INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Running Supply, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Running Supply Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Running Supply Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B to the financial statements.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Running Supply Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B to the financial statements, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Running Supply Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Running Supply Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Running Supply Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule as listed in the accompanying index is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Running Supply, Inc. ("Company") 401 (k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- 1. General.** The Plan is a defined contribution plan covering all full-time employees of the Company who have 500 hours of service within the six month period following hire date and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan.
- 2. Contributions.** Participants may contribute 75% of their payroll period compensation or the maximum amount of pretax annual compensation allowed by the Internal Revenue Service, as defined in the Plan. The Plan also allows participants who have attained age 50 before the end of the Plan year to contribute catch-up contributions under the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) provisions up to the maximum allowed by the Internal Revenue Service. Participants are allowed Roth Elective Deferrals as an employee contribution option. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan has adopted the Safe Harbor provision under Section 401(k). The Company contributes a matching dollar amount equal to one hundred percent of the first three percent of compensation and fifty percent of the next two percent of compensation. Additional amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.
- 3. Participant Accounts.** Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- 4. Vesting.** Participants are immediately 100% vested in their contributions, as well as the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company discretionary profit sharing contributions portion of their account, plus actual earnings thereon, is based on years of continuous service based on the following table.

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

- 5. Investment Options.** Upon enrollment in the Plan, a participant may direct contributions in various investment options. Participants may change their investment options at any time.
- 6. Payment of Benefits.** The Plan document allows for partial withdrawals as a distribution option. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or partial withdrawals of at least \$5,000. Participants experiencing serious financial hardship may be entitled to a distribution upon approval by the Plan administrator.
- 7. Forfeited Accounts.** Forfeited non-vested accounts totaled \$40 and \$2,117 as of December 31, 2022 and 2021, respectively. Forfeited non-vested accounts will be used to reduce future Company's matching contributions or Plan expenses. No amounts will be reallocated to participants. In 2022, the Plan reduced employer contributions by \$18 and Plan expenses by \$2,125 from forfeited non-vested accounts. In 2021, the Plan did not reduce employer contributions or Plan expenses from forfeited non-vested accounts.

B. Summary of Significant Accounting Policies

Estimates

The preparation of the financial statements requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Reclassifications

Certain amounts in the prior year data have been reclassified in order to be consistent with the current year's presentation. The total amount of Net Assets Available for Benefits did not change.

Basis of Accounting

The financial statements of the Plan are prepared under a modified cash method of accounting, which is a comprehensive basis of accounting other than GAAP. That is, the assets and net changes in assets are reflected on a cash basis except for the value of investments, which are reported at fair value.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

For further information on fair value measurements, see Note C.

Purchases and sales of securities are recorded on a trade-date basis. Dividends and interest income are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Significant Plan Costs

Significant operating costs of the Plan, including trustee fees, audit fees, and fidelity insurance premiums are paid by the Plan sponsor (Running Supply, Inc.). The sponsor receives no reimbursement from the Plan. Contract administration fees are paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 21, 2023, the date the financial statements were available to be issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

C. Fair Value Measurements (Cont'd)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds: A mutual fund is an investment company registered under the Investment Company Act of 1940 that pools the capital of many investors and invests it in stocks, bonds, short-term money market instruments, and/or other securities. Mutual funds have an observable level 1 pricing input, as the fair value of mutual funds are publicly quoted pricing inputs. Therefore, mutual funds have a readily determinable fair value. The fair value is based on third-party pricing vendors and utilizes observable market information.

Investment Contracts: The fair value for investment-type insurance contracts are estimated using discounted cash flow analyses based on current interest rates being offered for similar contracts with maturities consistent with those remaining for the investment-type contracts being valued.

Participant Choice Retirement Account: All of the holdings in the Participant Choice Retirement Account are publicly traded securities for which holding detail and pricing are publicly available. The Participant Choice Retirement Accounts is reported as a level 1 asset.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

		2022			
		Fair Value	Level 1	Level 2	Level 3
Mutual Funds		\$ 22,069,244	\$22,069,244	\$ -	\$ -
Investment Contracts		2,017,543	-	-	2,017,543
Participant Choice Retirement Account		8,997	8,997	-	-
Total Assets in the Fair Value Hierarchy		\$ 24,095,784	\$22,078,241	\$ -	\$ 2,017,543

		2021			
		Fair Value	Level 1	Level 2	Level 3
Mutual Funds		\$ 25,849,067	\$25,849,067	\$ -	\$ -
Investment Contracts		1,825,318	-	-	1,825,318
Participant Choice Retirement Account		8,712	8,712	-	-
Total Assets in the Fair Value Hierarchy		\$ 27,683,097	\$25,857,779	\$ -	\$ 1,825,318

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between levels during the years ended December 31, 2022 and 2021.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2022 and 2021, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

<u>Instrument</u>	<u>Fair Value</u> <u>12/31/21</u>	<u>Fair Value</u> <u>12/31/22</u>	<u>The Standard's</u> <u>Valuation</u> <u>Technique</u>	<u>Significant</u> <u>Unobservable</u> <u>Inputs</u>	<u>Significant</u> <u>Input Values</u>
Investment Contracts	\$ 1,825,318	\$ 2,017,543	Market Value Adjustment	Composite Guaranteed Rate	2.23

D. Non Benefit-Responsive Guaranteed Investment Contract with Insurance Company

The Plan entered into a non benefit-responsive guaranteed investment contract with The Standard Insurance Company totaling \$2,017,543 and \$1,825,318 at December 31, 2022 and 2021, respectively. The Standard Insurance Company maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus, the guaranteed interest accounts are considered non benefit-responsive. Fair market value is the amount that would be received were the funds to be withdrawn or transferred within the Plan prior to maturity. This fair market value represents guaranteed interest account contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. This value represents contributions allocated to guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay benefits and insurance company's administrative expenses. All withdrawals from the guaranteed account are made on a last-in, first-out basis and are made at either book value, the lesser of book or market value, depending upon the withdrawal type as outlined in the contract. Book value equals the sum of all contributions made to the participant account plus interest owed less all asset charges, fees and any previous withdrawals. The contract is therefore included in the financial statements at fair value as reported to the Plan by Milliman.

There are no reserves against fair value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2022 and 2021 was \$2,017,543 and \$1,825,318, respectively. The crediting interest rate is declared in advance and is reset quarterly. The declared interest rate will never be below 1 percent.

E. Certified Investments

The December 31, 2022 and 2021 statements of net assets available for benefits-modified cash basis, the investment activities included on the statement of changes in net assets available for benefits-modified cash basis for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Charles Schwab Trust Bank (custodian of the plan), in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C). The information certified includes total cash and investments of \$24,096,602 and \$27,683,795 at December 31, 2022 and 2021, respectively. Investment earnings (loss) certified for 2022 was \$(3,516,539).

F. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Charles Schwab Trust Bank. Charles Schwab Trust Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Charles Schwab Trust Bank provides certain administrative services to the Plan. Charles Schwab Trust Bank receives revenue from mutual fund service providers for services Charles Schwab Trust Bank provides to the funds. This revenue is used to offset certain amounts owed to Charles Schwab Trust Bank for its administrative services to the Plan. If the revenue received by Charles Schwab Trust Bank from such mutual fund providers exceeds the amount owed, Charles Schwab Trust Bank remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expense or allocated to the accounts of the participants. During 2022, there was \$12,040 in excess amounts which is reported with net appreciation in fair value of investments for the year ended December 31, 2022.

RUNNING SUPPLY, INC.
401(k) PROFIT SHARING PLAN
Years Ended December 31, 2022 and 2021

F. Party-In-Interest Transactions (Cont'd)

Milliman is the Plan administrator, and therefore, qualifies as a party-in-interest. Milliman provides Plan maintenance to the Plan. Fees paid by the Plan for Plan maintenance amounted to \$82,389 for the year ended December 31, 2022.

Fees paid by the Plan to All-Star Financial for consulting services amounted to \$15,000 for the year ended December 31, 2022.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

H. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by an opinion letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Financial statements prepared in accordance with the modified cash basis of accounting require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits-modified cash basis.

J. Subsequent Event

Running Supply, Inc. purchased 22 stores and one distribution center from R.P. Home & Harvest on June 20, 2023. The Board of Trustees passed a resolution to modify the Plan document to allow R.P. Home & Harvest's employees who have met the eligibility requirements with their previous employer to immediately enter the Plan.
