Generac Power Systems, Inc. Employees 401(k) Savings Plan

Financial Statements and Supplemental Schedule

Year Ended December 31, 2022

Independent Auditor's Report

To the Plan Administrator
Generac Power Systems, Inc. Employees 401k Savings Plan
Waukesha, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Generac Power Systems, Inc. Employees 401k Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Generac Power Systems, Inc. Employees 401k Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Generac Power Systems, Inc. Employees 401k Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

General

The Plan is a defined-contribution plan sponsored by Generac Power Systems, Inc. and participating employers (the "Company" or "Sponsor"). State Street Bank and Trust Company (State Street) and Transamerica Life Insurance Company (TLIC) are the custodians of the Plan.

Eligibility and Participation

All full-time employees of the Company are eligible to participate on the first day of the month following the date the employee completes 28 days of service. Employees classified as part-time are eligible to participate on January 1st or July 1st after completing 12 months of consecutive service, starting with the employee's hire date, with over 1,000 hours. Eligibility requirements are the same for the discretionary matching contribution.

Participants are eligible to receive a discretionary Company non-elective contribution if they satisfied the eligibility requirements based on years of service as of December 31, 2008, and are employed by the Company on the last payroll date of the Plan year.

Contributions

Each year participants may contribute a portion of their compensation, as defined by the Plan, not to exceed the limits of the Internal Revenue Code (IRC), or the Plan, as defined. Eligible employees that do not make a deferral election are automatically enrolled to contribute 3% of compensation, which is automatically increased by 1% every January 1st, up to 6%, unless they elect not to participate in the plan. Participants may also contribute distributions from other qualified plans (rollovers).

In 2022, the Company made a discretionary matching contribution equal to 50% of a participant's contributions to the Plan, up to 6% of compensation, as defined.

On a discretionary basis, the Company may make non-elective contributions that are allocated to eligible participants based on the number of years of service a participant completed as of December 31, 2008. For the year ended December 31, 2022, the Company made a non-elective contribution of \$711,110, which was fully funded by forfeitures.

Funding

The Sponsor remits participant elective contributions and Company matching contributions to the Plan as soon as practical after amounts are withheld from participants' wages. Company non-elective contributions, if any, are remitted to the Plan annually, generally in the first quarter of the following year.

Generac Power Systems, Inc. Employees 401k Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching and non-elective contributions, and allocations of Plan net earnings (losses) thereon. Allocations are based on participant earnings (losses) or account balances, as defined in the Plan. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The balance to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions, plus actual earnings (losses) thereon.

Vesting in the Company matching and non-elective contributions, plus actual earnings (losses) thereon, is based on years of service and vest according to the following schedule.

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 3 years	0 %
<u>3 years</u>	<u>100 %</u>

Participants who entered the Plan as a result of a Plan merger may have alternative vesting schedules.

Forfeitures

Forfeitures are portions of participant account balances that are surrendered by terminating participants prior to becoming fully vested. Forfeitures are used to offset Plan expenses or reduce Company matching or non-elective contributions. At December 31, 2022 and 2021, unallocated forfeitures were \$1,518,374 and \$1,049,169, respectively. During 2022, \$826,766 of forfeitures were used to reduce Company matching and non-elective contributions and \$147,524 of forfeitures were used to pay plan expenses.

Investment Options

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA, and therefore, provides that participants may choose to direct their contributions and/or all or part of their account balances among the Plan's investment alternatives. All investments are participant directed.

Generac Power Systems, Inc. Employees 401k Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account balance the lesser of \$50,000 or one-half of the participant's vested account balance, with a minimum of \$1,000. Notes to participants are treated as a separate investment of the participant and all principal and interest payments on note balances are credited to the participant account from which the note was made. Notes are secured by the balance in the participant's account and bear interest at December 31, 2022, ranging from 3.25% to 7.50%. Principal and interest are paid through payroll deductions.

Payment of Benefits

Benefits are paid to the participant or beneficiary upon death, disability, retirement, or termination. Benefit payments are made in the form of a lump-sum. Under certain circumstances, participants may qualify for hardship withdrawals. If a terminated participant's vested account balance does not exceed \$5,000, the Plan will distribute the benefit in a lump-sum as soon as administratively practical.

Account balances between \$1,000 and \$5,000 are rolled over into an IRA account in the participant's name if they have not provided direction for distribution. Vested account balances exceeding \$5,000 are paid at the participant's discretion, or can be left in the Plan until such time the participant reaches age 70½.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts (FBRICS). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Generac Power Systems, Inc. Employees 401k Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

FBRICs are reported at contract value, which is the amounts participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan and are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. Certain administrative expenses directly attributable to a participant's transaction are deducted from that participant's account. Investment related expenses are included in net depreciation in fair value of investments. All other administrative expenses are paid by the Company and are excluded from these financial statements.

Subsequent Events

Subsequent events have been evaluated through August 8, 2023, which is the date the financial statements were available to be issued.

On January 1, 2023, Electronic Environments Corp. 401(k) Salary Reduction Plan, Tank Utility, Inc 401k P/S Plan, and BPAC, Inc 401(k) Plan were merged into the plan. Participants of the merged plans are eligible to participate in the plan as of January 1, 2023.

Note 3: Fair Value Measurements

GAAP specifies a three-tier fair value hierarchy, which prioritizes the inputs used in estimating fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

Generac Power Systems, Inc. Employees 401k Savings Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at:

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 214,642,698	\$ -	\$ -	\$ 214,642,698

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 242,058,194	\$ -	\$ -	\$ 242,058,194

Note 4: Guaranteed Investment Account

The Plan maintains a fully benefit responsive investment in a guaranteed investment account with TLIC. TLIC maintains the contributions in a general account. The account is credited with earnings on investments and charged for participant withdrawals and administration expenses. The fund is stated at contract value, which approximates fair value. As such, no adjustment from fair value to contract value is presented on the Statements of Net Assets Available for Benefits for the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, however, there is no guarantee of a certain interest rate. The interest rate for 2022 was 2.35%. Such interest rate are reviewed for resetting.

Generac Power Systems, Inc. Employees 401k Savings Plan

Notes to Financial Statements

Note 5: Information Prepared and Certified by the Custodians

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, interest and dividends, and net depreciation in fair value of investments for the year ended December 31, 2022, was obtained or derived from information certified as complete and accurate by State Street and TLIC.

Note 6: Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 7: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 8: Party-In-Interest Transactions

The Plan holds investments which are managed by an affiliate of State Street. As noted in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various services providers. These transactions and notes receivable from participants qualify as party-in-interest transactions. These transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.
