INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Valley Cities Counseling & Consultation 403(b) Plan
Kent, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Valley Cities Counseling & Consultation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Valley Cities Counseling & Consultation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Cities Counseling & Consultation 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Cities Counseling & Consultation 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Cities Counseling & Consultation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Cities Counseling & Consultation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Valley Cities Counseling & Consultation 403(b) Plan
Kent, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Valley Cities Counseling & Consultation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Valley Cities Counseling & Consultation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Valley Cities Counseling & Consultation 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Cities Counseling & Consultation 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valley Cities Counseling & Consultation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valley Cities Counseling & Consultation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VALLEY CITIES COUNSELING & CONSULTATION 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN

The following description of Valley Cities Counseling & Consultation (Sponsor or Organization) 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, originally established by the Company on May 1, 1970, is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is any person employed by the Company excluding nonresident aliens, employees who work normally less than 20 hours per week, student employees and employees who are eligible to participate in another plan of the employer. For elective deferrals, there is no age or service requirement, and employees are immediately eligible to enter the Plan. Employer contributions will begin with the pay period that includes the first day of the quarter following the participant's anniversary date after two years of service. Effective January 1, 2020, the plan document was amended to comply with the provisions of the Bipartisan Budget Act of 2018 to allow for the removal of suspension of deferrals after hardships and remove loan requirements before a hardship. Also, in-service distributions may be taken from profit sharing accounts. Effective January 1, 2021, the Plan was amended and restated to change the Subsequent Eligibility Computation Period from Plan Year to Anniversary Year.

Contributions: The Plan is funded by eligible participant elective deferrals which may range from 1% to 100% of eligible compensation and fixed employer non-elective contributions. Employer non-elective contributions are based on a percentage of compensation calculated as follows: after 2 years of service - 2%, after 4 years of service - 4%, and after 5 years of service - 6%. Highly compensated employees, employees covered by a collective bargaining agreement (if any) are excluded from receiving the non-elective contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in addition to regular salary deferrals. Roth contributions are not allowed. Participants may also contribute amounts representing distributions from other qualified retirement plans (via rollover contributions). Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution, an allocation of the employer's contributions, an allocation of plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as applicable, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting: Participants are immediately vested in their elective deferrals, rollover contributions, and employer non-elective contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN (Continued)

Retirement: The normal retirement date is the day the participant turns 65. Early retirement may be taken on the day the participant turns 55.

Payment of Benefits: On termination of service, due to death, disability or retirement, a participant may receive as benefits an amount equal to the vested value of his or her account as a lump sum or may rollover their balance in lump-sum to another qualified account. Upon death of a participant, payments made to a beneficiary shall be payable in a lump sum or rollover to another qualified account. Qualified reservist distributions are also allowed. In-service distributions are allowed at age 59 ½. Effective January 1, 2020, in-service distributions may be taken from profit sharing accounts in addition to deferral and rollover accounts.

For terminated participants, a participant may receive the value of their vested account in a lump sum or may continue to participate in the plan investments and benefits will be provided upon retirement or death. If the balance of the vested account is \$1,000 or less, including rollover contributions, the participant will receive a single lump sum distribution of the entire account balance within a year after termination without the participant's consent. If such balance, excluding rollover contributions, is less than \$5,000 but greater than \$1,000, without other election, the balance will be automatically rolled over into an IRA established by an IRA provider selected by the Company. Certain hardship distributions may be made in accordance with the provisions of the plan. Distributions may be taken from contributed rollover amounts at any time.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. All loans must be repaid within a period of five years unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within fifteen years. The loans bear interest at a rate of prime plus 1%. The number of loans outstanding is limited to one. Principal and interest are paid through payroll deductions.

Forfeitures: Forfeitures are the non-vested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and will be used at the Company's discretion to reduce future Company contributions or to pay plan administrative expenses. During 2022 and 2021, \$0 and \$7,289, respectively, of employer contributions were paid from forfeited non-vested accounts.

Investment Options: Participants are allowed to direct their contributions and account balances in a variety of investment options including mutual funds. The Plan Sponsor periodically reviews the investment fund options available to participants and changes them as warranted. Participants may change their investments at any time.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE A.--DESCRIPTION OF PLAN (Continued)

Plan Expenses: Expenses of maintaining the Plan may be paid by the Company or the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are not included in these financial statements. Certain fees such as for administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses including 12b-1 and revenue sharing fees are deducted from each funds' earnings and included in net appreciation (depreciation) in fair value of investments.

NOTE B.--SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation utilizing information provided by investment advisors and custodians. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefit payments based on the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits: Benefits are recorded when paid.

VALLEY CITIES COUNSELING & CONSULTATION 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE C.--INVESTMENT CONTRACTS

The Plan's custodian is Matrix Trust Company and third-party administrator is Digital Retirement Solutions (DRS). The Plan holds notes receivable from participants and investments in mutual funds with Matrix Trust Company.

NOTE D.--CERTIFIED INFORMATION

Other than notes receivable from participants as administered by DRS, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest, dividends and other income for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company, the custodian of the Plan.

NOTE E.--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

VALLEY CITIES COUNSELING & CONSULTATION 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE E.--FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE F.--RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments may be in funds managed by the custodian, Matrix Trust Company, therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE G.--TAX STATUS

Section 403(b) tax deferred annuity plans are not required to obtain determination letters from the Internal Revenue Service stating they are qualified under the Code. The Plan Administrator adopted a written plan in 2009 and believes the Plan has been designed and operated to comply with applicable requirements of the Code and is tax exempt.

The Plan was amended and restated onto a pre-approved 403(b) Volume Submitter plan document on January 1, 2019 with the restated retroactive date of January 1, 2010. The Plan was also amended and restated effective January 1, 2021.

Although, the Plan has been amended since the restatement, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H.--PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and non-forfeitable.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE I.--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as foreign currency exchange rate risk, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE J.--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$10,455,913	\$11,685,087
Amounts classified as deemed distributions for loans in default	(5,172)	(5,172)
Benefit payments requested not paid	<u>-</u>	<u>(56,084)</u>
Net assets available for benefits per the Form 5500	<u>\$10,450,741</u>	<u>\$11,623,831</u>
Notes receivable from participants per the financial statements	\$ 90,379	\$ 100,595
Amounts classified as deemed distributions for loans in default	<u>(5,172)</u>	<u>(5,172)</u>
Notes receivable from participants per the Form 5500	<u>\$ 85,207</u>	<u>\$ 95,423</u>

The following is a reconciliation of the net increase in net assets available for benefits for the years ended December 31, 2022 and 2021, per the financial statements to the Form 5500:

	<u>2022</u>	<u>2021</u>
Benefit payments per the financial statements	\$732,790	\$1,560,439
Prior benefit payments requested not paid	(56,084)	-
Benefit payments requested not paid	-	56,084
Amounts classified as deemed loans	<u>-</u>	<u>5,172</u>
Benefit payments per the Form 5500	<u>\$ 676,706</u>	<u>\$1,621,695</u>

DECEMBER 31, 2022 AND 2021

NOTE J.--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
(Continued)

	<u>2022</u>	<u>2021</u>
Net increase (decrease) in net assets per the financial statements	\$(1,229,174)	\$1,479,054
Prior benefit payments requested not paid	56,084	-
Benefit payments requested not paid	-	(56,084)
Amounts classified as deemed loans	-	(5,172)
Net income (loss) per the Form 5500	<u>\$(1,173,090)</u>	<u>\$ 1,417,798</u>

Amounts classified as deemed distributions for loans in default are recorded on the Form 5500 but continued to remain on the financial statements as an asset included in notes receivable from participants. The loan remains due and payable, interest still accrues and the loan may continue to be reported as a plan investment on the financial statements until it is actually repaid, the default cured in some other manner, or the loan is considered to be cancelled and therefore is recorded as a distribution. Benefit payments requested before year end but not yet paid out are recorded on Form 5500 as distributions but are not recorded on the financial statements until actually paid.

NOTE K.--OPERATIONAL ERRORS AND NONEXEMPT TRANSACTIONS

For the years ended December 31, 2020 and 2019, it was discovered that several employees were improperly excluded from receiving the fixed employer non-elective contributions. Additional non-elective contributions of \$7,330 were deposited into the participants' accounts in 2021.

For the year ended December 31, 2020, it was discovered that several employees improperly received fixed employer non-elective contributions. Non-elective contributions payable of \$6,107 and \$1,182 of earnings were forfeited from the participants' accounts in 2021.

Also, during 2022 and 2021, for the years ended December 31, 2020, 2019, 2018 and 2017, it was discovered that five participants had errors related to the fixed employer non-elective contributions due to a misunderstanding of the break-in service provisions of the plan and employees working less than full time. As a result, the Sponsor made QNEC's to the affected participant accounts in order to remedy the errors in accordance with prescribed IRS and DOL methods. The QNEC's related to the 2020, 2019 and 2018 errors totaled \$18,415 plus lost earnings of \$1,133. The Plan Sponsor made a corrective contribution plus lost earnings during the year ended December 31, 2020. The QNEC's related to the 2020 errors totaled \$10,271 including lost earnings. The Plan Sponsor made the 2020 corrective contribution plus lost earnings during the year ended December 31, 2021.
