Independent Auditor's Report

To the Plan Trustees
True Fitness Technology, Inc. Profit Sharing Plan
O'Fallon, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of True Fitness Technology, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statement comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of True Fitness Technology, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of True Fitness Technology, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about True Fitness Technology, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of True Fitness Technology, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about True Fitness Technology, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the financial statements

Note 1: Description of Plan

The following description of True Fitness Technology, Inc. Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information regarding the Plan's provisions.

General

The Plan, established on February 1, 1987, is a defined contribution plan covering all employees of True Fitness Technology, Inc. (the plan sponsor), other than union employees or nonresident aliens. An employee is eligible to participate on the first day of reaching age 18. The Plan was amended and restated as of January 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, with no minimum during 2022, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations. Participants may also defer up to 100% of any bonus paid during the plan year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The total participant and employer contributions for a given year can equal 100% of the participant's total pay, as defined in the Plan, but are limited to the amount specified by the IRS and adjusted annually. Approved rollover contributions are permitted for all employees regardless of whether such employee has yet to satisfy the eligibility requirements of the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the plan sponsor may make a discretionary employer nonelective contribution to be determined by the plan sponsor. The participants are eligible to receive an allocation of employer nonelective contributions after reaching age 18 and completing one year of service (1,000 hours). The allocation is based on their eligible compensation, and participants must be employed on the final day of the plan year to receive an employer nonelective contribution allocation. The Plan Sponsor did not make a discretionary employer nonelective contribution to the Plan for the year ended December 31, 2022.

The plan sponsor may also make a discretionary matching contribution to be determined by the plan sponsor. The participants are eligible to receive a discretionary matching contribution after reaching age 18. There is no minimum service requirement, and participants do not need to be employed on the final day of the Plan year to receive a discretionary matching contribution. If a discretionary matching contribution is made, the amount shall be based on a percentage of employee salary deferrals. For the year ended 2022, the plan sponsor matched 50% of employee salary deferrals, up to 6%. The plan sponsor made matching contributions of \$205,501 for the year ended December 31, 2022.

Note 1: Description of Plan (Continued)

Participation and Vesting

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the plan sponsor's discretionary matching contribution, Plan earnings, and forfeitures of terminated participants' nonvested accounts and charged with withdrawals and an allocation of advisor and investment expenses. Except for contributions, allocations are based on participant account balances as defined by the Plan document.

Participants become vested in the plan sponsor contributions and earnings thereon based on years of continuous service. Vesting accrues at a rate of 20% per year of service beginning with the second year of service. A participant is 100% vested after six years of credited service. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

The Plan provides for retirement benefits to begin upon retirement. Retirement age for the Plan is age 65. Under current law, payment of benefits shall commence no later than the attainment of 72 years of age.

Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lumpsum amount, which may be paid directly to the participant or directly rolled into an eligible retirement plan, or the participant may elect to receive annual installments provided under an annuity selected by the participant.

Benefits are recorded when paid.

Forfeited Accounts

Former participant forfeitures can be used to reduce employer contributions, added to other employer contributions, or reallocated, as elected by the employer. At December 31, 2022 and 2021, there were \$92,352 and \$74,586, respectively, of forfeited non-vested accounts. During the year ended 2022, \$17,443 of forfeitures were used to reduce the discretionary matching contribution.

Termination of the Plan

The plan sponsor may terminate the Plan at any time by a written resolution but has not expressed an intent to do so. In the event of the termination of the Plan, all participants will be fully vested in their account balances.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The Plan follows the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

True Fitness Technology, Inc. Profit Sharing Plan

Notes to the financial statements

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimated amounts.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value or net asset value as a practical expedient. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held during the year.

Administrative Expenses

Administrative expenses of the Plan are paid by the participants in the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 25, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

True Fitness Technology, Inc. Profit Sharing Plan

Notes to the financial statements

Note 3: Fair Value Measurements (Continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability for which there is little, if any, market activity for the asset or liability at the measurement date. Unobservable inputs reflect the trustee's own assumptions about what market participants would use to price the asset or liability. These inputs may include internally developed pricing models, discounted cash flow methodologies, and instruments for which the fair value determination requires significant management judgment.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the typical valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the investments. Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Composed primarily of collective investment funds that are valued at net asset value of units of the fund's underlying assets. Each collective trust has a different risk/reward profile with diversified holdings. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it were determined to be probable that the fund would sell the investment for an account different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification to ensure securities liquidations will be carried out in an orderly business manner.

Note 4: Information Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Voya Retirement Annuity Company ("Voya") as of December 31, 2022 and 2021, and for the year ended December 31, 2022. The amounts below are as of and for the year ended December 31:

	2022	2021
Investments, at fair value		
Registered investment companies	\$ 3,653,541	\$ 4,787,324
Investments, at net asset value		
Common collective trusts	2,098,351	2,335,011
Net depreciation in fair value of registered investment companies	\$ (938,499)	
Net depreciation of common collective trusts	(310,144)	
Dividend income	127,727	
Other income	284	

Note 5: Tax Status

The Plan is a nonstandardized prototype plan document that received a favorable opinion letter from the IRS on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, no audits for any tax periods are currently in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

Note 6: Related-Party Transactions

Certain plan investments are shares of funds managed by Voya. Voya is the Plan's trustee as defined by the Plan; therefore these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the investment management services are netted with the investment income (loss) on each investment option of the Plan for the year ended December 31, 2022.

Benefit Plans Plus LLC is the third party administrator, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for third-party administrator fees amounted to \$0 for the years ended December 31, 2022 and 2021, respectively.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
