Independent Auditors' Report

To the Plan Administrator of
Haynes and Boone Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Haynes and Boone Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits—modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year)—Modified Cash Basis as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Haynes and Boone Retirement Savings Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

General

The Haynes and Boone Retirement Savings Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on October 1, 1984, and covers substantially all partners and employees of Haynes and Boone, LLP (the Firm or Plan Administrator). The Plan's Trustee and recordkeeper is Charles Schwab Trust Bank (Schwab or the Trustee). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Investments of the Plan and the Haynes and Boone Investment Directed Profit Sharing Plan (Affiliated Plan) are held in the Haynes and Boone Retirement Savings Plan and Investment Directed Profit Sharing Plan Master Trust (the Master Trust).

Eligibility and Participant Accounts

All qualifying employees of the Firm, as defined by the Plan Document, are eligible to participate in the Plan on the date of employment. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Firm contributions, and an allocation of Plan earnings or losses, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances and obtain information regarding the investments on a daily basis.

Contributions

The Plan is funded through employee elective deferrals and Firm contributions. A participant may elect to contribute a portion of his or her pre-tax compensation not to exceed 90% of his or her compensation per payroll, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$20,500 for 2022). The Plan also allows for Roth contributions, subject to the same IRC limitations. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close to the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2022). Pre-tax and Roth rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are also permitted by the Plan.

The Plan has an automatic enrollment feature. Unless elected otherwise, all eligible employees are automatically enrolled forty-five days following the date of employment at the rate of 3% of eligible compensation.

The Firm makes a contribution on behalf of each employee for the portion of the Plan year from the time a participant reaches one year of eligible service up to two years of eligible service, in an amount equal to 2% of each participant's eligible annual compensation. The participant does not have to be making employee deferrals to receive the Firm contribution. After the participant completes two years of eligible service, no further Firm contributions are made to the Plan on that participant's behalf. All Firm contributions thereafter will be made to the Haynes and Boone Investment Directed Profit Sharing Plan.

Investment Options

The Plan provides for contributions to be invested by the participants into a variety of mutual funds of registered investment companies and a common collective trust (Core Funds) in accordance with participant investment elections and provisions of the Trust agreement. Participants may also elect to invest in the self-directed option (SDO), which offers a wide array of investments including equity, debt, mutual funds of registered investment companies and other investments as elected by the participant. Participants should refer to the Plan website for additional fund information.

Haynes and Boone Retirement Savings Plan

Notes to Financial Statements
December 31, 2022 and 2021

Each participant's Core Fund investment account is credited with the participant's contributions and an allocation of the Firm's contributions. A participant's investments in the Core Fund account are charged or credited with Plan earnings or losses, and charged with an allocation of certain administrative expenses based on each participant's balance in relation to the total Plan balance related to those investments. Allocations of Plan earnings or losses are based on a participant's account balance in each investment as a percentage of the total of participants' account balances in each investment.

Each participant's SDO account is credited with the participant's allocation of the participant's contributions and the Firm's contributions. A participant's investments in SDO accounts are charged or credited with the net earnings, gains, losses, expenses, and allocation of any administrative expenses based on each participant's SDO account balance in relation to the total Plan balance, as well as appreciation or depreciation in fair value attributable to such account.

Vesting and Forfeitures

Participants are immediately vested in participant elective deferrals, Firm qualified non-elective contributions (if applicable), and Firm contributions plus actual earnings thereon. As such, there are no forfeitures available for use at December 31, 2022 and 2021.

Benefits Paid to Participants

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. At age 59 $\frac{1}{2}$, participants who have completed more than two years of participation in the Plan are entitled to withdraw all or any portion of the previously unwithdrawn value of their accounts in accordance with the terms of the Plan. Participants may also make hardship withdrawals of the balance of their accounts related to participant elective deferral contributions. Account balances of \$5,000 or less at the time of termination will be cashed out as either an involuntary lump sum payment or by direct rollover into an individual retirement account.

Notes Receivable From Participants

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). The notes receivable from participants are secured by the balance in the participant's account and bear interest at the prime rate as disclosed in The Wall Street Journal plus 1%. Terms range from one to five years, unless for the purchase of a primary residence, in which case the maximum term is ten years. As of December 31, 2022, outstanding notes receivable from participants have interest rates ranging from 4.25% to 8.5% with maturity dates ranging from January 2023 to October 2031. As of December 31, 2021, outstanding notes receivable from participants have interest rates ranging from 4.25% to 6.5% with maturity dates ranging from January 2022 to October 2031.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

The Plan may be terminated by the Firm at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable, 100% vested interest in his or her account balance, including all Firm contributions, subject to payment of liquidation costs and expenses.

Haynes and Boone Retirement Savings Plan

Notes to Financial Statements
December 31, 2022 and 2021

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan is maintained on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and is an acceptable method under ERISA. Under the modified cash basis of accounting, the Plan records administrative expenses and interest and dividend income on a cash basis, and purchases and sales of investments on settlement date basis. Had the Plan prepared the accompanying financial statements on the accrual basis of accounting, the Plan would have recorded an adjustment for the aforementioned items in an amount insignificant to the overall financial position of the Plan.

Estimates and Assumptions

The preparation of financial statements on the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document or note policy of the Plan. Notes are valued at amortized cost, which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities held by the Master Trust are recorded on the settlement date basis. Investments held by the Master Trust are stated at fair value.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

Haynes and Boone Retirement Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Following is a description of the valuation methodologies used for the Plan's interest in Master Trust underlying investments measured at fair value.

The Common Collective Trust is valued at the net asset value (NAV) of shares held by the Master Trust at year-end, as determined by Charles Schwab Trust Bank. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the common collective trust, the Trustee reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common Stocks, Preferred Stock, Equity Investments, Money Market Funds and Mutual Funds of Registered Investment Companies are valued at the NAV or quoted market prices of shares held by the Master Trust at year-end.

Bonds consist of the United States (the U.S.) and non-U.S. fixed income securities. The Master Trust's managers value these securities utilizing cash flow projections, models or matrix pricing, which incorporate yield and/or price with respect to bonds that are considered comparable in characteristics such as rating, interest rate, and maturity date and quotations from bond dealers to determine current value.

Life Insurance Contracts are valued by each insurance carrier based on the cash surrender values of each policy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Master Trust believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee, and party in interest as defined by ERISA, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, except for comparing such information certified by the Trustee to the information included in the Plan's financial statements and supplemental schedule. Information in the accompanying financial statements as to Plan interest in Master Trust, Plan interest in the Master Trust income, and the investment information reported in the notes to the financial statements and supplemental schedule is presented solely upon reliance of those certifications.

5. Interest in Master Trust

The value of the Plan's interest in the Master Trust investments is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income or loss less actual distributions and allocated administrative expenses, which approximates the Plan's interest in the Master Trust at the end of the year. At December 31, 2022 and 2021, the Plan's undivided interest in the net assets of the Master Trust was approximately 54% and 55%, respectively. The Plan holds a divided interest in the notes receivable from participants. Total investment income (including net appreciation (depreciation) in the value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of the time the Plan's assets were invested in the Master Trust.

Balance, December 31, 2022	<u>\$ 168,113</u>

7. Tax Status

The Plan received a favorable determination letter from the IRS dated November 21, 2014, in which the IRS stated the Plan constitutes a qualified plan under section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

The modified cash basis requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustee (including investments of the Plan held in the Master Trust); therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

9. Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, concentration and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits—Modified Cash Basis.

10. Subsequent Events

In accordance with Accounting Standard Codification 855, *Subsequent Events*, the Plan has evaluated events and transactions occurring subsequent to December 31, 2022, the Statements of Net Assets Available for Benefits—Modified Cash Basis dates, through August 2, 2023, the date the financial statements were issued, and determined no such events or transactions would impact the financial statements as of and for the year ended December 31, 2022, except as follows:

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
