INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Toyota Material Handling 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Toyota Material Handling 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an ERISA 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Toyota Material Handling 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Toyota Material Handling Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Toyota Material Handling 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Toyota Material Handling 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Part IV, Line 4(i) as of December 31, 2021), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented fairly, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Toyota Material Handling 401(k) Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 8, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN

The Toyota Material Handling 401(k) Plan (the "Plan") is sponsored by RJMS Corporation dba Toyota Material Handling Northern California (the "Company"). The following description of the Plan provides only general information. Participants should refer to the most recent amended and restated Plan document for a complete description of the Plan's provisions.

General

The Plan, which became effective on August 1, 1997, is a defined contribution plan covering all eligible employees of the Company. The Plan's trustee and custodian is Fidelity Management Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code (the "Code").

Eligibility

Employees of the Company who have attained age 18 are eligible to participate in the Plan. Leased and union employees are generally ineligible to participate in the Plan, except for members of specific unions as referenced in the adoption agreement. An eligible employee may enter the Plan on the first day of the month coincident with or next following the date the employee satisfies the eligibility requirements.

Participant Contributions

Each payroll period, eligible employees may elect to defer up to 90% of their pre-tax annual compensation, as defined by the Plan, or they may designate salary deferrals as "Roth" contributions. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified sources. Participants direct their contributions into various investment options offered by the Plan. All participant contributions are subject to limitations imposed by the Code.

Newly eligible employees, except those who affirmatively elect to not participate or who choose to contribute a specified amount to the Plan, automatically have 6% of their eligible compensation deferred into the Plan. Additionally, the initial automatic deferral amount increases by 1% up to a maximum contribution rate of 15%, each year on April 1st, subject to the employee having participated for the six months preceding April 1st in the first year an automatic increase would be applicable.

Employer Contributions

Each Plan year, the Company may make a discretionary matching contribution as a percentage of participants' compensation. Discretionary matching applies to deferral and Roth contributions, as well as to "catch-up" contributions. The Company made discretionary matching contributions of 100% of employee deferral contributions up to 3% through March 31, 2021. Effective April 1, 2021, the Company increased the discretionary matching contribution to 100% of the first 3% of employee deferral contributions plus 50% of the next 2% of employee deferral contributions.

Plan provisions also allow discretionary qualified matching and nonelective (profit sharing) employer contributions, which may be subject to additional eligibility requirements from those described above. The Company did not make any such contributions for 2021.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, any employer qualified matching contributions, as well as actual earnings thereon. Vesting in discretionary matching contributions and any employer qualified nonelective contributions is based on years of credited service, as defined in the Plan, according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options

Upon enrollment in the Plan, participants may direct their contributions, and any employer contributions, in any of the Plan's investment options. Subsequently, participants may change their allocation and transfer account balances between investment options in accordance with Plan provisions.

Participant Accounts

Each participant's account is credited with contributions, allocations of investment earnings or losses, and is charged with administrative expenses where applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of their vested interests in their account balances. Such loans are required to be repaid within 5 years unless the loan is to be used to acquire the principal residence of the participant. Loans are secured by the participants' vested interests in their account balances. The loans bear interest at the prime rate, as determined by Thomson Reuters, plus one percent. As of December 31, 2021, the interest rate on outstanding loans ranged from 4.25% to 6.50%. Principal and interest are paid regularly through payroll deductions.

Payment of Benefits

Upon disability, death, termination, retirement, attaining age 59½, and/or hardship, participants may elect to receive a distribution of their account (as defined) in lump sum or installment payments. Also, at its discretion, the Plan may elect to distribute vested account balances of less than \$5,000. Distributions in excess of \$1,000 made without a participant's consent will be rolled into an individual retirement account. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached age 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

In February 2018, Congress passed the Bipartisan Budget Act (the "Act"). Among other things, the Act provides relief on hardship withdrawal requirements including the following: (1) a participant will not be required to obtain a plan loan before requesting a hardship withdrawal, (2) a participant's deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. The provisions of the Act are effective for Plan years beginning January 1, 2019 and may be effective prior to formally amending the Plan document. Effective January 1, 2019, the Plan adopted the provisions of the Act with respect to hardship withdrawal requirements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Forfeitures

If a participant terminates employment with the Company before becoming fully vested, the unvested portion of employer contributions and related earnings are forfeited. Forfeitures of unvested employer contributions and related earnings are transferred from the terminated participant's account to a forfeiture account. Forfeitures of unvested employer contributions may be used to pay administrative expenses and reduce employer contributions to the Plan. During 2021, \$28,224 was added to the forfeiture account, \$30,831 was used to reduce employer matching contributions, and there was \$353 of investment income and adjustments re-establishing employer portions of participant accounts. As of December 31, 2021 and 2020, forfeited amounts totaled \$923 and \$3,177, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of mutual funds includes the Plan's gains and losses on mutual funds bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain of the Plan's administrative expenses, such as custodian/trustee, accounting, and legal expenses, are paid by the Company. Certain distribution and loan fees are paid by the transacting participants and are expensed when incurred.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Recently Issued Accounting Standards Update

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 simplifies and improves the disclosure requirements for fair value measurements. Plan management adopted ASU 2018-13 effective January 1, 2020; its adoption did not have a material impact on the Plan's financial statements.

Reclassifications

Certain prior period amounts have been reclassified to conform to current year presentation. These reclassifications had no effect on previously reported changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued (Note 11).

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN/TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation or depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the custodian/trustee of the Plan.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021 and 2020. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds (including money market account): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

	December 31, 2021			Total
	Level 1	Level 2	Level 3	
Mutual funds, including money market	\$ 17,112,413	\$ -	\$ -	\$ 17,112,413
Total investments at fair value	<u>\$ 17,112,413</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,112,413</u>

	December 31, 2020			Total
	Level 1	Level 2	Level 3	
Mutual funds, including money market	\$ 14,594,139	\$ -	\$ -	\$ 14,594,139
Total investments at fair value	<u>\$ 14,594,139</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,594,139</u>

NOTE 5. INCOME TAX STATUS

The Company has adopted a volume submitter defined contribution plan and relies upon the opinion letter from the Internal Revenue Service ("IRS"), which stated that the plan and related trust are designed in accordance with applicable sections of the Code. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by the custodian/trustee of the Plan. These transactions qualify as exempt party-in-interest transactions.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements For the Year Ended December 31, 2021

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2021</u>	<u>2020</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the financial statements	\$ 2,567,048
Participant contributions receivable at December 31, 2020	11,214
Employer contributions receivable at December 31, 2020	38,168
Excess contributions payable at December 31, 2020	<u>(19,301)</u>
	<u> </u>
Net income per the Form 5500	<u>\$ 2,597,129</u>

NOTE 9. OPERATIONAL FAILURES

During 2023, the Company identified operational failures relating to the inclusion of certain types of excluded Plan compensation and miscalculation of the discretionary employer match, which resulted in excess deferral contributions and missed matching contributions during 2021. The Company and the Plan administrator are in the process of determining the participants affected and intend on taking corrective action as needed under the IRS Employee Plans Compliance Resolution System's Self-Correction Program.

Based on the actions intended to be taken, Plan management and the Company believe the aforementioned operational failures will not cause the Plan to be disqualified by the IRS and that the self-corrective actions would allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

TOYOTA MATERIAL HANDLING 401(K) PLAN

Notes to Financial Statements

For the Year Ended December 31, 2021

NOTE 10. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be implemented operationally prior to formally amending the Plan document. The Plan did not adopt any provisions of the CARES Act.

NOTE 11. SUBSEQUENT EVENT

Effective January 1, 2022, the Plan document was amended and restated in connection with the required 7-year cycle restatement. The amendment and restatement also implemented a safe harbor matching employer contribution of 100% of the first 3% of eligible participant's compensation and 50% of the next 2% of eligible participant's compensation. Participants are 100% vested in employer safe harbor matching contributions at all times.
