Independent Auditors' Report

Plan Administrator
MCA Connect, LLC 401(k) Retirement Savings Plan
Denver, Colorado

Scope And Nature Of The ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of MCA Connect, LLC 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MCA Connect, LLC 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of MCA Connect, LLC 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MCA Connect, LLC 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MCA Connect, LLC 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MCA Connect, LLC 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description Of The Plan

The MCA Connect, LLC 401(k) Retirement Savings Plan (the Plan) is sponsored by MCA Connect, LLC (the Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information. Participants and all others should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the Company and its wholly owned subsidiaries with the exception of residents of Puerto Rico, leased employees and nonresident aliens with no income from a U.S. source. The Company adopted the Plan effective January 1, 2014. Effective February 1, 2019, employees of the Company become eligible to participate in the Plan immediately upon hire as long as they have attained the age of 21.

Participant Contributions

Participants can contribute up to 80% of their compensation as defined by the Plan Agreement, not to exceed the annual permissible dollar limit under the Internal Revenue Code (the IRC). Salary deferral contributions can be made as either pre-tax or Roth (after-tax) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 in 2022. Employees may contribute rollover contributions from other qualified plans. Participants may change their tax-deferred contribution percentage as of any payroll period and may discontinue their election on the first day of each payroll period. Once discontinued, the participant may reelect to make contributions on the first day of any payroll period. Participants may redesignate the investment options in which their allocated shares of the total Plan are invested to be effective on any day.

Company Matching Contributions

After six months of employment, the Company makes a matching contribution to the Plan equal to 100% of the first 3% of compensation and 50% of the next 3% to 5% of compensation contributed per pay period by participants.

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

The Company may also make a discretionary profit-sharing contribution in addition to the basic matching contributions of the Plan. There were no discretionary profit-sharing contributions for the year ended December 31, 2022.

Participant Accounts

Participant accounts are credited with participant contributions, the Company's contributions, an allocation of Plan earnings and administrative expenses. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance and the investments selected by the participant.

Investment Options

Participants may direct their deferrals, rollovers and employer contributions into various investment options maintained by Transamerica Retirement Solutions (Transamerica).

Vesting

Participants hired on or before January 1, 2017 were immediately vested in their elective deferral contributions, rollover contributions, Company matching contributions, Company discretionary profit-sharing contributions and earnings thereon.

Effective January 1, 2017, the Plan was amended to modify the vesting schedule. Participants are immediately vested in their elective deferral contributions, rollover contributions, Company discretionary profit-sharing contributions and earnings thereon. Company-matching contributions are vested as follows:

<u>Years Of Service</u>	<u>Vested Percentage</u>
Less than one year	0%
One year	25%
Two years	50%
Three years	75%
Four years	100%

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions or reduce plan expenses. During 2022, there was \$95,000 of forfeitures used to reduce employer contributions. There was \$10,229 and \$27,285 of unallocated forfeitures as of December 31, 2022 and 2021, respectively.

Notes Receivable From Participants

A participant may borrow from their account the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. Participants may only have 2 loans outstanding at any given time. Loans are secured by the participant's vested account. The loans are to be repaid over a 5-year period unless they are for the purchase of a principal residence, which allow for up to a 30-year period. Principal and interest are collected ratably through bi-weekly payroll deductions.

Payment Of Benefits

A participant's entire vested interest in the Plan is payable in the event of termination, upon death of the participant, attaining normal retirement age of 59½ or becoming totally disabled, as defined in the Plan Agreement. A participant's benefits are payable in a lump-sum payment or periodic cash installments. In addition, hardship distributions are permitted if specified criteria are met.

Administrative Expenses

The majority of Plan expenses are paid by the Company. Plan expenses not paid by the Company are deducted from Plan assets. Administrative expenses paid by the Plan include recordkeeper fees, service fees and transaction fees.

2. Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments held in a defined contribution plan, other than fully benefit-responsive investment contracts, are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net change in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Certain events could limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (1) the Plan is changed so as to significantly affect Transamerica obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) the failure to comply with the contract requirements, (5) the failure to provide information, (6) the sum of the contract account values at any time equals \$20,000 or less or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator is not aware of any events which would limit the Plan's ability to transact at contract value with participants that are probable of occurring.

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefits

Benefits are recorded when paid.

Subsequent Event

Management evaluates subsequent events through the date the financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

Certain information related to investments, notes receivable from participants and investment income disclosed in the accompanying financial statements and supplemental schedule, as of and for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Reliance Trust Company.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets,
 - Quoted prices for identical or similar assets or liabilities in inactive markets,
 - Inputs other than quoted prices that are observable for the asset or liability, and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Registered Investment Companies

Assets are valued at the daily closing price as reported by the registered investment company. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (the NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Common Collective Trust

These are valued at the unit value or the NAV of shares held by the Plan at year end. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the number of shares outstanding. The common collective trust held by the Plan is not required to be reported in the fair value hierarchy, and it files an annual report on Form 5500 as a direct filing entity.

Pooled Separate Account

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is determined by dividing the net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts are comprised, primarily, of shares of registered investment companies held through subaccounts of a separate account of an insurance company at December 31, 2022. The Plan has concluded that the NAV as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable daily at the adjusted NAV under agreements with the insurance company. However, it is possible that the redemption rights may be restricted or eliminated in the future. The pooled separate account held by the Plan files an annual report on Form 5500 as a directly filing entity.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 18,694,060	\$ —	\$ —	\$ 18,694,060

Pooled separate account at the NAV per share (a)				558,648
Total Investments, At Fair Value				\$ 21,530,274

- (a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value Of Investments In Entities That Use The NAV

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2022 and 2021:

Investment Type	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022	2021			
Pooled separate account	\$ 339,797	\$ 558,648	None	Daily	None
Common collective trust	\$ 153,035	\$ —	None	Daily	None

There have been no changes in the valuation methodology in 2022 or 2021.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

6. Risks And Uncertainties

Investments, in general, are subject to various risks, such as significant world events, interest rates, market volatility and credit risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Income Tax Status

The Plan uses a volume submitter defined contribution plan sponsored by Transamerica. The volume submitter has obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (the IRS) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party In Interest Transactions

Plan investments consist of certain registered investment companies managed by Transamerica. These transactions qualify as party in interest transactions allowable under ERISA.

MCA CONNECT, LLC
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements *(Continued)*

The Plan incurs expenses related to general administration and recordkeeping. These expenses and certain accounting and auditing fees related to the Plan are paid by the Company, and the Company performs certain administrative functions at no cost to the Plan.

Certain participants in the Plan have outstanding loans with the Plan as of December 31, 2022 and 2021. These loans are considered party in interest transactions in accordance with Department of Labor guidelines.
