Independent Auditor's Report

To the Trustees of
Redlee/SCS, Inc. 401(k) Profit Sharing Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Redlee/SCS, Inc. 401(k) Profit Sharing Plan 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the financial statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Redlee/SCS, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Redlee/SCS, Inc. ("the Company") who have completed 12 months of service, are age 21 or older, and have completed 1,000 hours of service during the 12-month eligibility computation period. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is overseen by the Company's Board of Directors and administered by a Plan Administrator.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation, subject to certain maximum limitations imposed by the Internal Revenue Code ("the Code"), as defined in the Plan. Participants may elect to make pre-tax deferrals or Roth deferrals. Participants who have attained age 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participants' elective deferrals. Each year, the Company's board of directors will determine the formula for the discretionary matching contribution. The Company may also make a discretionary nonelective contribution (profit sharing contributions) to the Plan to participants employed on the last day of the Plan year based on a formula defined in the Plan. For the year ended December 31, 2022, employer contributions in the amount $41,782 were accrued as employer contributions receivable on the accompanying statement of net assets.

Investment Options

Participants must direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via internet or direct phone access to The Retirement Plan Company, LLC's plan sponsor web site.

The Plan currently offers various mutual funds as investment options for participants. The Plan's default investment alternative ("DIA") for those participants, including beneficiaries, who have not provided investment directions, is the Vanguard series of target-date Retirement Funds. Contributions are automatically invested in DIA funds until changed by the participant. The DIA is intended to meet the requirements of a Qualified Default Investment Alternative ("QDIA") under Department of Labor regulations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's matching and profit-sharing contributions and plan earnings and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participants' investment elections and earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are always 100% vested in their elective deferrals including Roth 401(k) deferrals, catch-up contributions, and rollover contributions plus actual earnings thereon.

Vesting in the Company's nonelective contributions and matching contributions portions of participant accounts is based on years of continuous service according to the terms of the Plan. The balance in each participant's account representing the Company's contribution becomes 20% vested upon completion of 2 years of service, 40% after 3 years of service, 60% after 4 years of service, 80% after 5 years of service and 100% after 6 years or more of service.

Notes Receivable from Participants

Generally, participants may borrow from their accounts, a minimum amount of $1,000 up to a maximum equal to the lesser of: (a) one-half of the participant's vested account balance or (b) $50,000, reduced by the participant's greatest current and outstanding loan balance during the 12 months preceding the date of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 8.25%, which are commensurate with local prevailing rates at 2% above the prime interest rate published in the USA Today newspaper as of the loan issuance date. Principal and interest are paid ratably through payroll deductions. Participants can only have one outstanding loan at a time.

Payment of Benefits

The Plan provides for distributions in the form of cash only.

Benefit payments to a terminated participant who will receive a distribution before the later of age 62 or Normal Retirement Age and has a vested account balance not exceeding $5,000 or has vesting of less than 100% in the account and no forfeiture break in service may only be distributed in a single lump-sum payment in cash. If the vested account balance exceeds $5,000, the participant may elect to receive a distribution of the vested account balance in either a single lump-sum payment in cash or Ad-Hoc distributions that are at least equal to the required minimum distribution amount. In determining whether the vested account balance exceeds the $5,000 threshold, "rollovers" (and any earnings allocable to "rollover" contributions) will be considered.

Death benefits payable to a beneficiary that do not exceed $5,000 may only be paid as a lump sum. If the death benefit exceeds $5,000, the beneficiary may elect to have the death benefit paid in a single lump-sum, or annual installments or Ad-Hoc distributions at least equal to the required minimum distribution amount.

Participants who terminate employment due to disability become 100% vested in their accounts under the Plan and the account balances are distributed in the same manner as non-death related benefit payments.

To comply with certain requirements of the SECURE Act of 2019 and IRS regulations, the Plan increased the age for required minimum distributions (RMDs) for Plan participants born after June 30, 1949 from age 70½ to 72, and relaxed the substantiation rule for hardship distributions, plus discontinued the six-month suspension of elective deferrals rule for hardship distributions.

Forfeited Accounts

Forfeitures represent the portion of nonvested benefit payments remaining in the Plan for all terminated employees. Forfeitures may be used to pay Plan expenses or reduce future employer contributions. At December 31, 2022, the plan had no forfeited nonvested account balances. At December 31, 2021, the Plan had $2,394 in forfeited nonvested account balances that were used to reduce 2021 employer contributions receivable paid in March 2022.

2. Summary of Significant Accounting Policies

Date of Management's Review and Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure through June 30, 2023, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The Trustees of the Plan determine the Plan's valuation policies using information provided by the Plan's investment advisers, custodians, and insurance company. See note 4 for discussion of fair value measurements.

The net depreciation in fair value of investments consists of the realized gains and losses on investments bought and sold as well as held during the year and unrealized appreciation (depreciation) of investments. The net change in unrealized appreciation (depreciation) in the value of investments is determined by the change in fair value from the beginning of the year to the end of the year or change in fair value from date of the purchase to the end of the year.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is accrued and recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. At December 31, 2022 and 2021, no allowance for credit losses has been recorded.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

The fair value disclosures for financial instruments are not required for participant loans. Also, participant loans continue to be considered as investments for Form 5500 reporting purposes.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to investments are included in net appreciation or depreciation in fair value of investments.

3. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Charles Schwab Bank, the custodian of the Plan as agent for The Retirement Plans, LLC (the trustee of the Plan).

	2022	2021
Investments:		
Investments at fair value:		
Money market funds	$ 5,945	$ 3,639
Mutual funds	2,290,880	2,712,900
Total investments at fair value	$ 2,296,825	$ 2,716,539
Notes receivable from participants	$ 85,391	$ 4,378
Interest and dividend income on investments at fair value	$ 49,006	
Interest income on notes receivable from participants	$ 2,459	

4. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures* establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three broad levels of the fair value hierarchy are as follows:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1).
- Level 3 inputs consist of unobservable inputs and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan should measure fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs are not available. At December 31, 2022 and 2021, all plan assets required the use of Level 1 inputs.

Level 1 Fair Value Measurements

Money market funds - The money market fund is valued using pricing models maximizing the use of observable inputs for similar securities. Although a money market fund seeks to preserve the value of $1 of investment at $1 per share (unit), it is possible to lose money by investing in such a fund.

Mutual funds - The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table set forth, by level within fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Fair Value Measurements Using:		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Fair Value
December 31, 2022:			
Interest-bearing cash in Charles Schwab Bank Savings	$ 5,945	$ -	$ 5,945
Mutual funds	2,290,880	-	2,290,880
Total investments, at fair value	$ 2,296,825	$ -	$ 2,296,825
December 31, 2021:			
Interest-bearing cash in Charles Schwab Bank Savings	$ 3,639	$ -	$ 3,639
Mutual funds	2,712,900	-	2,712,900
Total investments, at fair value	$ 2,716,539	$ -	$ 2,716,539

Gains and losses included in net assets available for benefits for the year ended December 31, 2022 are reported in net depreciation in fair value of investments.

5. Party-In-Interest Transactions

Certain Plan investments are shares or units of money market funds and mutual funds managed by Charles Schwab Bank ("Schwab"). Schwab is the investments custodian as agent of The Retirement Plan Company, LLC ("TRPC"), the Plan trustee as defined by the Plan. Therefore, Schwab is a party-in-interest under ERISA and transactions with Schwab qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net depreciation in fair value of investments.

Plan transactions and records are administered by TRPC. TRPC is the Plan trustee and third-party contract administrator of the Plan. Therefore, TRPC is a party-in-interest under ERISA and transactions with TRPC qualify as party-in-interest transactions. Fees incurred by the Plan for administrative services are included in net depreciation in fair value of investments and administrative expenses, if not paid by the Plan sponsor.

Payne & Smith, LLC is the Plan's independent public accountant (IPA) as defined by the Plan. Therefore, the IPA is a party-in-interest under ERISA and transactions with the IPA qualify as party-in-interest transactions. Fees incurred by the Plan for audit and nonattest services provided by the IPA are absorbed fully by the Company and are therefore, neither disclosed nor included or accrued on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Tax Status

The Plan adopted a volume submitter profit sharing plan with CODA sponsored by The Retirement Plan Company, LLC, LLC (the "Volume Submitter") in 2018. The Volume Submitter plan received its most current opinion letter, dated March 31, 2014, from the Internal Revenue Service ("IRS") as to the Volume Submitter plan's qualified status. The Volume Submitter plan opinion letter has been relied upon by the Plan. Although the Plan has been amended since receiving the determination letter, plan management believes the plan is designed, and is currently being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The following table presents concentrations of investments that represented 5% or more of the Plan's net assets at December 31, 2022 and 2021:

	2022	2021
Mutual funds:		
Vanguard Target Retirement 2025 Fund I	$ 324,276	$ 384,425
