Dear Bland Garvey, P.C.:

This representation letter is provided in connection with your audits of the financial statements of BASA Resources, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

We have elected to have the audit of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of July 31, 2023, the following representations made to you during your audit:

Financial Statements

- We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated January 6, 2023, for the preparation and fair presentation of the financial statements (and disclosures) in accordance with U.S. GAAP.
- We acknowledge our responsibility for administering the plan and determining the plan's transactions that are presented and disclosed in the ERISA plan financial statements are in conformity with the plan provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

- We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. The methods and significant assumptions used to estimate fair values of financial instruments are as follows: Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's common/collective trust fund investments are valued at their net asset value per unit as a practical expedient as reported by the fund manager of the collective trust. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.
- We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. Our valuation methodologies have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in FASB ASC 820.
- All related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
- Transactions with parties in interest, as defined in Section 3(14) of ERISA and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from, or payable to, related parties have been appropriately disclosed.

- All events subsequent to the date of the financial statements and for which U.S. GAAP requires adjustment or disclosure have been adjusted or disclosed.
- The effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements as a whole. A list of the uncorrected misstatements is attached to the representation letter.
- The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.
- We have no intentions to terminate the plan.
- Guarantees, whether written or oral, under which the plan is contingently liable to a bank or another lending institution have been properly recorded or disclosed in the financial statements. We have properly reported and disclosed amendments to the plan instrument, if any.

 - Assigned a competent individual to oversee the services;
 - Evaluated the adequacy of the services performed;
 - Evaluated and accepted responsibility for the result of the service performed; and

- We acknowledge our responsibility for the presentation of the ERISA-required supplemental schedules in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- We believe the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
BASA Resources, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of BASA Resources, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of BASA Resources, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BASA Resources, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BASA Resources, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BASA Resources, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BASA Resources, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on 2021 Financial Statements

The financial statements of the Plan as of December 31, 2021, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report dated August 8, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an

audit opinion and accordingly, they did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE A – DESCRIPTION OF PLAN

The following description of the BASA Resources, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by BASA Resources, Inc. (the “Company”). The Plan as amended and restated was established August 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Fidelity Management Trust Company (“Fidelity”) serves as the trustee and custodian. Fidelity Investment Institutional Operations Company serves as the plan record-keeper.

The financial statements were approved for issue on July 31, 2023, which is the date the financial statements are available to be issued.

Plan amendments

Effective January 10, 2022, the Plan was amended and restated to the FMR, LLC volume submitter profit sharing plan with CODA, which received a favorable advisory letter dated June 30, 2020.

Eligibility

Generally, the Plan covers all eligible employees of the Company who elect to participate. Employees are eligible to contribute upon completion of a two month period of service and attainment of at least 21 years of age. The Plan entry dates are the first day of each calendar month.

401(k) provisions

Contributions are by salary reduction and are at the employee’s discretion within the limits imposed by the provisions of the Plan and the applicable Internal Revenue Code sections. The Plan also allows for rollovers from other plans. The participant accounts are “participant directed accounts.”

NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

Salary deferral

The Plan is a defined contribution plan wherein participants elect to reduce their compensation and have such reductions contributed to the Plan on their behalf. Participants can elect to contribute to the Plan up to 100% of their compensation on a pre-tax basis, after-tax basis or a combination of both. The term “compensation” for calculation of deferral shall be total taxable wages or salary excluding reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, unused leave, and welfare benefits and including any salary deferrals made to the Plan and any pre-tax salary reduction contributions made to other plans maintained by the Company.

The maximum contributions allowed by the Internal Revenue Service was \$20,500 for the year 2022. Participating employees are eligible to make catch-up contributions under the Plan provided the participating employees have attained or will attain the age of 50 before the close of the year. The amount of catch-up contributions allowed by the Internal Revenue Service was \$6,500 for 2022. The catch-up contributions are excluded in calculating the matching contribution.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. Participants with a deferral rate greater than zero will have their deferral rate increased annually by 1% per year, up to a maximum deferral rate of 8%.

Employer contributions

Discretionary employer 401(k) matching and profit sharing contributions are determined on an annual basis by the Board of Directors of the Company and are at the discretion of the Board of Directors within the limits imposed by the Plan documents and the applicable Internal Revenue Code sections.

For the year ended December 31, 2022, the Company made a matching contribution of 100% of each participant's 401(k) contribution up to 6% of the participant's compensation. The catch-up contributions are excluded in calculating the matching contribution.

BASA RESOURCES, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE A – DESCRIPTION OF PLAN

The Company may also elect to make a discretionary profit sharing contribution. Participants must complete at least 1,000 hours of service during the Plan year and be employed as of the last day of the year to receive any discretionary profit sharing contributions made for the year. For the year ended December 31, 2022, the Company did not make a discretionary profit sharing contribution to the Plan.

Participant accounts

Each participant's account is credited with the participant's 401(k) contribution, if any, and an allocation of the Company's contribution and investment experience on those amounts. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Employee contributions, Roth contributions and rollover contributions are immediately 100% vested. Vesting of all employer contributions occurs at the following rates for employees enrolled in the Plan.

The vesting schedule applicable to matching contributions and discretionary contributions in 2022 is:

<u>Years in Service</u>	<u>Vested Percentage</u>
Less than one year	0%
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five or more years	100%

BASA RESOURCES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE A – DESCRIPTION OF PLAN

Notes receivable from participants

The Plan allows participants to borrow fifty percent, up to \$50,000, of their vested account balance from the Plan at any time. The minimum loan amount is \$1,000. Each participant may have one loan outstanding at any time. The maximum term of any loan is five years, or thirty years if the loan is to acquire a primary residence. The rate of interest is equal to the prime rate plus 2%. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. Participant loans are valued at cost.

Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, the participants' vested interest in employer contributions shall be 100%.

Payment of benefits

Distributions of participants' account balances occur only upon retirement, death, hardship, in-service distribution upon attainment of age 59 1/2 or other termination of employment. A participant or participant's beneficiary may receive distributions under one of three options. The options allow for payment in lump-sum distributions of cash, transfer to an individual retirement account or other brokerage account or a fixed period and fixed installment option.

If a participant's total vested account balance under the Plan is \$1,000 or less as of the distribution date, the entire vested balance will be distributed to the participant in a lump sum even if they do not consent to a distribution. If a participant's total vested account balance under the Plan is \$1,000 to \$5,000 as of the distribution date, the entire vested balance will be rolled over to an IRA selected by the Plan Administrator.

Investing options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options listed in Note C. Participants may change their investment options at any time. In addition, a participant may request a reallocation of both the existing account and

future contribution allocations or a rebalancing of the participant's existing account. The Plan also provides discretionary asset allocation services and investment recommendations to participants with respect to investment options made available by the plan sponsor.

Forfeitures

Forfeitures are first used to pay administrative expenses and any remaining forfeitures are used to reduce employer contributions. Forfeitures totaling \$30,544 were used to reduce employer contributions during the Plan year 2022.

CARES Act

The Plan adopted the applicable provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), which was signed into law March 27, 2020. The CARES Act took immediate effect and allows for qualifying participants who experience adverse effects due to COVID-19 to take Coronavirus Related Distributions with a repayment or rollover right during the three-year period beginning the day after the distribution date. The CARES Act also permits the Plan to postpone required minimum distributions for one year.

Participant loans

Effective April 2020, the Plan suspended participant loan repayments for participants who requested a suspension subject to the CARES Act. Repayments may be halted through December 2020 if requested by a participant. The Plan recorded \$0 in CARES Act participant loan suspensions.

Hardship Withdrawals

Participants may receive hardship withdrawals for reasons of financial hardship. In March 2020, the federal government passed the Coronavirus ("COVID-19") Aid, Relief and Economic Security ("CARES") Act. The Plan adopted the provisions to allow participants to take COVID-19 eligible withdrawals under the CARES Act up to \$100,000 without penalty and the Plan granted several participant requests in 2020. The Plan was amended to incorporate these provisions when required. During the Plan year 2022, the Plan recorded \$0 in CARES withdrawals.

NOTE A – DESCRIPTION OF PLAN

Funding policy

It is the policy of the Plan sponsor to remit the employee contributions as soon as administratively possible, but no later than 15 business days after the date of payroll. Typically, the employee and employer contributions are submitted within three business days after a payroll date.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting

The Plan's financial statements are presented on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP). Distributions to participants or their beneficiaries are recorded when paid.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's common/collective trust fund investments are valued at their net asset value per unit as a practical expedient as reported by the fund manager of the collective trust. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Recordkeeping fees, investment fees and fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. There is an investment fee that is based on the net asset value during the year. The fee is deducted from the participant account balance annually.

The Company participates in a revenue sharing agreement with the Trustee. The revenue credit earned by the Plan is used to pay certain administrative expenses. See Note F.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

BASA RESOURCES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE D – FAIR VALUE MEASUREMENTS

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds are registered with the U.S. Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Common/collective trust funds: The investments underlying the common/collective trust fund investments generally include shares of common stock and fixed income investments whose values are determined on the basis of quoted prices in an active market. The Plan's common/collective trust fund investments are valued based on net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. These net asset based investments have been excluded from the fair value hierarchy.

Putnam Stable Value Fund: A stable value fund invested in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Plan's investment is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

BASA RESOURCES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE D – FAIR VALUE MEASUREMENTS

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	December 31, 2022				
	Fair Value Measurements			NAV-based assets (1)	Total
	Level 1	Level 2	Level 3		
Mutual funds	\$ 2,142,026	\$ -	\$ -	\$ -	\$ 2,142,026
Common/collective trust funds	-	-	-	17,873,704	17,873,704
Total investments measured at fair value	<u>\$ 2,142,026</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$17,873,704</u>	<u>\$20,015,730</u>

(1) The NAV-based assets are generally redeemable on a daily basis with a one day notice with no restrictions and there are no unfunded commitments.

NOTE E – PUTNAM STABLE VALUE FUND

The Plan's investments include the Putnam Stable Value Fund ("Fund"). The Fund invests in traditional fully benefit-responsive guaranteed investment contracts. The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but will not go below 0%. Crediting rates are typically reset on a monthly or quarterly basis. The guaranteed investment contract does not permit the Fund to terminate the agreement prior to the scheduled maturity date.

BASA RESOURCES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

NOTE E – PUTNAM STABLE VALUE FUND

The Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE L – FIDELITY BOND

ERISA requires a fidelity bond at the beginning of each plan year in the amount of 10% of the assets of the Plan but must not be less than \$1,000 and need not be greater than \$500,000.
