INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee of the
Pepperdine University Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Pepperdine University Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for each of the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information regarding assets so held is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the each of the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate to raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information and to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that were identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEPPERDINE UNIVERSITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

1. PLAN DESCRIPTION

The following description of the Pepperdine University Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a 403(b) defined contribution plan covering eligible employees of Pepperdine University (the "University" and the "Plan Sponsor") in accordance with the universal availability standards. All permissible employees of the University, as defined in the Plan, are eligible to enroll on their date of hire. To be eligible for University matching and nonelective contributions, the participant must be employed for a period of one year, work 1,000 hours during the Plan year, and have attained 26 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In April 2022, Prudential Financial sold its full-service retirement business to Empower Retirement ("Empower"); however, as of December 31, 2022, the Plan has not converted to the Empower platform.

Contributions - Each year, participants may make pretax or Roth contributions from one percent to 100 percent of eligible annual compensation, as defined and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined. The Plan also provides for an automatic enrollment provision and all newly eligible participants are automatically enrolled at a deferral rate of three percent of eligible compensation, automatically increasing by one percent each year thereafter up to maximum of 10 percent of compensation, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for discretionary University matching contributions, which ceased for the period August 1, 2020 through July 31, 2021, and for the years ended December 31, 2022 and 2021, the University matched each participant's deferral at the rate of 100 percent of the first six percent of the participant's compensation deferred. The Plan also provides for discretionary University nonelective contributions and for the years ended December 31, 2022 and 2021, the University contributed four percent of eligible participant's compensation. The University matching contribution was \$6,935,379 and \$2,883,241 for the years ended December 31, 2022 and 2021, respectively. The University nonelective contribution was \$5,023,011 and \$5,168,959 for the years ended December 31, 2022 and 2021, respectively.

Participant Accounts - Each participant's account is credited with the participant's contributions and University matching and nonelective contributions, as well as allocations of Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and University matching and nonelective contributions plus actual earnings thereon.

PEPPERDINE UNIVERSITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Payment of Benefits - On termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments, or an annuity as permitted under the Plan. The Plan provides for a mandatory cash-out following severance of employment for account balances less than \$5,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation (appreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, may be paid by the Plan, unless otherwise paid by the University. Administrative expenses paid by the University are excluded from these financial statements.

Most investment options have fees which reduce the overall return on assets. The net depreciation (appreciation) of investments is reflected inclusive of these fees.

According to the Pension Services Agreement between the University and Transamerica, Transamerica is required to make contributions to an Expense Budget Account ("EBA"). The funds in the EBA may be used to pay Plan administrative expenses or may be allocated to participants at the discretion of the University. During the years ended December 31, 2022 and 2021, Transamerica contributed \$46,273 and \$32,820, respectively, to the EBA, which is included in net depreciation (appreciation) of investments in the statements of changes of net assets available for benefits. During the years ended December 31, 2022 and 2021, \$0 and \$8,942, respectively, was utilized to pay Plan administrative expenses. As of December 31, 2022 and 2021, there was \$81,398 and \$35,125, respectively, available in the EBA.

PEPPERDINE UNIVERSITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Benefits Payable to Participants - Benefits are recorded when paid.

Subsequent Events - The University has evaluated subsequent events through July 31, 2023, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable.

The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Pooled Separate Accounts – Valued at the NAV of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

PEPPERDINE UNIVERSITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

The primary investment objective of the PSAs is to allow participants to achieve the same rate of return as the underlying mutual funds, less fees charged by the insurance company. The PSAs do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

Self-Directed Brokerage Account – This category allows a participant to buy or sell investments such as money market funds and mutual funds. The fair value of the brokerage account is the aggregation of the fair value of the underlying assets, all of which are actively traded, therefore, classified as Level 1 within the valuation hierarchy.

TIAA Traditional Annuity Account – This is a non-benefit responsive annuity contract and is reported at contract value which approximates fair value. The contract value of the TIAA Traditional Annuity represents the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. As these investments are contract-based, observable prices for identical or similar investments do not exist and certain contracts carry liquidity restrictions. The TIAA Traditional Annuity is fully and unconditionally guaranteed and backed by the claims-paying ability of Teachers Insurance and Annuity Association of America and College Retirement Equity Fund (collectively, "TIAA-CREF"). The TIAA Traditional Annuity is classified as Level 3 in the fair value hierarchy.

For each contribution, TIAA continues to record a contractual liability for the current contribution and does not consider such liability to have any embedded gain or loss. The TIAA Traditional Annuity is an unallocated fixed-rate guaranteed annuity offered by TIAA, an insurance company. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuity are backed by the claims paying ability of TIAA. The Plan holds Retirement Annuity ("RA") and Group Retirement Annuity ("GRA") contracts. All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a 10-year period. All GRA contracts may be withdrawn in a single lump sum within 120 days of termination of employment; this transaction is subject to a 2.50 percent surrender charge or withdrawn in periodic installments over a 10-year period of time. RA and GRA contracts are considered non-benefit responsive. TIAA Traditional Annuity provides a guaranteed minimum rate of interest of three percent for all premiums plus the potential for additional amounts that may be declared by TIAA on a year-by-year basis and are not guaranteed for future years. When declared, additional amounts remain in effect for the twelve-month period that begins each March 1st. Together the minimum rate of interest and the potential additional amounts make up the crediting rate. For accumulating RA and GRA contracts, the crediting rate was 6.25 percent and 3.00 percent as of December 31, 2022 and 2021, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by TIAA-CREF, as an insurance company and issuer of certain annuity investments of the Plan, Empower Annuity Insurance Company ("Empower"), Transamerica Financial Life Insurance Company Inc. ("Transamerica"), and State Street Bank and Trust Company (collectively, the "Custodians"), and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Investments, at fair value and contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- b. Net depreciation (appreciation) of investments, interest and dividend income on investments and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- c. Investments and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan entered into traditional fully benefit-responsive guaranteed investment contracts with New York Life Insurance Company ("NY Life") and Prudential Insurance Company of America ("Prudential") totaling \$35,954,786 and \$1,106,385, respectively, for 2022 and \$33,256,129 and \$1,058,764, respectively, for 2021. NY Life and Prudential maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. NY Life and Prudential are contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan. The crediting interest rates are based on a formula agreed upon with NY Life and Prudential and such interest rates are reset on a semi-annual and annual basis, respectively.

PEPPERDINE UNIVERSITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

The New York Life Guaranteed Interest Account and Prudential Guaranteed Interest Account meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by NY Life and Prudential, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on NY Life and Prudential's ability to meet their financial obligations. Transamerica and Prudential's ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with NY Life and Prudential. Such events include, but are not limited to the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with NY Life and Prudential and that would also limit the Plan's ability to transact at contract value with participants.

6. NOTES RECEIVABLE FROM PARTICIPANTS

For the period April 20, 2020 through September 22, 2020, due to the adoption of the CARES Act provisions, participants could borrow from their fund accounts up to a maximum equal to the lesser of \$100,000 less the highest outstanding loan balance during the prior 12 months or 100 percent of their vested account balance. Loans are generally issued with a maturity of up to five years. The loan interest rate is set at one percent above the prime rate, as defined. Principal and interest are paid through coupon repayment directly with Transamerica.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

PEPPERDINE UNIVERSITY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

8. PLAN TERMINATION

The University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

9. TAX STATUS

The University has adopted a volume submitter 403(b) plan that is subject of a favorable tax opinion letter from the IRS dated March 31, 2017. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodians. Transactions with the Custodians qualify as party in interest transactions for which exemptions exist. For the years ended December 31, 2022 and 2021, Transamerica received \$321,065 and \$348,649, respectively, for administration fees of which \$0 and \$8,942, respectively, was paid from the EBA and the remainder was paid by participants through the Plan. In addition, the Plan utilizes investment advisors that received indirect compensation from certain investments based on a formula.
