Independent Auditors' Report

To the Participants and Plan Administrator
Jefferies Employees' Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of Jefferies Employees' Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of November 30, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended November 30, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of November 30, 2022 and 2021, and the changes in net assets available for benefits for the year ended November 30, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a

substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), referred to as "supplemental information," is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplemental information, we evaluated whether the supplemental Schedule of Assets (Held at End of Year), including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

JEFFERIES EMPLOYEES' PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS AS OF NOVEMBER 30, 2022 AND 2021
AND FOR THE YEAR ENDED NOVEMBER 30, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Jefferies Employees' Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Jefferies Financial Group, Inc. and subsidiaries (the "Company") covering all U.S. based employees of the Company and employees who have U.S. source income and have completed three full months of service. Jefferies LLC is a direct wholly-owned subsidiary of publicly traded Jefferies Financial Group Inc. ("Jefferies"). The Plan's Administrative Committee controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan (the "Trustee"). The Plan became effective in December 1964 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was amended effective November 1, 2022, to change the name of the Plan to Jefferies Employees' Profit Sharing Plan (formerly "Jefferies Group LLC Employees' Profit Sharing Plan") and the name of the Plan Sponsor to Jefferies Financial Group, Inc. (formerly "Jefferies Group, LLC", which is now a wholly-owned subsidiary of Jefferies Financial Group, Inc.) as shown above.

Contributions – Each year, eligible participants may voluntarily make pre-tax and/or after-tax Roth contributions up to 15% of a participant's annual compensation or a flat dollar amount, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants may also make voluntary after-tax contributions up to \$35,000 to the Plan. Participants who have attained age 50 on or before December 31, 2022 may make pre-tax and/or Roth catch-up contributions, which are not matched by the Company.

Participants may also direct distributions from other qualified defined benefit plans, defined contribution plans, or Individual Retirement Accounts ("IRAs") that held contributions under a previous employer's tax-qualified plan or contributory IRAs to the Plan.

The Plan provides for a fixed matching contribution by the Company for each dollar contributed by the employee on a pre-tax and after-tax Roth basis. In fiscal 2022, the rate of match was 25%. The Plan also enables employees to share in the profits of the Company by means of the Company's discretionary contributions that can only be made out of profits and are allocated to participants on the basis of their compensation, as defined in the Plan. Additional discretionary matching contributions are allocated to participant accounts based on the level of employee contributions made to the Plan. Contributions are subject to certain limitations. The Company did not authorize a discretionary contribution during fiscal 2022.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of the Company's discretionary contributions and Plan earnings, and charged with withdrawals, an allocation of Plan losses and an allocation of administrative expenses, if not paid from the forfeiture or the Revenue Credit Program account. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. In situations where Fidelity recordkeeping revenue earned in connection with plan services exceeds agreed-upon compensation, Fidelity (through a Revenue Credit Account) will deposit any excess revenue, regardless of source, in a plan-level suspense account (i.e., Revenue Credit Account) in the Plan. The Plan's administrator, on behalf of the Administrative Committee, can then direct Fidelity to

AND FOR THE YEAR ENDED NOVEMBER 30, 2022

pay qualified plan-level expenses or allocate unused credit to eligible participants via funds from this Revenue Credit Account.

Investments – Participants direct the investment of their contributions into various investment options offered by the Plan. As of November 30, 2022, as investment options for participants, the Plan currently offers one equity investment, one common collective fund investment, 33 mutual funds, including one money market fund, and a self-directed brokerage account (“BrokerageLink Account”) that is primarily invested in interest-bearing cash accounts and income-oriented and growth-oriented mutual funds.

Vesting – Participants are immediately fully vested in their own contributions and the earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service as follows:

<u>Years of vesting service</u>	<u>Percentage</u>
Fewer than two years	- %
Two years	33
Three years	67
Four years	100

Notes Receivable from Participants – Participants may borrow from their Plan accounts up to a maximum equal to the lesser of (1) \$50,000 less the highest outstanding loan balance for the participant during the prior 12-month period or (2) 50% of their account balance. The loans are secured by the remaining balance in the participant’s account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed. The interest rate remains unchanged for the duration of the loan. The term of the loan may not exceed five years, except for loans for the purchase of a primary residence, in which case the repayment period cannot exceed ten years. Principal and interest are paid ratably through semi-monthly payroll deductions. Terminated participants who elect to continue their loan terms may elect to remit payments directly to the Trustee.

Payment of Benefits – Upon termination of service for any reason, a participant with an account balance greater than \$1,000 may elect to (1) receive a lump-sum distribution in an amount equal to the value of the participant’s vested interest in his or her account, (2) elect a rollover distribution to an eligible retirement plan or eligible individual retirement account in an amount equal to the value of the participant’s vested interest in his or her account, or (3) elect to retain the amount of the vested balance in the Plan until the attainment of age 65. To the extent that a participant’s account is less than \$1,000, the Company will distribute the vested interest in the participant’s account to the participant in the form of a lump-sum payment and if invested in Jefferies Common Stock, the distribution will be made in the form of whole shares of Jefferies Common Stock or cash. The Plan allows for in-service withdrawals for hardship purposes as defined in the Plan document. The Plan also allows in-service withdrawals to employees to withdraw vested balances starting at age 59 1/2 and for all employees to withdraw their voluntary after-tax and rollover contributions at any time.

Forfeited Accounts – As of November 30, 2022 and 2021, forfeited non-vested accounts totaled \$23,188 and \$1, respectively. These amounts will be used to reduce employer contributions or pay administrative expenses of the Plan. During the year ended November 30, 2022, incoming forfeitures totaled \$841,375, and employer contributions were reduced by \$818,188.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan provides for various investment options, including mutual funds, Jefferies Common Stock, a common collective fund, and a self-directed brokerage account. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, Plan management believes it is reasonably possible that changes in the values of investment securities will occur in the near term and that such a change could materially affect the amounts reported in the financial statements.

Concentration of Investments – The Plan’s investment in Jefferies Common Stock comprises approximately 9% and 8% of the Plan’s investments as of November 30, 2022 and 2021, respectively.

Investment Valuation and Income Recognition – The Plan’s investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Jefferies Common Stock is valued at the closing price reported on the New York Stock Exchange on the last business day of the Plan year. Shares of mutual funds are traded in active markets and are stated at fair value based upon quoted market prices. The investment in the common collective fund is stated at net asset value (NAV) per share as a practical expedient, which is based on the fair value of the underlying investments.

The Revenue Credit Program provides income in situations where recordkeeping revenue earned in connection with plan services exceeds agreed-upon compensation. Fidelity will deposit any excess revenue, regardless of source, in a plan-level suspense account (i.e., Revenue Credit Account) in the Plan. Revenue credits generated are allocated back to all eligible participants at the plan level based on the participant’s account balance.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as appreciation on investments held at year-end.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective fund are deducted from the NAV of the mutual funds and common collective fund and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of the investment return for such investments.

Notes Receivable From Participants – Participant loans are classified as notes receivable from participants on the Statement of Net Assets Available for Benefits and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

JEFFERIES EMPLOYEES' PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS AS OF NOVEMBER 30, 2022 AND 2021
AND FOR THE YEAR ENDED NOVEMBER 30, 2022

Administrative Expenses – All reasonable expenses of administering the Plan are either charged to participants and paid out of Plan assets or paid by the Company. If the expenses are charged to each participant's account, they are charged on a pro rata basis based upon account balances of participants.

Payment of Benefits – Benefit payments to participants are recorded upon distribution. There are no amounts allocated to participants who have withdrawn their funds but have not been paid as of November 30, 2022 or 2021.

3. FAIR VALUE MEASUREMENTS

Accounting Standard Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820"), provides a single authoritative definition of fair value, sets a framework for measuring fair value, and requires disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported as of the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended November 30, 2022 and 2021, there were no transfers between levels.

The techniques used to value the Plan's investments are as follows:

- Common stock. Valued utilizing a market approach wherein Plan management uses quoted prices in active markets for identical assets;
- Mutual funds. Valued utilizing a market approach wherein Plan management uses the quoted prices in the active market for identical assets. All of the mutual funds are traded in active markets at their NAV per share. There are no restrictions as to redemption of these investments nor does the Plan have any contractual obligations to further invest in any of the individual mutual funds.
- Common collective fund. Valued based on the NAV of units held by the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

AND FOR THE YEAR ENDED NOVEMBER 30, 2022

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee and qualify as exempt party-in-interest transactions. Fees paid by the Plan for administrative services for the year ended November 30, 2022 were \$45,957.

Fees paid indirectly by the Plan for investment management services are described in the mutual fund prospectus of the designated investment options and are included as a reduction of the return earned on such fund. The Plan pays Fidelity, as trustee and recordkeeper, and these qualify as a party-in-interest transaction.

As of November 30, 2022 and 2021, the Plan held 1,955,514 and 1,926,206 shares, respectively, of Jefferies Common Stock, with a market value of \$74,292,777 and \$72,389,822, respectively. During the year ended November 30, 2022, the Plan recorded dividend income of \$2,215,639 related to the Jefferies Common Stock.

During the year ended November 30, 2022, sales of Jefferies Common Stock were \$3,893,475 and the purchases of Jefferies Common Stock were \$3,168,035. Realized losses on the sale of Jefferies Common Stock were \$735,263 for the year ended November 30, 2022.

Certain employees and officers of the Company, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and their accounts would be distributed in accordance with the Plan document.

6. TAX STATUS

The Internal Revenue Service ("IRS") has provided a determination letter dated November 21, 2017 and informed the Company that the Plan, and related trust, were designed in accordance with applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. SECURE 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.
