INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
the DrugScan, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DrugScan, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DrugScan, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan established for employees of DrugScan, Inc. (the Company). The Plan was established effective January 1, 1986 and restated effective January 1, 2008, and is subject to the provisions of ERISA.

Administration

The Plan is administered by DrugScan, Inc. John Hancock Life Insurance Company (U.S.A.) (John Hancock) is the custodian of the Plan's assets. All current participant contributions are allocated to investments maintained by John Hancock. The Board of Directors is responsible for oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility and Contributions

All eligible class employees are eligible to participate in the Plan upon their employment commencement date. Participants may enter the Plan on any day of the Plan year by completing a salary reduction agreement. Participants may elect to defer up to 100% of compensation and dollar amount permissible under the Internal Revenue Code (the Code) section 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Service (IRS) limitations.

In accordance with Plan provisions, the Employer may choose to make a discretionary matching contribution to the Plan. The Employer may establish this contribution at any level and may omit such a contribution if it so chooses. The Employer may also choose to make an additional discretionary profit sharing contribution if it so chooses. For the years ended December 31, 2022 and 2021, there was no matching contribution or profit sharing contribution.

The Employer may also elect to make a safe harbor 401(k) contribution. This election will be either a safe harbor non-elective contribution or a safe harbor matching contribution. A safe harbor non-elective contribution is a contribution of 3% of the compensation of non-highly compensated employees for participants of the Plan. A safe harbor matching contribution is a contribution equal to 100% of the first 3% of compensation and 50% of the next 2% of compensation deferred, which non-highly compensated participants elect to defer into the Plan. All safe harbor contributions will be 100% vested at all times. Employer safe harbor matching contributions amounted to \$239,624 and \$202,915 for the years ended December 31, 2022 and 2021, respectively.

DrugScan, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participant account allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, as well as safe harbor non-elective and safe harbor matching contributions.

Discretionary employer matching and profit sharing contributions, plus any allocated interest, dividends, and net capital gains or losses thereon, are vested based on the following: Less than 2 years of service – 0%; 2 years of service – 20%; 3 years of service – 40%; 4 years of service – 60%; 5 years of service – 80%; 6 years of service – 100%.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000 less the amount of the participant's highest outstanding loan balance in the previous 12 months. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate. Principal repayments and related interest are paid ratably directly through John Hancock.

Payments of Benefits

Upon termination of service, a participant may elect to receive a benefit payment equal to the value of the participant's vested interest in their account as a lump sum payment, installment payment, or partial withdrawal. Participants may also request an in-service distribution upon attainment of age 59 ½ or for financial hardship.

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$4,346 and \$3,294, respectively. These accounts will be first used to restore account balances where restoration contribution have been made and then can be used to reduce future employer contributions and pay qualified expenses of the Plan. During the year ended December 31, 2022 and 2021, forfeitures were used to reduce employer contributions and pay administrative expenses by \$0 and \$4,997, respectively, from forfeited nonvested accounts.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

DrugScan, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 2. Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 26, 2023, the date the financial statements were available to be issued.

DrugScan, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level I) and the lowest priority to unobservable inputs (level III). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level I: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level II input must be observable for substantially the full term of the asset or liability.

Level III: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts: The separate accounts are stated at net asset value (NAV) per unit based on the quoted market prices of the underlying investments. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the separate accounts will sell the investments for an amount different from the NAV. In accordance with Subtopic 820-10, investments that were measured at net asset value per share (or its equivalent) are not required to be classified in the fair value hierarchy.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 7,385,047	n/a	Daily	None

Note 3. Fair Value Measurements (Continued)

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 11,361,952	n/a	Daily	None

Note 4. Party-in-interest Transactions

Certain Plan investments are managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will be fully vested in their employer contributions.

Note 6. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Mandemarblestone. The prototype plan has received an opinion letter from the IRS dated June 30, 2020, regarding the prototype plan's qualified status. Although the Plan has been amended the date of the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of changes in net assets available for benefits.

Note 8. Financial Certification

The following unaudited financial information as of December 31, 2022 and 2021, as well as transactions for the years ended December 31, 2022 and 2021, have been furnished by the Plan Administrator and certified by the custodian, John Hancock. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications, and the information relating to assets as well as transactions has not been audited by independent accountants. In addition, the Plan's custodian has certified the unaudited financial data contained in the supplemental schedule at December 31, 2022.
