Independent Auditor's Report

To the Plan Administrator
Provident Bank 401(k) Plan
Iselin, NJ

Opinion

We have audited the financial statements of the Provident Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity

with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2022 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2022 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2022 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2022 and the supplemental Schedule H, Line 4i - Schedule of

Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Report on the 2021 Financial Statements

The financial statements of the Plan as of December 31, 2021, was audited by predecessor auditors and comprise the statement of the net assets available for benefits as of December 31, 2021. Their audit report, dated June 29, 2022, indicated that the 2021 financial statements presented fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, in accordance with U.S. GAAP.

PROVIDENT BANK 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Plan Description

Provident Bank 401(k) Plan (the “Plan”) is a voluntary, participant-directed defined contribution plan sponsored by Provident Bank (the “Bank”) and covers all eligible employees, as defined, of the Bank. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Benefits Committee of Provident Bank is the Plan administrator for the Plan and is the responsible fiduciary for managing and investing Plan assets.

The following description of the Plan provides only general information. Eligible employees should refer to the Plan documents for a more complete description of the Plan’s provisions.

(a) Eligibility

Employees of the Bank are generally eligible to participate in the Plan on the first day of the month on or after they reach age 21 if they are actively at work on that day. If they are not actively at work on that day, they become eligible on the day they return to active employment.

(b) Employee Contributions

Participants may elect to make tax deferred and after-tax (“Roth”) contributions up to the maximum amount allowed by the Internal Revenue Service (“IRS”) or the Plan Document. Participants may also rollover account balances of previous employer sponsored qualified retirement plans.

All new employees are automatically enrolled in the Plan 30 days after they first become eligible with an automatic participant contribution percentage of 4% of eligible compensation. In addition, for auto-enrolled participants, the contribution percentage will be automatically increased by 1% on or around each January 1 until it reaches 10%. Enrolled participants may change their contribution rates at any time, including selecting not to contribute to the Plan.

A participant may make “catch-up” contributions if the maximum annual amount of regular contributions is made and the participant is age 50 or older. The maximum allowable catch-up contribution limit for the years ended December 31, 2022 and 2021 is \$6,500. Catch-up contributions are not eligible for the employer’s matching contributions. Tax law requires that a participant's catch-up contributions be reclassified as regular contributions if the participant elects catch-up contributions and fails to make the maximum allowable regular 401(k) contribution.

(c) Employee Stock Ownership Plan (“ESOP”) Diversification - Transfers to the Plan

Effective January 1, 2012, participants in the ESOP, a separate plan sponsored by the Bank, who have both attained age 55 and completed ten years of participation in the Plan, will have an annual option to diversify their holdings.

For each of the first five ESOP Plan years in the qualified participant election period of six years, the participant may elect to diversify an amount which does not exceed 25% of the number of shares allocated to their ESOP account since the inception of the ESOP, less all shares with respect to which an election under this provision has already been made. For the last year of the qualified election period, the participant may elect to diversify up to 50 percent of the value of their ESOP account, less all shares with respect to which an election under this provision has already been made. Once diversification is elected, the funds will be transferred from the ESOP to the Plan.

In 2022 and 2021, approximately \$532,000 and \$186,000 was transferred into the Plan, respectively, in connection with ESOP diversification.

(d) Employer Contributions

PROVIDENT BANK 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

In 2022 and 2021, employer matching contributions were made by the Bank in an amount equal to 25% of the first 6% of a participant's eligible contributions. The Bank's board of directors sets the matching contribution rate at its sole discretion. Employer contributions effective during the Plan year but not paid until after the Plan year ended are accrued and recorded as employer contributions receivable on the statements of net assets available for benefits. As of December 31, 2022 and 2021, the Plan recorded employer contributions receivable of \$36,127 and \$29,746, respectively.

(e) *Vesting*

Participants are always fully vested in their contributions, employer matching contributions, and income or losses thereon.

(f) *Notes Receivable from Participants*

Upon written application by a participant, the Plan administrator may direct that a loan be made from the participant's account. The minimum permissible loan is \$2,000. The maximum permissible loan available is limited to the lesser of: (i) \$50,000 with certain reductions or (ii) 50% of the participant's account balance. Any loan made must generally be repaid within a period, not to exceed the earlier of termination of employment or five years. The term of the loan may exceed five years for the purchase of a primary residence. Loans bear a rate of interest that remains in effect for the duration of the loan equal to the prime rate (as published in the Wall Street Journal) as of the date of the loan application, plus 1%. As of December 31, 2022 the interest rates ranged from 4.25% to 8.50% and as of December 31, 2021, the interest rates ranged from 4.25% to 7.50%.

Principal and interest is paid ratably through bi-weekly payroll deductions or directly by the participant to the Plan custodian.

(g) *Benefit Payments/Withdrawals*

Upon retirement or termination of employment, participants may, under certain conditions, elect to receive vested amounts in: (i) a cash lump sum, or (ii) equal monthly, quarterly, semi-annual or annual installments over a period not to exceed the life expectancy of the participant or the combined life expectancy of the participant and his or her designated beneficiary. During employment, participants may make cash withdrawals of post-tax participant contributions and related vested employer matching contributions and earnings thereon once per year without penalty. Hardship withdrawals of pre-tax participant contributions are also permitted once per year, but may include a penalty.

Participants may elect to have allocated cash dividends declared on the employer common stock and received by the Trustee distributed in cash or elect to reinvest the dividends. For the years ended December 31, 2022 and 2021, cash dividends of \$12,540 and \$12,119, respectively were paid to Plan participants and are reflected as benefits paid to participants on the statements of changes in net assets available for benefits.

(h) *Participants' Accounts*

Separate accounts for each participant are maintained and credited with the participant's contributions, employer matching contributions, and the participant's proportionate share, as defined, of Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from his or her account.

PROVIDENT BANK 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(i) *Plan Changes*

Effective January 1, 2023, the Plan was amended to allow for a discretionary employer profit-sharing contribution to eligible participants. Any profit-sharing contribution will be allocated among eligible participant accounts in the ratio that the eligible participant's compensation bears to the total compensation paid to eligible participants in the Plan year. To be an eligible participant for a profit-sharing contribution, an employee must be age 21, credited with at least 1,000 hours of service, hired on or after January 1, 2023, and not be eligible to participate in the ESOP. An eligible participant must also be an active employee as of the last day of the plan year. Eligible participants will be credited with a year of vesting service if they are credited with at least 1,000 hours of service in a Plan year and their profit-sharing contribution accounts will vest with the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
At least 2 years	50%
At least 3 years	100%

Effective January 1, 2021, the Plan was amended so former employees of SB One Bank, which was acquired effective July 31, 2020, who became Bank employees and employees of the SB One Insurance Agency subsidiary would be eligible to participate in the Plan. The Plan was further amended to remove the once a year limitation on in-service withdrawals, to immediately fully vest former SB One Bank 401(k) Plan participants in their accounts and to continue the servicing of loans acquired from the SB One Bank 401(k) Plan.

Effective January 1, 2021, the payment of contract administrator fees changed and each participant account with assets now pays a monthly fee of \$5.34 to the Plan to be paid to the Record Keeper, Principal Life Insurance Company ("Principal").

(j) *Funds and Accounts Managed by Principal Trust Company*

Under the terms of a trust agreement between the Principal Trust Company (the "Custodian") and the Bank, the Custodian manages funds on behalf of the Plan. The Custodian held the Plan's investment assets and executed transactions relating to such assets.

(2) **Summary of Significant Accounting Policies**

(a) *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

(b) *Use of Estimates*

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(c) *Risks and Uncertainties*

The Plan invests in various investment instruments, including mutual funds, collective investment trusts, guaranteed investment contract, and the Provident Financial Services, Inc., common stock. Investment securities in general are exposed to various risks, such as interest rate, credit, and market risk. Due to the level of risk associated with certain investments, it is reasonably possible

PROVIDENT BANK 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the financial statements.

The Plan does not invest directly in securities with contractual cash flows such as assets backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. However, some investment options within the Plan have underlying investments that may have exposure to some of these securities, depending on their investment strategies.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across various participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of the common stock fund of the parent company of the Bank.

The Plan provides for investment in the common stock of Provident Financial Services, Inc. (the "Company"), the parent company of the Bank. At December 31, 2022 and 2021, approximately 10% and 9% of the Plan's net assets were invested in the common stock of the Company, respectively. The underlying values of the Company common stock are entirely dependent upon the financial performance of the Company, and the market's evaluation of such performance.

(d) *Notes Receivable from Participants*

Participant loans are classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest.

(e) *Investment Securities*

Investment securities, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the amount at which an asset may be purchased or sold in an orderly transaction between market participants. Purchases and sales of securities are recorded on the trade date.

For fully benefit-responsive investment contracts of a defined contribution plan, contract value is the relevant measurement attributable to that portion of the net assets available for benefits, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

(f) *Income Recognition*

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net (depreciation) appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(g) *Benefits Paid to Participants*

Benefits are recorded when paid.

(h) *Impact of Recent Accounting Pronouncements*

The Plan assessed recent accounting pronouncements, noting none that would impact the financial statements or notes to the financial statements.

PROVIDENT BANK 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(3) Plan Expenses

Certain costs of administrative services rendered on behalf of the Plan including accounting, tax, legal, audit and other administrative support were borne by the Bank. The payment of contract administrator fees charged to each participant account with assets is equal to \$5.34 per month paid to Principal. For newly eligible participants, the Bank pays the monthly contract administrator fee to Principal for their initial year of participation. A portion of investment management fees of certain funds offered by the Plan are paid by Principal in a revenue share arrangement. Participants invested in those funds receive a monthly fee rebate for revenue sharing.

(4) Revenue Credits

Revenue credits are presented in Net (depreciation)/appreciation in fair value of investments in the statements of changes in net assets available for benefits.

(5) Plan Merger

Effective January 1, 2021, the Company merged the SB One Bank 401(k) Plan into the Plan following the completion of the merger of the Company and SB One Bank. Assets of approximately \$16.0 million were liquidated on January 13, 2021 and loans of approximately \$443,000 were transferred to the Plan effective January 29, 2021. Legacy SB One employees were eligible to participate if 21 years old and an active employee at the merger date. Accounts were created in the Plan with participant's SB One Bank 401(k) Plan contribution percentage prior to merger. If a Legacy SB One participant was contributing 0%, they were enrolled at a 4% contribution rate in line with the Plan opt-out provision. Legacy SB One participants were notified that they could update their contribution percentages and make investment elections up to December 29, 2020. Legacy SB One participants were notified that transferred funds and future contributions would be directed to a T. Rowe Price Target Date Fund, the Plan's Qualified Default Investment Alternative, based on their age and anticipated date of retirement if no investment direction was received.

(6) Plan Termination

Although it has not expressed an intent to do so, the Bank has the right to terminate the Plan subject to the provisions of ERISA.

(7) Federal Income Taxes

On November 4, 2016, the Plan received a favorable Determination Letter from the IRS, which stated that the Plan and its underlying trust qualify under the applicable provisions of the Code and therefore are exempt from federal income taxes. The Plan has been amended since the issuance of the IRS determination letter in accordance with the IRS requirements. In the opinion of the Plan administrator, the Plan and its underlying trust have operated within the terms of the Plan document and remain qualified under the applicable provisions of the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Investment Securities at Fair Value

Investment securities recorded at fair value at December 31, 2022 and 2021 consisted of mutual funds, collective investment trusts, and common stock issued by Provident Financial Services, Inc.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under U.S. GAAP are as follows:

Level 1: Unadjusted quoted market prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability; and

Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

A financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

There have been no changes in valuation methodologies used at December 31, 2022 and 2021 and there were no transfers between levels for the years ended December 31, 2022 and 2021. The valuation methodologies used for assets measured at fair value are as follows:

Collective Investment Trusts: Measured using quoted prices in markets that are not active, and valued by the net asset value ("NAV") of the units, based on the fair value of the underlying holdings.

Mutual funds: Mutual Funds are measured based on exchange quoted prices available in active markets.

Provident Financial Services Inc. common stock: Valued at the closing price reported on the active market on which the individual securities are traded (New York Stock Exchange).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan's fair value hierarchy for those investments measured at fair value as of December 31, 2022 and 2021:

The Plan's investments in mutual funds and collective investment trusts are valued and redeemable daily. There are no restrictions on redemptions except if certain funds are held in participant accounts for less than specified periods, the account may be charged a redemption fee on the amount redeemed.

(8) Principal Fixed Income Option

The Plan invests in the Principal Fixed Income Guarantee Option (the "Contract"), a benefit-responsive group annuity contract issued by the Principal Life Insurance Company. The Contract is not a portfolio of contracts with yields based on changes in the fair value of underlying assets, but is rather a single group annuity contract with a fixed rate of interest. As a result, the average yield earned by the Plan is the yield earned, or the interest credited, on the group annuity contract. The underlying assets consist primarily of treasuries, commercial real estate mortgages, mortgage-backed securities and short-term cash equivalents.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The interest crediting rate is determined on a semiannual basis and is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and redemptions by unit holders. An employer-level surrender of the Plan's interest in the Principal Fixed Income Guarantee Option or employer-initiated transfer will be subject to either a 12-month irrevocable advance notice or a 5% surrender charge, whichever the employer chooses.

Although the existence of certain conditions or transactions outside the normal operations of the Contract could limit the Plan's ability to transact at contract value, management has determined that as of December 31, 2022 these conditions or transactions are not considered probable.

(9) Related-Party and Party-in-Interest Transactions

Certain Plan investments are investment contracts or shares of fixed income and pooled separate accounts managed or issued by Principal or its affiliates. Investment fees were paid by the funds to Principal and are reflected in the change in fair value of the funds. Principal is also the trustee and record keeper as

defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Contract administrator fees that were paid from Plan assets were \$128,382 and \$135,691, for the years ended December 31, 2022 and 2021, respectively.

As of December 31, 2022 and 2021, the Plan held 676,295 shares and 640,019 shares, respectively, of common stock of Provident Financial Services, Inc., with a cost basis of \$13,463,830 and \$12,419,051, respectively. During the years ended December 31, 2022 and 2021, the Plan recorded dividend income of \$630,582 and \$601,287, respectively, and sales of shares by the Plan totaled \$2,264,851 and \$1,945,903, respectively.

10) Business Events

On September 26, 2022, Lakeland Bancorp, Inc. (“Lakeland”) and Provident Financial Services, Inc. (“Provident”) announced an agreement to a merge, including the merger of their subsidiary banks, Lakeland Bank with and into Provident Bank. Both Lakeland and Provident have received stockholder approval to proceed with the merger. The completion of the merger remains subject to receipt of the requisite bank regulatory approvals and other customary closing conditions.

11) Delinquent Participant Contributions

In 2022, management identified a late remittance of \$1,142 related to the 2021 plan year. This amount, along with associated earnings/losses, was remitted to the plan in 2022.

(12) Subsequent Events

In connection with the preparation of the financial statements, the Plan administrator has evaluated subsequent events after December 31, 2022 through June 29, 2023, the date the financial statements were issued, and concluded that no additional disclosures were required.
