Independent Auditors' Report

**MAC Trailer Enterprises, Inc.,
Named Fiduciary of MAC Trailer Enterprises, Inc.
401(k) Plan
Alliance, Ohio**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MAC Trailer Enterprises, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MAC Trailer Enterprises, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MAC Trailer Enterprises, Inc.

401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MAC Trailer Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MAC Trailer Enterprises, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MAC Trailer Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in

accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of The Plan

The following description of the MAC Trailer Enterprises, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of MAC Trailer Enterprises, Inc. (the Company) who have completed a three-month eligibility period and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

On October 18, 2022, the Trailstar International Inc. 401(k) Plan was merged into the Plan. On dates ranging from October 27, 2022 to November 2, 2022, assets totaling \$764,564 were transferred into the Plan relating to the plan merger.

Contributions

Each eligible participant is permitted to make pre-tax or post-tax (Roth) elective deferrals up to 75% of their compensation, up to the maximum amount permitted by law, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for an automatic enrollment deferral percentage of 2% for newly eligible participants with an automatic increase of 1% per year up to a maximum of 6%. The new participant may affirmatively elect a different percentage or elect not to participate in the Plan.

The Company made discretionary employer matching contributions in an amount equal to 50% of employee elective deferrals up to the first 5% of eligible compensation, which resulted in discretionary employer matching contributions of \$1,301,341 for the year ended December 31, 2022. All contributions are limited to the maximum allowed as a deduction under the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution including elective deferrals and rollover contributions and an allocation of the Company's contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are fully participant-directed.

Notes Receivable from Participants

Participants are permitted to borrow from their vested interest of their individual account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the participants' vested account balance. These loans are generally payable in equal installments through payroll deductions, and bear interest at rates ranging from 4.25% to 8.00%. Loan terms range from 1-5 years.

MAC Trailer Enterprises, Inc. 401(k) Plan

Notes to Financial Statements

Forfeitures

The Plan provides that all forfeitures may be used to pay plan expenses or to reduce future matching contributions. During the year ended December 31, 2022, \$94,790 of forfeitures were used for such purposes and there were \$126,209 and \$110,246 of forfeitures available at December 31, 2022 and 2021, respectively.

Payment of Benefits

Upon retirement, death, disability, or termination of employment, a participant, or a designated beneficiary, may elect to receive the vested balance in the participant's account in the form of a single lump-sum cash payment, installments, or a rollover into another retirement plan. In the event that the participant's account balance is less than \$1,000, the plan administrator may make a single payment without the election or request of the participant. If a participant's vested account balance exceeds \$1,000 but does not exceed \$5,000, the plan administrator may make a direct rollover to an individual retirement account, if the participant does not make an election within the designated period. Non-terminated employees may make withdrawals in excess of \$500 from their vested account balance upon reaching age 59 ½, becoming disabled, or as a hardship as needed. Hardship withdrawals are subject to additional rules and conditions as outlined in the plan agreement.

Vesting

A participant is fully vested immediately in elective wage deferrals and amounts rolled over from other plans. Participants are 100% vested in the employer's matching contribution and actual earnings thereon after six years of service or once they reach the normal retirement age of 65, become totally disabled, or die. Vesting for employer matching contributions is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

2. **Summary of Significant Accounting Policies**

Basis of Reporting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

MAC Trailer Enterprises, Inc. 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make note repayments and the plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Excess Contribution Payable

Amounts payable to participants totaling \$138 and \$34,193 for 2022 and 2021, respectively, for contributions in excess of amounts allowed by tax law are recorded as payables with a corresponding increase in each year's corrective distributions reported on the financial statements. The Plan distributed all its excess contributions prior to March 15th of the subsequent year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and therefore are excluded from these financial statements. Investment related expenses and fees for the administration of notes receivable from participants and benefit payments are included in administrative expenses and charged directly to the participant's account.

MAC Trailer Enterprises, Inc. 401(k) Plan

Notes to Financial Statements

Subsequent Events

The Company has evaluated subsequent events through July 28, 2023, which is the date the financial statements were available to be issued.

3. Information Prepared and Certified by The Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income, interest from participants and benefit payments for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC and Great-West Life and Annuity Insurance Company, the custodians of the Plan.

4. Fair Value Measurements

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MAC Trailer Enterprises, Inc. 401(k) Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 21,986,504	\$ -	\$ -	\$ 21,986,504

December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 22,666,563	\$ -	\$ -	\$ 22,666,563

5. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and averaged 1.18% and 1.15% for 2022 and 2021, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

MAC Trailer Enterprises, Inc. 401(k) Plan

Notes to Financial Statements

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured breach of the Plan's investment guidelines
2. A violation of a material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Income Tax Status

The Plan has adopted a volume submitter prototype plan document. The prototype plan obtained a determination letter dated June 30, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however, the plan administrator believes that the Plan is designed and currently operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Transactions with Parties in Interest

Great-West Trust Company, LLC and Great-West Life and Annuity Insurance Company are the custodians of the Plan and holds all of the Plan's investments. The custodians are considered to be parties in interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the guaranteed investment fund are parties in interest transactions. Certain legal and accounting fees and certain administrative expenses relating to the maintenance of participant eligibility records are absorbed by the Company. Other than as described above, or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties in interest.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Delinquent Contributions

The Company made late participant contributions and participant loan repayments to the Plan for the year ended December 31, 2022. The Plan contributed the late amounts totaling \$604,386 for payroll dates October 7, 2022, October 21, 2022, November 4, 2022, and November 18, 2022 on dates ranging from 12 to 26 days following the payroll dates. The Plan calculated the lost opportunity cost of the late contributions to be \$1,669.

The Company made late participant contributions and participant loan repayments to the Plan for the year ended December 31, 2021. The Plan contributed the late amount of \$106,986 for payroll date July 30, 2021 on August 16, 2021. The Plan calculated the lost opportunity cost of the late contributions to be \$154.

Also, a disclosure has been made on Form 5500, Schedule H, Page 4, line 4a that \$604,386 of 2022 participant contributions and participant loan repayments were not made within the time period described in 29 CFR 2510.3-102, which is considered a Section 4975(a) prohibited transaction.

All prohibited transactions as described herein are pending correction as of the report date.
