022 and 2021

Note 8 - Fair Value Measurements (Continued)

Pooled separate accounts:

Pooled separate accounts are valued at the net asset value (NAV) as determined by the custodian of the funds. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the investments, less any liabilities. Transactions may occur daily. As of December 31, 2022, the Plan had no unfunded capital commitments with respect to its investments in the funds, nor did they have any withdrawal restrictions from the funds. The Plan has funds invested in pooled separate accounts, all of which are proprietary to Principal Life Insurance Company. Assets allocated to the separate accounts can include, but are not limited to, stocks (both domestic and foreign), bonds, mortgages, real estate, mutual funds, other separate accounts, and cash or cash equivalents as specified in the separate account's investment policy.

Stable value collective trust:

The stable value collective trust (fund) is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value (NAV) of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The objective of the fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, liquidity for benefit responsive plan or participant payments. The fund is 100% invested in the Morley Stable Value Fund. The Morley Stable Value Fund invests in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The Plan had no Level 3 assets as of December 31, 2022 and 2021.
