Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: RSM US LLP

(2) EIN: 42-0714325

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

The Trustees and Administrative Committee
Savings Incentive and Profit Sharing Plan
for Employees of FNB Community Bank

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank

Notes to Financial Statements

Note 1. Description of Plan

The following description of Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan covering all qualified employees of FNB Community Bank (the Company). The Trustees and Administrative Committee are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan after completing three months of employment.

Administration: The Plan's Administrative Committee has overall responsibility for the Plan. This includes the power to interpret the provisions of the Plan, to determine questions concerning eligibility, participation, benefits, and such other powers and duties as are necessary to the operation and administration of the Plan. The Company pays essentially all administrative expenses of the Plan.

Contributions: Participants may make voluntary contributions to the Plan, not to exceed 50% of a participant's total annual compensation, subject to the annual limitations imposed by the Internal Revenue Service (IRS). Plan participants age 50 and older are eligible to make catch-up contributions to the Plan. Rollover contributions are allowed by the Plan.

Company matching contributions are entirely discretionary. Company matching contributions shall be allocated to participants who made voluntary contributions to the Plan during the year and were employed with the Company as of the end of the Plan year. For 2022, company matching contributions were made equal to 25% of each participant's contributions.

The Company may make additional discretionary employer profit sharing contributions, which will be allocated to eligible employees for the Plan year, regardless of whether participants elect to make voluntary contributions. Employer profit sharing contributions shall be allocated to participants who are employed on the last day of the Plan year. The Company did not make employer profit sharing contributions for the year ended December 31, 2022.

Investment options: The investments are allocated to a selection of pooled separate accounts and guaranteed interest accounts as directed by the Plan's participants.

Participant accounts: Each participant's account is credited with the participant's contributions and Company contributions (if any), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms may not normally exceed five years, except for a principal residence mortgage, and such loans are secured by the balance in the participant's account and bear interest at rates approximating rates charged for similar types of loans by other lenders. Loans outstanding have in 2022 and 2021 interest rates ranging from 4.25 to 8.50% and mature through February 2031. Principal and interest are paid ratably through payroll deductions.

Savings Incentive and Profit Sharing Plan for Employees of FNB Community Bank

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Company contributions and related investment gains or losses become vested under the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
At least 2 years	20%
At least 3 years	40%
At least 4 years	60%
At least 5 years	80%
At least 6 years	100%

Payment of benefits: On retirement, permanent disability, death or other termination of service, distribution of a participant's vested interest in his or her account can be made to the participant or designated beneficiary in a lump sum or periodic installments as permitted by the terms of the Plan, subject to required minimum vested account balances and minimum distribution rules.

Forfeitures: Forfeited amounts are used to fund Company matching contributions. During 2022, the Plan experienced and utilized forfeitures totaling \$11,147. The unallocated forfeiture balance at December 31, 2022 and 2021, was \$0.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded based upon the terms of the Plan agreement. No allowance for credit loss has been recorded as of December 31, 2022 and 2021.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expense. Certain expenses of maintaining the Plan and investment management expenses are paid directly by the Company and are excluded from these financial statements.

Subsequent events: Management has evaluated subsequent events through August 2, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by John Hancock Life Insurance Company U.S.A., the Custodian

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information provided by the John Hancock Life Insurance Company U.S.A., the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) FASB Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts: Value is based on net asset value (NAV), as reported by the custodian of the pooled separate accounts. The NAV is used as a practical expedient in estimating fair value. NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, which is deducted prior to setting the daily unit value. Each of the pooled separate accounts invests either in multiple securities or in single mutual funds, which are generally identified in the name of the pooled separate account. There are no restrictions or notice requirements for participant transactions, similar to an open-end mutual fund. The Plan has no funding commitments related to the pooled separate accounts.

Guaranteed interest accounts: The guaranteed interest accounts cannot be sold to a third-party; thus, the only option to exit the guaranteed interest accounts is to withdraw the funds prior to maturity. This fair value is determined by comparing current market interest rates to the interest rate on the account and adjusting for the number of years until the maturity date. These accounts are not fully benefit-responsive and as such are reported at fair value. Since guaranteed interest accounts are not traded on an open market and public prices are not available, the general classification of such items is within Level 3 of the fair value hierarchy.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Investments:				
Guaranteed interest accounts	\$ -	\$ -	\$ 50,367	\$ 50,367
Investments measured at net asset value*				17,788,694
Investments at fair value				<u>\$ 17,839,061</u>

	2021			
	Level 1	Level 2	Level 3	Total
Investments:				
Guaranteed interest accounts	\$ -	\$ -	\$ 47,457	\$ 47,457
Investments measured at net asset value*				20,801,451
Investments at fair value				<u>\$ 20,848,908</u>

* In accordance with the Fair Value Measurements and Disclosures Topic, investments for which fair value is measured using the net asset value per share practical expedient are not included in the fair value hierarchy.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share practical expedient as of December 31, 2022 and 2021.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency
	2022	2021		
Pooled separate accounts	<u>\$ 17,788,694</u>	<u>\$ 20,801,451</u>	\$ -	Continuously

There are no redemption notice requirements for the Plan's pooled separate accounts. The practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The significance of transfers between levels is evaluated based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs, as of December 31, 2022 and 2021:

	Fair Value as of December 31		Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values (Weighted Average)
	2022	2021			
Investment contracts:					
Guaranteed investment accounts	\$ 50,367	\$ 47,457	Discounted cash flow	Risk-adjusted discount rate applied	1.00%–1.20% (*)

*Calculation of a weighted average was not feasible, as the Plan holds a large number of contracts. Additionally, a plan-level weighted average would not be a meaningful measurement with respect to any individual contracts.

During the year ended December 31, 2022, the Plan had \$0 of purchases and \$2,039 of transfers.

Note 5. Guaranteed Investment Contracts

The Plan has non-benefit-responsive investment contracts with John Hancock Life Insurance Company. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts' issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Fair value, as reported to the Plan by John Hancock, is the relevant measure for non-benefit-responsive investment contracts. Participants may be able to transfer their guaranteed interest account to another investment option at contract value; however, transfers between guaranteed interest accounts are not permitted. Withdrawals taken prior to the end of a guarantee and transfers that are initiated on dates other than those specified in the contract may be subject to a market value adjustment. In addition, inter-account transfers from guaranteed interest accounts may be subject to a market value adjustment, depending on the withdrawal and reason for the withdrawal. Inter-account transfers from certain sub-accounts may be subject to a redemption fee depending on the holding period of the underlying fund. A contract charge may be applied at contract termination.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated August 23, 2017, that the Plan is qualified and is tax-exempt under the appropriate sections of the Internal Revenue Code (the Code) and, therefore, is not subject to tax under the present income tax laws. The Plan Administrator believes that the Plan is operating in a manner that does not jeopardize this tax status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Related-Party and Party-in-Interest Transactions

Certain plan investments are pooled separate accounts and guaranteed investment contracts managed by John Hancock Life Insurance Company (John Hancock). John Hancock is the custodian of the Plan's assets; therefore, the transactions related to such assets qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are not included in the net appreciation in fair value of the investments, as they are paid through a direct payment by the Company.
