Independent Auditors' Report

To the Administrative Committee
Forest City Technologies, Inc.
Savings and Investment Plan and Trust
Wellington, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Forest City Technologies, Inc. Savings and Investment Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of Forest City Technologies, Inc. Savings and Investment Plan and Trust (the “Plan”) have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by the investment advisers and the trustee. In May of 2021 Plan assets were transferred from BMO Harris Bank N.A. to the Matrix Trust Company. (“Trustees”). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events and transactions for potential recognition and presentation through July 31, 2023, the date the financial statements were available to be issued.

Note 2. Description of Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution plan covering all eligible employees of Forest City Technologies, Inc. and its wholly owned subsidiary, Technifab, Inc. (collectively the “Employer”), established as of April 1, 1989. Employees are generally eligible to participate in the Plan on the first day of the calendar quarter immediately following six months of continuous employment or completion of a year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Administration:

The Plan is administered by the Employer which is responsible for controlling and managing the operations and administration of the Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Description of Plan (Continued)

Contributions:

Eligible employees can contribute up to 85% of their compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code ("IRC"). The Plan has a negative election format in which employees are automatically enrolled when they become eligible. Unless otherwise directed by the participant, 6% of eligible earnings is withheld and invested in the American Funds Target Date Funds. These funds meet the Department of Labor guidelines for qualified default investment alternatives.

The Employer made matching contributions in an amount equal to 25% of participant contributions on the first 6% of compensation during 2022 and 2021.

The Plan also has provisions for the Employer to make an additional discretionary, non-matching contribution, although no such contributions were made during the years ended December 31, 2022 and 2021.

Participant Accounts:

The Plan maintains an individual account for each participant. Each participant's account is credited with the participant's contribution, the Employer's contributions, and allocations of Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. Participants elect to maintain their aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits:

A participant or his/her beneficiary, upon termination, death, or retirement, receives his/her vested interest in his/her account in the form of an annuity or cash, or a combination thereof. In the case of a severe financial hardship, the Employer, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions. Additionally, the Plan has provisions for a participant to make in-service withdrawals from his/her account, subject to limitations and restrictions.

Vesting:

Participants are at all times vested in their elective and voluntary contributions and earnings thereon. Participants vest in the Employer contributions at a rate of 20% annually over five years.

Forfeited Accounts:

Forfeited balances of terminated participants' nonvested accounts are used to reduce Plan expenses first, and then to reduce employer contributions. At December 31, 2022 and 2021, unallocated forfeited accounts were \$8,067 and \$22,530, respectively. During 2022 and 2021, administrative expenses were reduced by \$22,534 and \$7,986 from forfeited nonvested accounts, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Description of Plan (Continued)

Administrative Expenses:

All administrative expenses of the Plan are paid by the Plan or the Employer at the Employer's discretion. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments of the Plan measured at fair value:

- The fair value of registered investment companies is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.
- The investments in the common/collective trust fund were held and managed by the Trustees. The fair value of investments held in this fund is based on the reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2021 to 2022. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total	<u>\$27,745,250</u>	<u>\$ 2,257,553</u>	<u>\$ -</u>	<u>\$30,002,803</u>

Note 4. Unaudited Information - Investments

The Trustees of the Plan hold the Plan's investment assets and execute transactions therein. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits at December 31, 2022 and 2021, the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended, the supplemental schedule at December 31, 2022 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Party-In-Interest Transactions

OneAmerica Retirement Services, LLC was appointed to serve as the third-party administrator of the Plan and received administrative fees from the Plan. Administrative expenses paid to OneAmerica Retirement Services, LLC from the Plan were \$71,197 and \$38,342 for the years ended December 31, 2022 and 2021, respectively.

Certain Plan investments are held and managed by OneAmerica as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Income Tax Status

The volume submitter plan document on which this plan is based obtained a determination letter on August 19, 2020, in which the Internal Revenue Service stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since that date. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.
