Plan Committee
JEP Management & Affiliates 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of JEP Management & Affiliates 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar insurance institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures including examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplement schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JEP Management & Affiliates 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following description of the JEP Management & Affiliates 401(K) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all non-union domestic employees of JEP Management, Inc. and its Affiliates (the “Company,” “Plan Sponsor” or “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Contributions to the Plan are made by eligible employees and the Company. Pre-tax contributions may be made by eligible employees up to the maximum limits set by the Internal Revenue Code (the “Code”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. The Plan contains an automatic enrollment feature.

For each participant, the Company makes a safe harbor matching contribution of 100% of the first 3% of eligible compensation the participant contributes to the Plan, and 50% of the next 1% to 4% of eligible compensation contributed to the Plan, for a maximum employer match of 5% of eligible compensation. Participants are eligible to receive these matching contributions upon participation and three months of continuous service. Additional Company contributions may be made at the discretion of the Company’s Director. No additional Company contributions were made to the Plan for the year ended December 31, 2022. In no event can the Company’s contributions exceed the limits set by the Code.

Participant Accounts

Individual accounts are maintained for each participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contributions, and an allocation of investment earnings, and is charged for withdrawals and an allocation of investment losses and administrative expenses, except for loan origination and maintenance fees, which are charged directly to the respective participant’s account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting and Forfeitures

The Plan provides that participants shall at all times be fully vested in funds they contribute to the Plan. Funds contributed by the Company vest immediately. Therefore, there are no forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Each participant is allowed to have no more than one loan outstanding at any given time. The loans are secured by the balance in the participant’s account and bear interest at the prevailing interest rate (prime plus 1%) at the time of borrowing, as determined by the Plan administrator. Principal and interest are repaid ratably over a period of five years or less, with the exception of a loan for the purchase of a participant’s primary residence, where the repayment period may be up to and including 10 years. The interest rate on notes receivable from participants ranged from 4.25% to 8.00% as of December 31, 2022 and 2021.

Investment Policy

A participant can elect to invest his or her contributions in one or more of the Plan's investment options. The contributions by the Company to the participants' accounts are invested in the same fund or funds selected by each participant for his or her own contributions.

Payment of Benefits

Upon termination of service, death, disability, retirement or separation, participants or their beneficiaries may elect to receive, in either a lump sum or in annuity payments, an amount equal to the value of the participant's vested interest in his or her account. If a participant's account balance is less than \$1,000 upon termination, a distribution of the participant's account may be made automatically in a single lump-sum cash distribution.

In-service withdrawals of all or a portion of participant's vested account balance may be made by participants who have attained the age of 59½. Participants are also permitted to make hardship withdrawals from their deferral contribution in certain cases of immediate and heavy financial need. In-service withdrawals of all or portion of a participant's rollover account balance may be withdrawn at any time. Per Internal Revenue Service ("IRS") regulations, participants who have reached age 70½ by December 31, 2019 must take their first required minimum distributions ("RMD") by April 1, 2020. Other participants are required to take a RMD by April 1 of the year following the year they reach age 72.

On March 27, 2021, the Coronavirus Aid Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management has adopted the CARES Act distribution provision which allows a withdrawal of up to \$100,000 (or full account balance if less than \$100,000) from the account without the 10% penalty on withdrawals prior to reaching age 59½. Additionally, Plan management adopted the provision allowing 401(k) loan payment deferments until December 31, 2021 and the provision to waive the 2021 RMD for participants and beneficiaries.

Administrative Expenses

All noninvestment administrative expenses of the Plan are paid by the Company, with the exception of loan initiation and maintenance fees, loan and withdrawal express mail fees, Qualified Domestic Relations Order processing, automated minimum required distributions fees, and portfolio advisory services fees. These fees are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included as a deduction to net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America ("GAAP") and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with GAAP.

JEP Management & Affiliates 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The Plan's committee determines the Plan's investments policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities and investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gain and losses on investments bought and sold, as well as held during the year.

Benefit Payments

Benefit payments and distributions are recorded when paid. At December 31, 2022 and 2021, there were no benefits processed and approved for payment but not paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Information Certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to information certified by the trustee, except for comparing such information to the related information included in the above named financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification (“ASC”) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for at December 31, 2022 and 2021.

Mutual funds: Valued at net asset value (“NAV”) of shares held by the Plan at year end based upon quoted market prices on nationally recognized exchanges. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Valued at fair value of the underlying securities held by the fund, which represents NAV of the units held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

JEP Management & Affiliates 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value. The NAV column includes investments for which fair value is measured using NAV per share as a practical expedient in order to reconcile to the statements of net assets available for benefits:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	NAV	Total
Mutual funds	\$ 43,009,193	\$ -	\$ -	\$ 43,009,193
Collective trust	-	-	2,500,340	2,500,340
Total assets at fair value	\$ 43,009,193	\$ -	\$ 2,500,340	\$ 45,509,533

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	NAV	Total
Mutual funds	\$ 52,223,345	\$ -	\$ -	\$ 52,223,345
Collective trust	-	-	3,323,651	3,323,651
Total assets at fair value	\$ 52,223,345	\$ -	\$ 3,323,651	\$ 55,546,996

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Level 1, 2 or 3.

5. Investments in the Fidelity Managed Income Portfolio

The Plan is applying the practical expedient as of December 31, 2022 and 2021 to its investment in Fidelity's Managed Income Portfolio ("MIP"), a collective trust fund. Participants' ownership of the MIP is represented as units. Units are issued and redeemed daily at the MIP's constant NAV of \$1 per unit. The MIP allows for daily liquidity, with no additional days' notice required for redemption. It is the policy of the MIP to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the MIP will be able to maintain this value. There are no unfunded commitments as of December 31, 2022 and 2021.

JEP Management & Affiliates 401(K) Plan

Notes to Financial Statements

December 31, 2022 and 2021

6. Tax Status

The underlying volume submitter plan has received an opinion letter from the IRS dated June 20, 2020 stating that the form of the Plan, as amended, is qualified under Section 401 of the Code and, therefore, the related trust is tax exempt. The Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

The Company discovered certain operational errors associated with the Plan year ended December 31, 2022. The Plan Sponsor has determined that the Plan is eligible to self-correct these errors and has made the required corrections in a timely manner in accordance with the IRS Employee Plans Compliance Resolution System Self-Correction Program. Corrections have been made by the Company to the affected participants' accounts. Accordingly, the Company believes the Plan will maintain its tax-qualified status and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

8. Party-in-Interest Transactions

Certain plan investments are shares of mutual funds and units of a collective trust managed by Fidelity Investments. Fidelity Investments is an affiliate of the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment management fees are included within fund rates of return. Additionally, the Plan paid administrative fees of \$36,127 to Fidelity Investments for the year ended December 31, 2022. Notes receivable from participants are also permitted by the Plan. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
